Independent Auditors' Review Report on Standalone Unaudited Financial Results for the **Ouarter ended June 30, 2021 of PTC India Limited**

The Board of Directors PTC India Limited

We have reviewed the accompanying Statement of Unaudited Standalone Financial Results and Notes to the Statement of Standalone Unaudited Financial Results of PTC India Limited ("the Company") for the Quarter ended June 30, 2021 (the 'Statement') attached herewith being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the 'Listing Regulation').

This Statement which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial reporting" (Ind AS 34), prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of Unaudited Standalone Financial Results read with notes thereon, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34 prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other recognized accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Regulation including the manner in which it is to be disclosed, or that it contains any material misstatement.

The subsidiary company i.e. PTC Energy limited (PEL) is engaged in generation of wind energy (renewable energy) and Ministry of New & Renewable Energy (MNRE) had clarified the Must Run Status to Renewable Energy Project.

The second wave of the Covid-19 pandemic has affected most parts of the Country and many states have imposed lockdown and associated restrictions. Based on current estimates, PEL expects that the carrying amount of its assets will not deteriorate, and will be recoverable in full. The longer term outcomes and impact of the Covid-19 pandemic on the PEL's business in subsequent periods is also dependent on overall economic conditions as they evolve. ii) Financing Business

The subsidiary company i.e. PTC India Financial Services Limited (PFS) is a NBFC company.

COVID-19, a global pandemic has affected the world economy including India leading to significant decline in economic activity and volatility in the financial markets. Government announced various relief packages to support all segment. During the quarter ended June 30, 2021, India experienced a "second wave" of COVID-19, including a significant surge of COVID-19 cases following the discovery of mutant coronavirus variants in the country. PFS does not foresee any significant concern in case of borrowers where projects have been commissioned/ completed and have must run status. However, it would be difficult to assess the impact on borrower's ability to service the debt where projects are under construction considering construction activities halted due to lockdown restriction. However respective Govt. Authorities have issued the circulars for allowing extension in SCOD. The overall growth of PFS business during the quarter has been impacted due to various factors including lockdown situation in country as activities related to clearances, land acquisition for new/under construction projects specifically in renewable and road sectors.

PFS has maintained sufficient liquidity in form of High Quality Liquid Assets (HQLA) and undrawn lines of credit to meet its financial obligation in near future.

In assessing the recoverability of loans and advances, PFS has considered internal and external sources of information (i.e. valuation report, one time settlement (OTS) proposal, asset value as per latest available financials with appropriate haircut as per ECL policy). Further, management overlay, wherever appropriate and approved by the Audit Committee, has been applied to reflect the current estimate of future recoverable values. PFS expects to recover the net carrying value of these assets, basis assessment of facts and ECL methodology which factors in future economic conditions as well. However, the eventual outcome of impact of COVID -19 may be different from those estimated as on the date of approval of these financial results and PFS will continue to monitor any material changes to the future economic conditions.
