- 2 Figures for previous periods have been regrouped / rearranged wherever considered necessary.
- 3 The Covid-19 pandemic has impacted the businesses around the world, including India. In response, Governments in several countries have imposed stringent lockdown in a bid to contain the spread of the disease and businesses worldwide have restricted access to public facing institutions, those deemed non-essential. These closures have led to significant, adverse changes in macroeconomic conditions – constraints on supply chain, sourcing of inputs and workforce availability. However the Company has not been materially impacted by the coronavirus as of now. Since, Company's business falls within the category of manufacturing of essential commodities, therefore company has not seen any material impacts on its business activities for the quarter under report. The extent to which the coronavirus will have additional impacts on the Company's business activities will depend on future developments, which are highly uncertain and can't be predicted. However, the company will continue to monitor any material changes to future economic conditions.
- 4 The limited review of financial results for the quarter ended 30th June 2021 has been carried out by statutory auditors of the company.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountant of India.
