- 3. The consolidated financial results have been prepared as per the requirement of Ind AS, based on the financial results of the Company and its three subsidiary companies, namely Dish Infra Services Private Limited, Dish TV Lanka Private Limited and C&S Medianet Private Limited, together referred to as the "Group".
- 4. In line with the provisions of Ind AS 108 operating segments and basis the review of operations being done by the chief operating decision maker (CODM), the operations of the group fall under Direct to Home ('DTH') and teleport services, which is considered to be the only reportable segment by the CODM and hence no additional disclosures are being furnished.
- 5. Exceptional items for the year ended 31 March 2021 in the consolidated financial results include:
 - a). Impairment of goodwill: Rs. 57,897 lacs
 - b). Impairment of Trdemark/Brand: Rs. 20,084 lacs
- 6. During the previous year, the Group has set off taxable income against its brought forward losses. Further, pursuant to amendment by Finance Act 2021, under section 43(6)(c)(ii) of the Income-tax Act, 1961, deferred tax asset recorded on deductible temporary differences with regard to goodwill has been reversed, leading to impact of Rs. 41,530 Lacs and Rs. 66,642 Lacs on the standalone and consolidated tax expense, respectively for the previous year ended 31 March 2021.
- 7. In relation to the dispute with respect to computation and payment of DTH License Fees between the Company and Ministry of Information and Broadcasting ("MIB"), a Writ petition of the Company is pending before the Hon'ble High Court of Jammu and Kashmir where inter alia the quantum/ applicability of License Fee and imposition of interest has been challenged by the Company. The Hon'ble High Court of Jammu and Kashmir had also allowed the interim prayer of the Company vide order dated 13 October 2015 which continues to be in force as the Writ is pending. Similar Writs are also pending before the Hon'ble Supreme Court of India. The Company continues to be legally advised that the Company's stand has merits. Using the principle of prudence in accounting standards, the Company, in prior years, made a provision of Rs. 3,49,992 lacs in its books of account, which in the current period has been increased by Rs. 19,210 lacs primarily towards interest as a time value of money charge.

Despite the matter being sub-judice as stated above, the Company received communications from the MIB, wherein the Company was directed to pay Rs. 416,406 lacs within 15 days towards the license fee for the period from the date of issuance of DTH License till financial year 2018-19 and interest thereon till 30 September 2020. However, the MIB has in its said letter, also mentioned that the amount is subject to verification and audit and the outcome of various court cases pending before the TDSAT, the Hon'ble High Court of Jammu and Kashmir at Jammu and the Hon'ble Supreme Court of India. The Company responded to the aforementioned letter on 06 January 2021 disputing the demand.

