This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. We have not performed an audit and accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. (a) The company has not translated following monetary items denominated in foreign currency as at the quarter ended closing rate and has been carried forward at the rate as at 31st March 2015, 31st March 2016, and / or 31st March 2017, which is not in accordance with Ind-AS -21 "The Effect of changes in Foreign Exchange Rates" and accounting policy followed by the Company.

Accordingly, exchange gain for the quarter ended September 30, 2022 is understated by Rs. 1635.49 lacs and exchange gain for the half year ended September 30, 2022 is understated by Rs. 3820.52 Lacs.

(b) The Company has defaulted in repayment of loans taken from the banks due to which the banks have recalled their loans and have initiated legal actions. The management has decided not to provide interest on such loans and consequently based on the calculation done by the management total interest amounting to Rs. 19617.53 Lacs determined at estimated rates, has not been provided for in the books of accounts including interest amounting to Rs. 688.31 Lacs and Rs. 1369.14 Lacs pertaining to the quarter and half year ended September 30, 2022. (d) Due to uncertainties with respect to settlement of bank dues and interest, adjustments of trade receivables and payables and its consequential impact on taxation thereof, we are unable to ascertain the tax impact and liability, on the financial results.

(e) We draw attention to Note No. 2 and 3(b) of financial results regarding default in repayment of loans and interest to banks (including ARC) owing to which the banks has classified the account as NPA and recalled its loans and has initiated various legal actions for recovery of its dues including legal action initiated under SARFESI Act, The Recovery of Debts due to Banks and Financial Institution Act, 1993 and Insolvency and Bankruptcy Code, 2016, which are still pending for hearing. (g) No provision for the expected credit loss/ impairment on loan to a subsidiary amounting to Rs. 1249.95 Lacs has been recognized as per the requirement of Ind- AS 109 "Financial Instruments". The net worth of above subsidiary is negative and based on reasonable and supportable information regarding the current financial status and business condition there has been significant increase in credit risk and there could be delay/default in recovery of this amount. Considering the above, we are unable to comment on the amount of expected credit loss/ impairment and its consequential impact, on the financial results.

(j) Balances with Banks amounting to Rs. 4.82 lacs (debit balances), Trade Payables and Other Current Assets and Liabilities are subject to confirmations and consequential adjustment thereof.

5. Material Uncertainty related to going concern

The Company's operating results have been materially affected due to various factors including non-realization of Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon to company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, pending proceeding with National Company Law Tribunal, Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, non-realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the company to continue as a going concern. The appropriateness of the going concern assumption is dependent on the company's ability to raise adequate finance from alternative means, settlement of its due from banks and ARC and recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to establish consistent business operation. The above situation indicates that material uncertainty exist that cast significant doubt on company's ability to continue as a going concern.

Based on our review, with a exception of the matters described in para 4(d) to (j) above, where we have not been able to determine the possible effect on the financial results and financial impact of the matters described in para 4 (a) to (c) above and considering the facts stated in para 5 regarding material uncertainty relating to Going Concern, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited standalone financial results prepared in accordance with applicable accounting standards i.e. Ind-AS prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement.

Statement of Unaudited Standalone Financial Results for the Quarter and Half Year ended Sept 30, 2022 prepared in compliance with the Indian Accounting Standard (Ind-AS)

