6. Emphasis of Matter

The World Health Organisation (WHO) declared the novel Coronavirus (COVID-19) outbreak a global pandemic on March 11, 2020. Consequent to this, Government of India had declared lockdown on March 23, 2020 and therefore, the Company suspended its business operations in the first wave of Pandemic. While the business operations resumed from June, 2020, the Government of Maharashtra implemented a fresh lockdown to manage the second wave of the pandemic from April, 2021. COVID-19 has impacted the normal business operations of the Company by way of interruption in investments activities etc. during the lock-down period. However, business operations resumed from June, 2021 after obtaining necessary permissions from the appropriate government authorities. We have also taken necessary precautions to ensure the health, safety and wellbeing of all our employees as well as put in place SOPs and guidelines as per state government directives to prevent the spread of Covid-19. The Company has made detailed assessment of its liquidity position for FY 2021-22 and the recoverability and carrying value of its assets comprising property, plant and equipment, intangible assets, right of use assets, investments, inventory, and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of these standalone financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.