- 8. The initial term of the Direct To Home ("DTH") License issued to the Company was provisionally extended from time to time by the Ministry of Information and Broadcasting, Government of India ("MIB") in the past. On 30 December 2020, MIB issued amended DTH guidelines for obtaining license for providing DTH Broadcasting Services in India, however, consolidated operational guidelines along with the amendments are yet to be issued. In accordance with the amended guidelines, the Company had applied for issue of license and the MIB has granted provisional license vide its letter dated 31 March 2021 on the terms and conditions as mentioned therein.
- 9. Despite of the outbreak of Coronavirus (COVID-19) leading to consequential lock down across the country during the previous year and further restrictions imposed by many State Governments during the current period due to spread of Covid-19 second wave and further third wave in the last Quarter, the Company has continued to operate and provide 'Direct to Home' (DTH) services to its customer without any disruptions. The Company has evaluated its liquidity position and recoverability and carrying value of its assets, including planned investments and has concluded that no material adjustments is required at this stage in the financial results. However, given the uncertainties in the economic environment, management's impact assessment is subject to significant estimation, uncertainties, and accordingly, the actual results in future may be different from those estimated as at the date of approval of these financial results. Considering that it is a dynamic and evolving situation, the management will continue to monitor any material changes to the future economic conditions and consequential impact on its business/operations.
- 10. The Company, has non-current investments (including equity component of long term loans and guarantees) in and non-current loans to its wholly owned subsidiary, Dish Infra Services Private Limited ('Dish Infra'), amounting to Rs.5,15,423 lacs and Rs. 81,940 lacs respectively. Dish Infra's net worth is positive although it has incurred losses in the current period. Based on internal assessment, the management believes that the realisable amount from Dish Infra will be higher than the carrying value of the non-current investments and other non-current loans. Hence, no impairment has been considered. The internal assessment is based on the ability of Dish Infra to monetise its assets including investments in new age technologies, which will generate sufficient cash flows in the future. The auditors have modified (qualified) their review report with respect to the aforementioned conclusion on impairment of loans and investments in Dish Infra.
- 11. In line with the business plan of investing in new age technologies, inter alia, Watcho the OTT platform, networking equipments and customer premises equipments (CPE), Dish Infra Services Private Limited, a wholly owned subsidiary Company had made significant progress in augmenting these new age technologies in previous year. The subsidiary Company had contracted with aggregators for content and related infrastructure and recorded Rs. 55,200 lacs as intangible assets under development and Rs. 68,585 lacs as related capital advances as of 31 December 2021. However, the process could not be completed within planned timeframe due to COVID-19 lockdown and restrictions imposed across the country during the previous year and current period. The management of the subsidiary Company is in the process of concluding all the planned investments in the near future. As further described in note 9, management has concluded that no material adjustments is required in the carrying value of intangible assets under development and the related advances. Upon transfer of the shares to the purchaser, Dish Lanka will cease to be a subsidiary of the Company.
- 13. On 23 September 2021, the Company received a notice dated 21 September 2021 from Yes Bank Limited ("Yes Bank") requisitioning an EGM to consider resolution(s) for change in the Board of Directors of the Company. The Board of Directors of the Company, upon evaluation and on the basis of legal opinions, unanimously agreed that the EGM cannot be called, as requisitioned by Yes Bank. - 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. NOIDA, India; February 14, 2022 - Dish TV India Limited (BSE: 532839, NSE: DISHTV, LSE: DTVL) today reported third quarter fiscal 2022 unaudited consolidated subscription revenues of Rs. 6,459 million and operating revenues of Rs. 7,107 million. EBITDA for the quarter was Rs. 4,260 million. Profit after tax was Rs. 802 million.

The Board of Directors in its meeting held today, has approved and taken on record the unaudited consolidated financial results of Dish TV India Limited and its subsidiaries for the quarter ended December 31, 2021.

A Mixed Quarter

3Q FY22 turned out to be a mixed quarter for Dish TV India Limited. Focus on gaining incremental market share helped the Company ramp up gross acquisitions to almost the pre-pandemic level, though continued dependence exclusively on internal funds restricted the ability of the business to go all out thus keeping net additions under pressure.

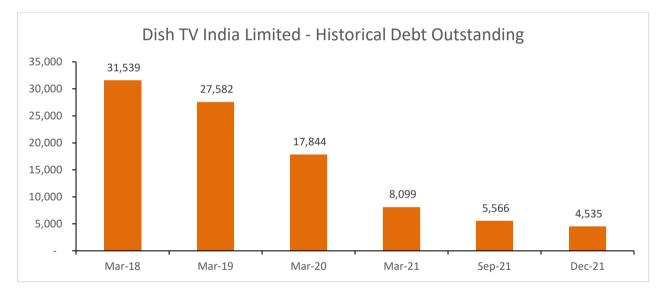

Consumers typically tend to step up spending during festivals with the season traditionally accounting for majority of the annual revenues of businesses. Expecting a similar trend and considering the earlier subdued demand due to repeated waves of the pandemic, Diwali 2021 witnessed aggressive marketing by consumer focused companies. While higher marketing spends did help generate incremental acquisitions, consumer spending went below par once the pent-up demand was

exhausted. Early cases of the third wave of the pandemic in mid-December too had a negative effect on consumption.

