Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Standalone Financial Results of the Company Pursuant to the Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report to The Board of Directors JSW Steel Limited

- 1. We have reviewed the accompanying statement of unaudited standalone financial results of JSW Steel Limited (the "Company") for the quarter ended September 30, 2022 and year to date from April 1, 2022 to September 30, 2022 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
- 2. The Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 and 52 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
  - 4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Consolidated Financial Results of the Company Pursuant to the Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report to The Board of Directors JSW Steel Limited

- We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results of JSW Steel Limited (the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associate and joint ventures for the quarter ended September 30, 2022 and year to date from April 1, 2022 to September 30, 2022 (the "Statement") attached herewith, being submitted by the Holding Company pursuant to the requirements of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
- 2. The Holding Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 and 52 of the Listing Regulations. The Statement has been approved by the Holding Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

- 4. The Statement includes the results of the entities mentioned in Annexure I.
- 5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 6 and 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
- 6. The accompanying Statement includes unaudited interim financial results and other unaudited financial information in respect of:
  - 5 subsidiaries, whose unaudited interim financial results and other unaudited financial information include total assets of Rs 33,685 crores as at September 30, 2022, total revenues of Rs 5,504 crores and Rs 11,045 crores, total net loss after tax of Rs 369 crores and Rs 124 crores, total comprehensive loss of Rs 342 crores and Rs 77 crores for the quarter ended September 30, 2022 and the period ended on that date respectively, and net cash inflows of Rs 13 crores for the period April 01, 2022 to September 30, 2022, as considered in the Statement, which have been reviewed by their respective independent auditors.

The independent auditor's reports on unaudited interim financial results and other unaudited financial information of these entities have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures in respect of these subsidiaries and joint ventures, is based solely on the report of such auditors and procedures performed by us as stated in paragraph 3 above.

- 7. Certain of these subsidiaries are located outside India whose financial results and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's Management has converted the financial results of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have reviewed these conversion adjustments made by the Holding Company's Management. Our conclusion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the Management of the Holding Company and reviewed by us.
- 8. The accompanying Statement includes unaudited interim financial results and other unaudited financial information in respect of:

## Financial Performance for Second Quarter FY 2022-23

Mumbai, India: JSW Steel Limited ("JSW Steel" or the "Company") today reported its financial results for the Second Quarter ended 30<sup>th</sup> September 2022 ("Q2 FY23" or the "Quarter").

### **Key Highlights for Q2 FY23**

#### Standalone Performance:

Crude Steel Production: 4.95million tonnes

Saleable Steel Sales: 5.01 million tonnes

Revenue from Operations: ₹32,494 crores

Operating EBITDA: ₹1,742 crores

Net loss after Tax: ₹91 crores

#### **Consolidated Performance:**

Crude Steel Production: 5.66 million tonnes

Saleable Steel Sales: 5.74 million tonnes

Operating EBITDA: ₹1,752 crores

Net Loss after Tax: ₹915 crores

Net Debt to Equity: 1.04x and Net Debt to EBITDA: 2.70x

Following the strong post-Covid recovery, global economic growth has been slowing in 2022, driven by elevated inflation leading to tightening monetary policy actions by central banks globally. Geopolitical tensions and the Russia-Ukraine conflict have led to elevated energy prices as well as shortages. Aggressive tightening by the US Federal Reserve is causing sharp depreciation of other currencies and creating financial market volatility and macro imbalances. Growth forecasts have been downgraded, and there is a rising risks of recession in Developed Markets.

In India, though inflation has been above the RBI's threshold levels, the economy has been growing steadily, and is expected to be the fastest growing major economy in 2022 and 2023. The government's infrastructure push, improvement in capacity utilizations, a broad-based revival in credit growth, strong corporate and bank balance sheets, and upbeat consumer and business confidence are all factors contributing to steady growth. However, slowing global growth and macro imbalances are a significant headwind.

The domestic steel industry witnessed demand growth with consumption at 27.93 Million tonnes in Q2 FY23, up by 13.0% YoY and 1.6% QoQ, supported by a strong automotive sector and demand from the infrastructure sector. However, the imposition of export duty on finished steel products in May 2022 had made exports

21<sup>nd</sup> Oct 2022

unattractive, with Q2 FY23 exports (excluding semis) from India at 1.41 million tonnes, lower by 66.4% YoY and 35.6% QoQ.

