**Limited Review Report**

To the Board of Directors of  
Goenka Diamond and Jewels Limited

1. We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results ("the Statement") of **Goenka Diamond and Jewels Limited** ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), for the quarter and nine months ended December 31, 2020, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Holding Company's Management and approved by the Holding Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there-under, and other accounting principles generally accepted in India and in Compliance with regulation 33 of the Listing Regulation. Our responsibility is to issue a report on the Statement based on our review of the Statement.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.  
  
We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.
4. The accompanying consolidated financial results are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and include financial results of the following entities:

Sr. No.	Name of the Entity	Relationship
1.	M.B. Diamonds LLC	Subsidiary
2.	Goenka Diamond and Jewels DMCC	Subsidiary
3.	Solitaire Diamond Exports	Subsidiary

5. (a) The holding company has not translated following monetary items denominated in foreign currency as at the nine month ended closing rate and has been carried forward at the rate as at 31st March 2015, 31st March 2016, and / or 31st March 2017, which is not in accordance with Ind-AS -21 "The Effect of changes in Foreign Exchange Rates" and accounting policy followed by the group.
  - i. Trade receivable amounting to Rs. 69703.18 lacs
  - ii. Trade payables and other payable amounting to Rs. 29717.66 lacs

The Holding Company has not provided for cumulative exchange gain (net) on the above items amounting to Rs. 6486.99 lacs including exchange loss amounting to Rs. 396.99 lacs and Rs. 1308.12 Lacs pertaining to the quarter and nine months ended December 31, 2020. Accordingly, exchange loss for the quarter and nine months ended December 31, 2020 is understated by Rs. 396.99 Lacs and Rs. 1308.12 lacs respectively.

(b) The Holding Company has defaulted on repayment of loans taken from the banks due to which the banks have recalled their loans and have initiated legal actions. The Holding Company's management has decided not to provide interest on such loans (*except in case of SBI where OTS has been entered*) and consequently based on the calculation done by the management total interest amounting to Rs. 14811.66 Lacs determined at estimated rates, has not been provided for in the books of accounts including interest amounting to Rs. 612.56 Lacs and Rs. 2057.27 Lacs pertaining to the quarter and nine months ended December 31, 2020. Accordingly, finance cost for the quarter and nine months ended December 31, 2020 is understated by Rs. 612.56 Lacs and Rs. 2057.27 Lacs respectively.

Had the exchange difference as stated in para (a) above and interest on loans as stated in para (b) above been provided, the loss after tax in the consolidated financial results for the quarter and nine months ended December 31, 2020 would have been increased by Rs. 1009.55 lacs and by Rs. 3365.39 lacs respectively.

(c) Due to uncertainties with respect to settlement of bank dues and interest, adjustments of trade receivables and payables and its consequential impact on taxation thereof, we are unable to ascertain the tax impact and liability, on the financial results.

(d) We draw attention to Note No. 2 and 3(b) of financial results regarding default in repayment of loans and interest to banks (including ARC) owing to which the banks has classified the account as NPA and recalled its loans and has initiated various legal actions for recovery of its dues including legal action initiated under SARFESI Act, The Recovery of Debts due to Banks and Financial Institution Act, 1993 and Insolvency and Bankruptcy Code, 2016 for which the proceedings are still going on. The outstanding loan balances due to banks (including ARC) amounting to Rs. 14803.22 Lacs and deposit/advance to an asset reconstruction company amounting to Rs.1355.61 lacs for which no confirmation/ statements have been obtained and are subject to reconciliation and subsequent adjustments.

(e) No provision for the expected credit loss/ impairment relating to overdue Trade Receivables of Rs. 75523.42 Lacs has been recognized as per the requirement of Ind- AS 109 "Financial Instruments". In view of defaults in payment obligations by the Trade Receivables on due date, non-recoveries from Trade Receivables, non-confirmations/ reconciliation from Trade receivables, initiation of legal action/ suits against Trade Receivables by the holding company, notices/ summon to the holding company/director(s) of holding company from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and in absence of clear forward looking information regarding outcome of pending legal actions initiated and time frame and quantum of realisability of these Trade receivables, we are unable to determine the amount of expected credit loss/ impairment based on provision matrix as per the requirements of Ind-AS 109 "Financial Instruments" and its consequential impact, on the financial results.