- 2 The auditors in their report on financial statement for the year ended March 31, 2022 have given disclaimer of opinion on the basis of observations that the Company's operating results have been materially affected due to various factors including non-realization of trade receivables, non-availability of finance due to recall of loans by banks in consortium, legal action initiated by banks against company for recovery of its dues including initiating corporate insolvency resolution process with NCLT under Insolvency and Bankruptcy Code and for attachment of company's properties, assignment and transfer of dues of four banks in favor of an asset reconstruction company, pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest to banks, non realization of interest on loans to subsidiary, non-confirmation of various balances etc, which cast doubts on the ability of the Company to continue as going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The management is hopeful that these trade receivables shall be recovered as the company has initiated legal action by way of sending legal notices and filing court cases. The company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management is taking all possible steps to revive the business operations. The Company has approached consortium bankers and ARC for settlement of loan dues and assumes that Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Company are prepared on going concern basis.
- 3 (a) Trade Receivables, Trade payables/other payables and Loans (including accrued interest) given to a subsidiary denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. These Trade Receivables and Loans (including accrued interest) have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables and loan to subsidiary. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The company shall account for the actual exchange differences and its consequential tax impact at the time of realization of these trade receivables, Loans and advances and at the time of payment to trade creditors/ other payables.
- (b) As the promoters of the Company have approached consortium banks and ARC for settlement of entire dues, envisaging part-payment of principal amount against working capital loan dues, the Board in earlier year have decided not to provide Interest on working capital borrowings availed by the Company. Accordingly, no interest liability has been provided for the financial year ended March 31, 2017, March 31, 2018, March 31, 2019, March 31, 2020, March 31, 2021, March 31, 2022 and September 30, 2022. Further, no confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 17,695.78 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1405.61 lacs and various banks having debit balance of Rs. 4.82 Lacs at the year ended September 30, 2022. These balances are subject to reconciliation and subsequent adjustments. However, the management to the best of its knowledge and belief have recorded all the transactions.
- (c) The Company has made provision for expected credited loss in previous year and current year of Rs. 780.28 lacs against the interest receivable on loan from subsidiary and had recognized loss of Rs. 49.00 lacs on current investment designated through FVTPL on which no deferred tax assets thereon amounting to Rs. 208.71 lacs has been recognized.
- (d) Had the exchange gains/(loss) and interest as referred above have been accounted for, loss before tax for the quarter and half year ended would have been decreased by Rs. 947.18 Lacs and Rs. 2433.38 lacs respectively.
- 4 The auditors have made observation regarding non recognition of expected credit loss on trade receivables and loan given to subsidiary. The management is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained. With regard to loan due from subsidiary, the same is in the nature of long term loan for set up of business of the subsidiary and is part of net investment in the subsidiary. The operation of the subsidiary shall soon be revived and these loans will be recovered in future.
- However, the company is providing interest on its loan to subsidiary and simultaneously is also providing for expected credited loss against such interest accrued. Till date provision for expected credit loss amounting to Rs. 780.28 lacs has been made against the accrued interest on the loan to subsidiary.

Statement of unaudited Consolidated Financial Results for the Quarter and Half Year ended Sept 30, 2022 prepared in compliance with the Indian Accounting Standard (Ind-AS)

- 2 The auditors in their report on financial statement for the year ended March 31, 2022 have given disclaimer of opinion on the basis of observations that the Holding Company's operating results have been materially affected due to various factors including non-realization of trade receivables, non-availability of finance due to recall of loans by banks in consortium, legal action initiated by banks against company for recovery of its dues including initiating corporate insolvency resolution process with NCLT under Insolvency and Bankruptcy Code and for attachment of holding company's properties, assignment and transfer of dues of three banks in favor of an asset reconstruction company, pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest to banks, confirmation of various balances etc, which cast doubts on the ability of the Holding Company to continue as going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The holding company management is hopeful that these trade receivables shall be recovered as the holding company has initiated legal action by way of sending legal notices and filing court cases. The holding company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management of holding company is taking all possible steps to revive the business operations. The Holding Company has approached consortium bankers and ARC for settlement of loan dues and assumes that Holding Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, Holding company management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Holding Company are prepared on going concern basis.
- 3 (a) Trade Receivables, Trade payables/other payables denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. These Trade Receivables have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The Holding company shall account for the actual exchange difference and their consequential tax impact at the time of realization of these trade receivables and at the time of payment to trade creditors/ other payables.
- (b) As the promoters of the Holding Company have approached consortium banks and ARC for settlement of entire dues, envisaging part-payment of principal amount against working capital loan dues, the Board in earlier year have decided not to provide Interest on working capital borrowings availed by the Holding Company. Accordingly, no interest liability has been provided for the financial year ended March 31, 2017, March 31, 2018, March 31, 2019, March 31, 2020, March 31, 2021, March 31, 2022 and September 30, 2022. Further, no confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 17,695.78 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1405.61 lacs and various banks having debit balance of Rs. 4.82 Lacs at the year ended September 30, 2022. These balances are subject to reconciliation and subsequent adjustments. However, the holding company management to the best of its knowledge and belief have recorded all the transactions.
- (c) The Holding Company has recognized loss of Rs. 49.00 lakhs on current investment designated through FVTPL on which no deferred tax assets amounting to Rs. 12.33 lacs has been recognized.
- (d) Had the exchange gains and interest as stated above been accounted for, loss before tax for the quarter and half year ended would have been decreased by Rs. 873.62 Lacs and Rs. 2262.36 lacs respectively.
- 4 The auditors have made observation regarding non recognition of expected credit loss on trade receivables. The management of holding company is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained.
- 5 The Holding Company has given Rs. 1405.61 lacs to Alchemist Asset Reconstruction Company Ltd (ARC) as adhoc advance payment/ security Deposit to show its intent of settlement of its dues with four lender banks assigned to ARC. The terms and conditions of the settlement are yet to be finalised.
