Notes to the Un- audited Financial Results for the Quarter ended 30th June, 2022

- 1 The above standalone financial result were reviewed and recommended by the Audit Committee and approved by the Board of Directors at their meetings held on August 9, 2022.
- 2 As the company is having only one segment, there are no reportable segment in accordance with the requirement of Ind AS 108 "Operating Segment" specified under Section 133 of the Companies Act, 2013.
- The Company's AGM was held on 15th September, 2021, in which resolution had been passed to split equity share from Rs. 10 to Rs.1 each. Record date for the transaction was 28th October, 2021. Effect of the split of shares has been considered while calculating EPS.
- 4 At the behest of Hon'ble Gujarat High Court upon a suo-moto writ petition, Ahmedabad Municipal Corporation (AMC) has undertaken a drive to disconnect effluent discharge connection of all units discharging water effluent in the sewage lines of AMC. Accordingly, the treated effluent discharge connection of the Company was disconnected on 30/11/2021. In the city of Ahmedabad, more than 400 connections were snapped by AMC by December 2021.

As result of this, the manufacturing operations of the Company have come to a standstill. The matter was disclosed to the stock exchange on 13/12/2021 in terms of SEBI (LODR) Regulations, 2015. It would be relevant to note that the Company has the requisite approvals from the competent authorities to discharge industrial effluents after treating the same in its inhouse effluent treatment plant.

The Company had already filed a civil application in the matter against this disconnection and the Court order was received which was not in our favor. We are installing Zero Liquid Discharge (ZLD) plant to treat 100 % water effluent in our factory. The plant will probably start in 1st – 2nd week of September, 2022. The production of the factory will probably start in 2nd week of September, 2022. .

5 The comparative periods presented have been regrouped/reclassified in conformity with the current period classifications.