(f) The Inventory of holding company has been taken on the basis of physical verification carried out by the management as at the nine month end and its valuation is based on determination of estimated net realizable value and specific identification which involves technical judgment of management. We have relied upon by the physical verification and valuation of the Inventory as certified and determined by the management.

## 6. Material Uncertainty related to going concern

The Group's operating results have been materially affected due to various factors including non-realization of Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon to the company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, pending cases with National Company Law Tribunal, Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of company's properties, assignment and transfer of dues of banks in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant

doubts on the ability of the group to continue as a going concern. The appropriateness of the going concern assumption is dependent on the group's ability to raise adequate finance from alternative means, settlement of holding company's due from banks and ARC and or recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to establish consistent business operation. The above situation indicates that material uncertainty exist that cast significant doubt on group's ability to continue as a going concern.

Based on our review, with a exception of the matters described in para 4(c) to (g) above, where we have not been able to determine the possible effect on the financial results and financial impact of the matters described in para 4(a) and (b) above and considering the facts stated in para 6 regarding material uncertainty relating to Going Concern, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited consolidated financial results prepared in accordance with applicable accounting standards i.e. Ind-AS prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there-under and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement.

7. We did not review the interim financial information / financial results of three subsidiaries included in the unaudited consolidated financial results, whose interim financial information / financial results reflects, total revenues of Rs. NIL lacs, total net loss after tax of Rs. 236.87 lacs and total other comprehensive income of Rs. NIL lacs, for the nine months ended December 31, 2020, as considered in the unaudited consolidated financial results. These interim financial information / financial results have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of the above matters.

**Statement of Unaudited Consolidated Financial Results for the Quarter & Nine Months ended December 31, 2020 prepared in compliance with the Indian Accounting Standard (Ind-AS)**

