Independent Auditor's Review Report on the Quarterly Unaudited Standalone and year to date Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

**Review Report to
Board of Directors
Tinna Rubber and Infrastructure Limited**

1. We have reviewed the accompanying statement of unaudited standalone Ind AS financial results of Tinna Rubber and Infrastructure Limited ('the Company') for the quarter ended December 31, 2021 and year to date from April 01, 2021 to December 31, 2021 (the "Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended ('the Listing Regulation').
2. The Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Director, has prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under section 133 of the Companies Act, 2013, as amended, read with relevant rules issued there under and other accounting principles generally accepted in India, Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial results are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of person responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion
4. (a) We draw attention to note no.2 of accompanying statement, in relation to accounting of financial guarantee provided by the company in respect of borrowings available by one of its associate and other group companies based in India and disclosure of the same as contingent liability as is more fully described therein.

(b) We draw attention to Note no. 4 of the accompanying Standalone Ind AS Financial Statements which describes the basis of fair value of the Parent Company's investment of Rs. 643.36 lakhs in M/s BGK Infratech Private Limited and Rs. 37.29 lakhs in M/s Puja Infratech LLP which are to be valued at fair value through other comprehensive income in accordance with IND AS 109 "Financial Instruments" as specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2015. The Valuation involves significant management judgments and estimates on the

valuation methodology and various assumptions used in determination of value in use/fair value by independent valuation experts as is more fully described in the aforesaid note. Based on the management policy, no change in fair value of the investee Company is considered necessary for the current quarter.

(c) The Company has an investment of 541.25 lakhs in TP Buildtech Private Limited, an associate Company, the net worth of which as at 31 December 2021 has substantially eroded. Considering this matter is fundamental to the understanding of the users of standalone financial statements, we draw attention to Note 5 of the financial statement, regarding the Company's non-current investment in associate company, TP Buildtech Private Limited. Based on disclosure in the said note, no provision for impairment has been considered necessary in the Financial Statement.

Our report is not modified in respect of above matters.

5. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards i.e. 'Ind AS' specified under Section 133 of the Companies Act, 2013, as amended, read with the relevant rules issued there under and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Notes to the Standalone Financial

- 1 The above financial results of Tinna Rubber And Infrastructure Limited ('the Company ') have been prepared in accordance with the Indian Accounting Standards (Ind AS)- 34 "Interim Financial Reporting" as prescribed under Section 133 of the Companies Act,2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules,2015 and the Companies (Indian Accounting Standards) Rules,2016.
- 2 The Company has given Corporate Guarantees to associate Company and other group Companies for credit facilities availed by them. The ability to repay the outstanding debt is primarily dependent on generation of cash flows from business operations. The Company's management believes that the associate Company and other group Companies have reasonable business forecast over the next few years and estimated that they will be able to refinance the outstanding debt, if required and meet the debt obligations as and when they fall due and hence they believe that the financial guarantee obligation of Rs. 5,180 Lakhs is not required to be recognized in the financial statements and it has been disclosed as contingent liability. The auditors have included an Emphasis of Matter paragraph on the same in their report on standalone financial results.
- 3 The Company's primary segment is reflected based on principal business activities carried on by the Company. As per Ind AS 108 "Operating Segments", as notified under the Companies (Indian Accounting Standards) Rules, 2015, the Company operates in one reportable business segment i.e. Crumb Rubber, Crumb Rubber Modifier, Modified Bitumen & Bitumen Emulsion and allied products and is primarily operating in India and hence, considered as a single geographical segment.
- 4 The Company has invested a sum of Rs. 643.36 lakhs in M/s BGK Infratech Limited and sum of Rs. 37.29 lakhs in M/s Puja Infratech LLP which is to be valued at fair value through other comprehensive income in accordance with IND AS 109"Financial Instruments" as specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2015. The Company had shown the fair value of entities for the year ended 31st March, 2019. Since the company is dependent upon external sources arranged by the Investee Company, the management has continued to use the fair value as at 31st March 2019 for the current financial year also. In view of the circumstances and complexities involved in fair valuation of the investee company, the management has adopted the policy of obtaining the fair value once in 3 years and has relied upon the certificate given by the management of the investee company that there are no material changes since the valuation last available of the investee company. The auditors have included an Emphasis of Matter paragraph on the same in their report on standalone financial results.
- 5 The Company, as at 31 Decemebr 2021, has a non-current investment amounting to Rs.541.25 lakhs (31 March 2021: 341.25 lakhs) in its associate Company TP Buildtech Private Limited. While TP Buildtech Private Limited has incurred losses and the net-worth as at 31 December 2021 has been substantially eroded, the net-worth of this associate does not represent its true market value as the value of the underlying investments/ assets, based on valuation report of an independent valuer, is higher. Therefore, based on certain estimates like future business plans, growth prospects as well as considering the contractual tenability, progress of negotiations/discussions/orders, the management believes that the realizable amount of the associate is higher than the carrying value of the non-current investments due to which these are considered as good and recoverable. The auditors have included an Emphasis of Matter paragraph on the same in their report on standalone financial results.
- 6 The Company had availed a term Loan from India Bulls Commercial Credit Limited (IBCCCL) at interest rate of 13% pa as per terms of sanction dated 30 July 2018. It was later increased to 13.30% and subsequently increased to 14.30%/15.30%/15.80%/16.50% unilaterally by the lender. The company has also filed for Arbitration against the increase in interest by the lender. The Company has mutually settled dispute of higher interest with India Bulls Commerical Credit Limited and the loan has been fully repaid and no due Certificate has been received. Additional interest of Rs. 74.83 lakhs has been booked during the quarter ended December 2021 as per the settlement. The loan has been taken over by State Bank of India at a lower rate of interest ie 9.65% pa. The Company is in the process of withdrawl of the Arbitration case filed in 2019.