During the Quarter, the combined crude steel production of JSW Steel was 5.68 Million tonnes, sequentially lower by 3%, attributable mainly to extended maintenance shutdowns at JISPL, and subdued market conditions in USA. The 5mtpa Dolvi Phase-II expansion continued to ramp up and achieved average capacity utilization of  $\sim$  80% vs. 60% in Q1 FY23.

The Company's performance during the quarter was significantly impacted by a sharp fall in steel prices, while benefit of lower raw material prices will flow through with a lag. One-off items such as NRV (net realizable value) provisions and inventory losses, mark-to-market unrealized loss on outstanding foreign currency loans and payment of export duty on exports further impacted the operating performance. Despite a challenging global economic scenario, we expect healthy steel demand growth in India during H2 FY23 which along with flow through of lower raw material prices should aid Company's performance in the coming quarters.

#### Standalone Performance Q2 FY23:

The details of standalone production and sales volumes for the quarter are as under

Particulars (Million tonnes)	Q2FY23	Q1FY23	%QoQ	Q2FY22	%YoY
Production: Crude Steel	4.95	5.00	-1%	4.10	21%
Sales:					
- Rolled: Flat	3.60	3.03	18%	2.61	37%
- Rolled: Long	1.18	0.87	35%	0.95	24%
- Semis	0.23	0.13	73%	0.22	5%
Total Saleable Steel Sales	5.01	4.03	24%	3.79	32%

Crude Steel Production was at 4.95 million tonnes, up 21% YoY, however marginally lower sequentially due to availability as well as logistics constraints in sourcing of iron ore.

Sales of saleable steel at the Standalone level were 5.01 million tonnes for the quarter, up 24% QoQ and 32% YoY, led by improved domestic demand mainly in the retail segment. Exports were at 7% of total sales during the quarter, with export volumes falling 38% QoQ, due to imposition of export duty in May 2022.

The Company registered Revenue from Operations of ₹32,494 crores, higher by 4.4% QoQ, mainly led by higher sales volumes, partly offset by reduction in average sales realization.

The Company registered Operating EBITDA at ₹1,742 crores for Q2 FY23, a reduction of 48% QoQ with an EBITDA margin of 5.4%. The EBITDA margin was lower primarily due to a 14% reduction in net sales realization, partly offset by a reduction in raw material prices, primarily coking coal & iron ore.

The Company reported Net Loss after Tax of ₹91 crores for the quarter.

21<sup>nd</sup> Oct 2022

#### Subsidiaries' Performance Q2 FY23:

#### JSW Steel Coated Products (Consolidated):

During the quarter, JSW Steel Coated Products, including its subsidiaries, registered a production volume (GI/GL + Tin) of 0.68 million tons and sales volume of 0.79 million tonnes. Revenue from Operations for the quarter stood at ₹6,723 crores, and an Operating EBITDA loss of ₹79 crores. Margins were impacted by lower realization and higher zinc prices. The subsidiary reported a Loss after Tax of ₹260 crores for the quarter.

#### Bhushan Power & Steel Ltd (BPSL):

During the quarter, BPSL registered Crude Steel Production of 0.63 million tonnes and Sales volume of 0.64 million tonnes. Revenue from Operations and Operating EBITDA loss for the quarter stood at ₹4,805 crores ₹183 crores, respectively. BPSL reported a Loss after Tax of ₹340 crores for the quarter. Performance during the quarter was severely affected by non-availability of iron ore and disruptions due to heavy rainfall in Odisha.

#### JSW Steel USA Ohio Inc.:

The EAF-based steel manufacturing facility in Ohio, USA, produced 48,691 net tonnes of HRC and 90,709 net tonnes of Slabs during the quarter. Sales volumes for the quarter stood at 52,862 net tonnes of HRC and 63,614 net tonnes of Slabs. Volumes were lower due to subdued demand for HRC in USA. It reported an Operating EBITDA loss of US \$40.25 million for the quarter, part of which is attributable to NRV losses.