- 2 The auditors in their report on financial statement for the year ended March 31, 2020 have given disclaimer of opinion on the basis of observations that the Holding Company's operating results have been materially affected due to various factors including non-realization of trade receivables, non-availability of finance due to recall of loans by banks in consortium, legal action initiated by banks against company for recovery of its dues including initiating corporate insolvency resolution process with NCLT under Insolvency and Bankruptcy Code and for attachment of holding company's properties, assignment and transfer of dues of three banks in favor of an asset reconstruction company, pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest to banks, confirmation of various balances etc, which cast doubts on the ability of the Holding Company to continue as going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The holding company management is hopeful that these trade receivables shall be recovered as the holding company has initiated legal action by way of sending legal notices and filing court cases. The holding company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management of holding company is taking all possible steps to revive the business operations. The Holding Company has approached consortium bankers and ARC for settlement of loan dues and assumes that Holding Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, Holding company management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Holding Company are prepared on going concern basis.
- 3 (a) Trade Receivables, Trade payables/other payables denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. These Trade Receivables have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The Holding company shall account for the actual exchange difference and their consequential tax impact at the time of realization of these trade receivables and at the time of payment to trade creditors/ other payables.
- (b) As the promoters of the Holding Company have approached consortium banks and ARC for settlement of entire dues, envisaging part-payment of principal amount against working capital loan dues, the Board in earlier year have decided not to provide Interest on working capital borrowings availed by the Holding Company (except in case of SBI where OTS has been entered). Accordingly, no interest liability has been provided for the financial year ended March 31, 2017, March 31, 2018, March 31, 2019, March 31, 2020 and quarter and nine months ended December 31, 2020. Further, no confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 14803.22 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1355.61 lacs and various banks having debit balance of Rs. 37.54 Lacs & credit balance of Rs. 2471.64 at the quarter and nine months ended December 31, 2020. These balances are subject to reconciliation and subsequent adjustments. However, the holding company management to the best of its knowledge and belief have recorded all the transactions.
- (c) Had the exchange gains/loss as referred in para 3(a) above and interest in para 3(b) above been accounted for, the loss after tax in the consolidated financials results for the quarter and nine months ended December 31, 2020, would have been increased by Rs.1,009.55 lacs and Rs.3365.39 lacs respectively.
- 4 The auditors have made observation regarding non recognition of expected credit loss on trade receivables. The management of holding company is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained. During the quarter, the Holding Company has provided 100% provision for expected credit loss for its investment in optionally convertible debentures.
- 5 The Holding Company has given Rs. 1335.61 lacs to Alchemist Asset Reconstruction Company Ltd (ARC) as adhoc advance payment/ security Deposit to show its intent of settlement of its dues with three lender banks assigned to ARC. The terms and conditions of the settlement are yet to be finalised.
- 6 The Holding Company has entered into scheme for one time settlement of its dues from State Bank of India. According to the scheme, the Holding Company has settled its outstanding dues amounting to Rs. 884.85 lacs at a settlement amount of Rs.206.68 lacs which is payable as per the terms of scheme of one time settlement. Since, the terms of repayment of settlement amount is substantially different from original terms it will amount to extinguishment of existing financial liability and recording of a new financial liability as per the provision of Ind AS 109, "Financial Instruments". Accordingly, the Holding Company has recognized gain on extinguishment of financial liability amounting to Rs.678.17 lacs.
- 7 **Impact of COVID-19:**  
In view of the severe health hazard associated with COVID-19 pandemic, the Government of India declared a lock down effective from March 25, 2020. The Group's operations which were already materially affected due to reasons as stated in Note 2 above, the impact of the COVID-19 pandemic is not material to the current business operations of the Group. As per the management, the Group's future operations are dependent on the recoveries from trade receivables and settlement of its dues with banks/ARC which might not get delayed significantly due to pandemic. The Group has considered internal and external information up to the date of approval of these financial results including economic forecast, expected recoveries from trade receivables and settlement of its dues with banks/ARC and expects to recover the carrying value of property, plant & equipment, investments, inventories and other current assets appearing in the financial results of the Group. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial results and the Group will continue to closely monitor any material changes to future economic conditions.

**Limited Review Report**

To Board of Directors of  
Goenka Diamond and Jewels Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results of Goenka Diamond and Jewels Limited ("the Company") for the quarter and nine months ended December 31, 2020 attached herewith, being submitted by the company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).
2. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors. This Statement has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder, and other accounting principles generally accepted in India and in Compliance with regulation 33 of the Listing Regulation. Our responsibility is to issue a report on the Statement based on our review of the Statement.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. (a) The company has not translated following monetary items denominated in foreign currency as at the nine month ended closing rate and has been carried forward at the rate as at 31st March 2015, 31<sup>st</sup> March 2016, and / or 31st March 2017, which is not in accordance with Ind-AS -21 "The Effect of changes in Foreign Exchange Rates" and accounting policy followed by the Company.
  - i. Trade receivable amounting to Rs. 69703.18 lacs.
  - ii. Trade payables and other payable amounting to Rs.29717.66 lacs.
  - iii. Loans and Advances to subsidiaries (including accrued interest) amounting to Rs. 2017.99lacs.

The company has not provided for cumulative exchange gain (net) on the above items amounting to Rs. 6719.94 lacs including exchange loss amounting to Rs. 415.32 Lacs and Rs. 1368.51 pertaining to the quarter and nine months ended December 31, 2020 respectively. Accordingly, exchange loss for the quarter and nine months ended December 31, 2020 is understated by Rs.415.32 and Rs. 1368.51 Lacs respectively.

