4 Estimation uncertainty relating to COVID-19 global health pandemic:

The Group recognizes the need to make reasonable estimation of the economic impact of this pandemic on the obligation on account of policy liabilities, recoverability of Goodwill, repayment ability of its borrowers, and make additional provisions as considered appropriate, over-and-above the extant provisions as per the Group's ECL policy, for expected credit losses. The Group has segmented its portfolio basis various parameters to ascertain the likely detrimental impact on the credit risk in the portfolio as a result of the economic fallout of COVID-19 and basis its estimates, assumptions and judgements arrived at the additional provision required to take care of the expected credit loss in its financial results. Given the continued uncertainty over the potential macro-economic condition and the final decision of the Horble Supreme Court in relation to NPA classification of accounts under moratorium, the impact of economic fallout of the COVID-19 on the carrying value of assets and obligations of the Group may be different from that expected as at the date of approval of these financial results.