Overall, the cloud of Covid 19 obstructed any meaningful increase in consumer confidence and spending. While a rural slowdown was evident since early days of the pandemic, the stop start nature of the virus dampened rural demand even more, notwithstanding the festive season. Inflation linked volatility in prices further hurt disposable income. Dish TV India took a price hike of around 25% on both its standard definition and high definition hardware during the quarter. With rural stress and inflationary pressures, price sensitive customers at the bottom of the pyramid remained vulnerable to churn to the Free DTH platform. Streaming platforms as well as content bundling by telecom players continued to give competition to the DTH service providers.

The Company maintained a cautious approach towards expense management thus achieving overall operating efficiencies which helped an 8.7% Y-o-Y reduction in total expenses.

Operating revenues for the quarter were Rs. 7,107 million. EBITDA was Rs. 4,260 million. EBITDA margins improved 50 bps on a sequential basis. PAT for the quarter was Rs. 802 million. Debt of Rs. 1,031 million was paid off during the quarter with the resultant interest expense coming down by 57.9% on a Y-o-Y basis.

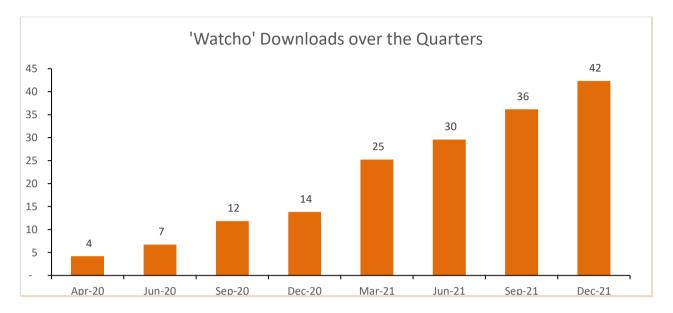

The Company had a closing debt of Rs. 4,535 million at the end of the quarter.

Customer-centricity remained key at Dish TV India. Appreciating the criticality of the current times, the Company continued to run its subscriber friendly pay-later scheme wherein viewers who miss their recharge dates due to any reason whatsoever get 3 days of grace viewing. The amount so credited to their account gets automatically adjusted from the next recharge amount paid by them.

'Watcho'

'Watcho'- the in-house OTT app of Dish TV India continued to strengthen its presence in the OTT space. During the quarter, 'Watcho 'partnered with Asia's largest content festival - India Film Project (IFP) for its 11th season to encourage emerging artists and content creators to showcase their work.

The association allowed participants to submit their original content on Watcho's creator platform called 'Watcho SWAG' and subsequently view their entries on the App itself.

This festive season Watcho's slate of original series continued to expand with the release of a new family series - 'Papa Ka Scooter' and a nail-biting crime series - 'Jaunpur'

Near to Mid-Term Drivers

Rising vaccination coverage is expected to go a long way to improve normalization by enhancing consumer sentiment and building back economic momentum. In addition, government's emphasis on increasing rural income and productivity should help increase the spending capacity of the vast non-urban population of the country.

Demand for television and pay-tv content should increase with the planned expansion of roads and highways into non-connected areas as well as with the construction of new houses in such areas.

Mr. Anil Dua, Group CEO, Dish TV India Limited, said, "As a category, DTH has been facing competition at various levels however the platform has its unique strengths that will continue to set it apart from other video platforms. We remain committed to offering the best solution to our subscribers, be it in the linear or OTT space and hope to change the game with innovative offerings and winning partnerships."

NTO 2.0

The Telecom Regulatory Authority of India (TRAI), on stakeholders' request, recently extended the deadline for enforcing the New Tariff Order (NTO) 2.0 to June 1, 2022 from the earlier fixed deadline of April 1, 2022.

Broadcasters had earlier approached the Supreme Court challenging the Bombay High Court order in favour of the NTO 2.0. The Supreme Court is yet to announce its decision.

Mr. Jawahar Goel, CMD, Dish TV India Limited, said, "The DTH industry has been working on the implementation of the New Tariff Order keeping in mind the earlier deadline however the extended timeline will give us even more time to sort out any migration issues. We would also be watching the developments on the litigation front while simultaneously working towards implementation of the order."