(b) The Company has defaulted in repayment of loans taken from the banks due to which the banks have recalled their loans and have initiated legal actions. The management has decided not to provide interest on such loans (*except in case of SBI where OTS has been entered*) and consequently based on the calculation done by the management total interest amounting to Rs.14811.66 Lacs determined at estimated rates, has not been provided for in the books of accounts including interest amounting to Rs. 612.56 Lacs and Rs. 2057.27 Lacs pertaining to the quarter and nine months ended December 31, 2020. Accordingly, finance cost for the quarter and nine months ended December 31, 2020 is understated by Rs. 612.56 Lacs and Rs. 2057.27 Lacs respectively.

Had the exchange difference as stated in para (a) above and interest on loans as stated in para (b) above been provided, the loss after tax for the quarter and nine months ended December 31, 2020 would have been increased by Rs.1027.88 Lacs and Rs. 3425.78 Lacs respectively.

(c) Due to uncertainties with respect to settlement of bank dues and interest, adjustments of trade receivables and payables and its consequential impact on taxation thereof, we are unable to ascertain the tax impact and liability, on the financial results.

(d) We draw attention to Note No. 2 and 3(b) of financial results regarding default in repayment of loans and interest to banks (including ARC) owing to which the banks has classified the account as NPA and recalled its loans and has initiated various legal actions for recovery of its dues including legal action initiated under SARFESI Act, The Recovery of Debts due to Banks and Financial Institution Act, 1993 and Insolvency and Bankruptcy Code, 2016, which are still pending for hearing. (e) No provision for the expected credit loss/ impairment relating to overdue Trade Receivables of Rs. 69730.38 Lacs has been recognized as per the requirement of Ind- AS 109 "Financial Instruments". In view of defaults in payment obligations by the Trade Receivables on due date, non-recoveries from Trade Receivables, non-confirmations/ reconciliation from Trade receivables, initiation of legal action/ suits against Trade Receivables by the company, notices/ summon to the Company from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and in absence of clear forward looking information regarding outcome of pending legal actions initiated and time frame and quantum of realisability of these Trade receivables, we are unable to determine the amount of expected credit loss/ impairment based on provision matrix as per the requirements of Ind-AS 109 "Financial Instruments" and its consequential impact, on the financial results.

## 5. Material Uncertainty related to going concern

The Company's operating results have been materially affected due to various factors including non-realization of Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon to company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, pending proceeding with National Company Law Tribunal, Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, non realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the company to continue as a going concern. The appropriateness of the going concern assumption is dependent on the company's ability to raise adequate finance from alternative means, settlement of its due from banks and ARC and recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to establish consistent business operation. The above situation indicates that material uncertainty exist that cast significant doubt on company's ability to continue as a going concern.

Based on our review, with a exception of the matters described in para4(c)to(i) above, where we have not been able to determine the possible effect on the financial results and financial impact of the matters described in para4(a) and (b) above and considering the facts stated in para 5 regarding material uncertainty relating to Going Concern, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited standalone financial results prepared in accordance with applicable accounting standards i.e. Ind-AS prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement.

**Statement of Unaudited Standalone Financial Results for the Quarter and Nine Months ended December 31, 2020 prepared in compliance with the Indian Accounting Standard (Ind-AS)**