#### US Plate and Pipe Mill:

The Plate & Pipe Mill based in Texas, USA produced 77,172 net tonnes of Plates and 4,969 net tonnes of Pipes, reporting a capacity utilization of 36% and 4%, respectively, during the quarter. Sales volumes for the quarter stood at 74,665 net tonnes of Plates and 4,576 net tonnes of Pipes. It reported an Operating EBITDA of US\$ 24.73 million.

#### JSW Steel (Italy) S.r.l. (Aferpi):

The Italy based Rolled long products manufacturing facility produced 75,907 tonnes and sold 65,604 tonnes during the quarter. It reported an Operating EBITDA of Euro 1.0 million for the quarter.

#### Consolidated Financial Performance Q2 FY23:

Saleable Steel sales for the quarter stood at 5.74 million tonnes, higher by 28% QoQ, driven by higher domestic sales.

The company registered Revenue from Operations of ₹41,778 crores and Operating EBITDA of ₹1,752 crores, with an EBITDA margin of 4.2%. The fall in EBITDA is attributable to a reduction in the steel spread, as the decline in sales realization was only partly compensated by the reduction in coal and domestic iron ore prices. The Loss after Tax for the quarter was ₹915 crores, after incorporating the financials of subsidiaries, joint ventures and associates.

#### Exceptional Items:

Exceptional items for the quarter and half year ended 30 September 2022 comprise of the following:

a) Income recognized amounting to Rs 256 crores in relation to compensation received / receivable in accordance with provisions of Coal Mines (Special Provisions) Act, 2015, against a subsidiary's claim

21<sup>nd</sup> Oct 2022

pertaining to expenditure incurred on deallocated coal mine vide Supreme Court order dated 24 September 2014.

b) Net gain amounting to Rs 335 crores pursuant to sale of entire 70% stake in Santa Fe Mining in Chile by a wholly owned subsidiary of the Company, primarily pertaining to Foreign Currency Translation Reserve balances recycled to statement of profit and loss and de-recognition of non-controlling interests carried in the consolidated financial results as on the date of disposal of subsidiary.

The Company's consolidated Net Gearing (Net Debt to Equity) stood at 1.04x at the end of the quarter (as against 0.98x at the end of Q1 FY23), and Net Debt to EBITDA stood at 2.70x (as against 2.03x at the end of Q1 FY23). #### **Outlook**

The global economic outlook has weakened as a result of the ongoing conflict in Ukraine, high energy costs, elevated inflation and the consequent monetary tightening in most countries. In its World Economic Outlook published in October, the IMF highlights multiple risks to global growth and has reduced the 2023 global GDP growth forecast to 2.7% (-0.2% vs July 2022), while keeping the 2022 forecast unchanged at 3.2%. Aggressive policy tightening by the US Fed is causing global imbalances with the strengthening of the US Dollar.

In the United States, while PMI data is still positive, manufacturing activity is slowing down while services remain resilient. Tight labour markets and healthy wage growth is supporting consumption but also pushing the Fed towards continued aggressive policy tightening. Rising interest rates have however impacted the residential real estate sector. Prolonged high inflation remains a risk to real disposable income which can hurt consumption.

The growth outlook for Europe has weakened significantly with further slowdown expected in upcoming winter months on the back of energy shortages, high inflation and policy tightening by the ECB. The outlook for industrial activity remains weak with manufacturing PMI falling below 50 in September.

China's continued Covid lockdowns, coupled with the strained property sector and weakening global demand have affected growth. Policy actions post the Party Congress meet could drive economic recovery. Relaxation of the Zero-Covid Strategy would also boost consumption and investments in the coming quarters.

Recession risks in advanced economies continue to remain elevated, especially in Europe, which is most impacted by high energy prices. At the same time, easing tensions in Ukraine, relief in Covid restrictions in China along with growth-oriented policy measures, and a fall in global inflation are potential upside risks.

India remains a bright spot amidst a challenging global economic backdrop, and is expected to be the fastest growing major economy in the world. India has one of the highest Manufacturing and Services PMI's among major economies. The government is focused on building infrastructure, supported by healthy tax collections, and growing domestic manufacturing. The residential real estate sector is seeing continued strength, with strong sales and new launches, amidst healthy affordability. The outlook for the auto sector remains encouraging, driven by strong demand and abating chip shortages. A global slowdown and monetary tightening by developed market central banks could be headwinds to growth.