Notes to the Consolidated Financial Statements

- 1 The above financial results are extracted from the audited Ind AS Consolidated Financial Statements of the Group, which are prepared in accordance with Indian Accounting Standard ("Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder. The said financial results represent results of the Company and its associate which have been prepared in accordance with Ind AS 110- 'Consolidated Financial Statements' and Ind AS 28- 'Investments in associates and joint ventures'.
- 2 The Parent Company has given Corporate Guarantees to associate Company and other group Companies for credit facilities availed by them. The ability to repay the outstanding debt is primarily dependent on generation of cash flows from business operations. The Company's management believes that the associate Company and other group Companies have reasonable business forecast over the next few years and estimated that they will be able to refinance the outstanding debt, if required and meet the debt obligations as and when they fall due and hence they believe that the financial guarantee obligation of Rs.5,180 Lakhs is not required to be recognized in the financial statements and it has been disclosed as contingent liability. The auditors have included an Emphasis of Matter paragraph on the same in their report on financial results.
- 3 Based on the guiding principles given in Ind AS-108 Operating Segments, prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder and other accounting principles generally accepted in India, the Group's primary business consists of "Crumb Rubber, Crumb Rubber Modifier, Modified Bitumen & Bitumen Emulsion and allied products". As the Group operates in one reportable business segment and is primarily operating in India and hence, considered as single geographical segment, the disclosure requirements of Ind AS 108 in this regard are not applicable.
- 4 The Parent Company has invested a sum of Rs. 643.36 lakhs in M/s BGK Infratech Limited and sum of Rs. 37.29 lakhs in M/s Puja Infratech LLP which is to be valued at fair value through other comprehensive income in accordance with IND AS 109 "Financial Instruments" as specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2015. The Company had shown the fair value of entities for the year ended 31st March, 2019. Since the company is dependent upon external sources arranged by the Investee Company, the management has continued to use the fair value as at 31st March 2019 for the current financial year also. In view of the circumstances and complexities involved in fair valuation of the investee company, the management has adopted the policy of obtaining the fair value once in 3 years and has relied upon the certificate given by the management of the investee company that there are no material changes since the valuation last available of the investee company. The auditors have included an Emphasis of Matter paragraph on the same in their report on standalone financial results.
- 5 The Parent Company had availed a term Loan from India Bulls Commercial Credit Limited (IBCCL) at interest rate of 13% pa as per terms of sanction dated 30 July 2018. It was later increased to 13.30% and subsequently increased to 14.30%/15.30%/15.80%/16.50% unilaterally by the lender.