- 2 The auditors in their report on financial statement for the year ended March 31, 2020 have given disclaimer of opinion on the basis of observations that the Company's operating results have been materially affected due to various factors including non-realization of trade receivables, non-availability of finance due to recall of loans by banks in consortium, legal action initiated by banks against company for recovery of its dues including initiating corporate insolvency resolution process with NCLT under Insolvency and Bankruptcy Code and for attachment of company's properties, assignment and transfer of dues of three banks in favor of an asset reconstruction company, pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on cash sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue creditors, defaults in repayment of loans and interest to banks, non realization of interest on loans to subsidiary, non-confirmation of various balances etc, which cast doubts on the ability of the Company to continue as going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The management is hopeful that these trade receivables shall be recovered as the company has initiated legal action by way of sending legal notices and filing court cases. The company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management is taking all possible steps to revive the business operations. The Company has approached consortium bankers and ARC for settlement of loan dues and assumes that Company will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Company are prepared on going concern basis.
- 3 (a) Trade Receivables, Trade payables/other payables and Loans and advance given to a subsidiary denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. These Trade Receivables and Advances have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables and loans and advances to subsidiary. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The company shall account for the actual exchange difference and their consequential tax impact at the time of realization of these trade receivables, Loans and advances and at the time of payment to trade creditors/ other payables.
- (b) As the promoters of the Company have approached consortium banks and ARC for settlement of entire dues, envisaging part-payment of principal amount against working capital loan dues, the Board in earlier year have decided not to provide Interest on working capital borrowings availed by the Company (except in case of SBI where OTS has been entered). Accordingly, no interest liability has been provided for the financial year ended March 31, 2017, March 31, 2018, March 31, 2019, March 31, 2020 and quarter and nine months ended December 31, 2020. Further, no confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 14803.22 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1355.61 lacs and various banks having debit balance of Rs. 37.54 Lacs & credit balance of Rs. 2471.64 at the quarter and nine months ended December 31, 2020. These balances are subject to reconciliation and subsequent adjustments. However, the management to the best of its knowledge and belief have recorded all the transactions.
- (c) Had the exchange gains/loss as referred in para 3(a) above and interest in para 3(b) above been accounted for, the loss after tax in the standalone financials results for the quarter and nine months ended December 31, 2020 would have been increased by Rs.1027.88 lacs and Rs. 3425.78 lacs respectively.
- 4 The auditors have made observation regarding non recognition of expected credit loss on trade receivables and loan (including accrued interest) given to subsidiary . The management is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained. With regard to loan (including accrued interest) due from subsidiary, the same is in the nature of long term loan for set up of business of the subsidiary and is part of net investment in the subsidiary. The operation of the subsidiary shall soon be revived and these loans will be recovered in near future.  
During the quarter, the Company has provided 100% provision for expected credit loss for its investment in optionally convertible debentures.
- 5 With regard to auditors observation in standalone financial statement regarding non-provision for impairment against investment in subsidiaries amounting to Rs. 2.03 Lacs and Rs. 7.44 lacs, the management is of the view that the investment in subsidiary is in the nature of long term investment and the subsidiaries have substantial business value.
- 6 The Company has given Rs. 1355.61 lacs to Alchemist Asset Reconstruction Company Ltd (ARC) as adhoc advance payment/ security Deposit to show its intent of settlement of its dues with four lender banks assigned to ARC. The terms and conditions of the settlement are yet to be finalised.
- 7 The Company has entered into scheme for one time settlement of its dues from State Bank of India. According to the scheme, the company has settled its outstanding dues amounting to Rs. 884.85 lacs at a settlement amount of Rs.206.68 lacs which is payable as per the terms of scheme of one time settlement. Since, the terms of repayment of settlement amount is substantially different from original terms it will amount to extinguishment of existing financial liability and recording of a new financial liability as per the provision of Ind AS 109, "Financial Instruments". Accordingly, the Company has recognized gain on extinguishment of financial liability amounting to Rs.678,17 lacs.
- 8 **Impact of COVID-19:**  
In view of the severe health hazard associated with COVID-19 pandemic, the Government of India declared a lock down effective from March 25, 2020 . The Company's operations which were already materially affected due to reasons as stated in Note 2 above, the impact of the COVID-19 pandemic is not material to the current business operations of the Company. As per the management, the Company's future operations are dependent on the recoveries from trade receivables and settlement of its dues with banks/ARC which might not get delayed significantly due to pandemic.  
The Company has considered internal and external information up to the date of approval of these financial statements including economic forecast, expected recoveries from trade receivables and settlement of its dues with banks/ARC and expects to recover the carrying value of property, plant & equipment, investments, inventories and other current assets appearing in the financial results of the Company. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial results and the Company will continue to closely monitor any material changes to future economic conditions.
