4 May 2020

The Board of Directors SBI Life Insurance Company Limited Natraj, M.V. Road and Western Express Highway Junction Andheri (East), Mumbai - 400 069

Dear Sirs,

Willis Towers Watson Opinion on Embedded Value as at 31 March 2020

Willis Towers Watson Actuarial Advisory LLP ("Willis Towers Watson", "we", "us" or "our") has been engaged by SBI Life Insurance Company Limited ("SBI Life" or "the Company") to review and provide an independent actuarial opinion on the embedded value results prepared by SBI Life. The review covered the embedded value as at 31 March 2020 and the value of one year's new business written during the period 1 April 2019 to 31 March 2020 (together, "embedded value results").

Scope of work

Our scope of work covered:

- A review of the methodology and assumptions used to determine the embedded value results;
- A review of the results of SBI Life's calculation of the embedded value results;
- A review of the analysis of movement in embedded value from 31 March 2019 to 31 March 2020; and
- A review of select sensitivities as defined by the Company.

Opinion

Willis Towers Watson has concluded that the methodology and assumptions used to determine the embedded value results of SBI Life comply with the standards issued by the Institute of Actuaries of India within the Actuarial Practice Standard 10 ("Indian Embedded Value Principles"), and in particular that:

- the economic assumptions used are internally consistent and result in the projected cash-flows being valued in line with the prices of similar cash-flows that are traded on the capital markets;
- the operating assumptions have been set with appropriate regard to the past, current and expected future experience;
- the Required Capital has been determined and projected on the basis of SBI Life's internal capital target of 180% of the Required Solvency Margin and has been assessed from a shareholders' perspective;
- allowance has been made for the Cost of Residual Non-Hedgeable Risks; and
- for participating business, the assumed bonus rates, and allocation of profit between policyholders and shareholders, are consistent with the projection assumptions, established company practice and local market practice.

Willis Towers Watson has also performed a number of checks on the models, processes and results of the calculations performed by SBI Life. On the basis of this review, Willis Towers Watson has confirmed that no issues have been discovered that have a material impact on the disclosed embedded value as at 31 March 2020, the value of one year's new business written during the period 1 April 2019 to 31 March 2020, the analysis of movement in embedded value for FY2019-20 and the sensitivity analysis as at 31 December 2019.

In arriving at these conclusions, Willis Towers Watson has relied on data and information provided by SBI Life. This Opinion is made solely to SBI Life in accordance with the terms of Willis Towers Watson's engagement letter dated 19 September 2019. To the fullest extent permitted by applicable law, Willis Towers Watson does not accept or assume any responsibility, duty of care or liability to anyone other than SBI Life for or in connection with its review work, the opinions it has formed or for any statements set forth in this opinion.

Sudden unforeseen events such as the COVID-19 (the coronavirus outbreak named as COVID-19 by the World Health Organisation on 11 February 2020) pandemic can have significant impacts on the level of economic activity, investment markets and SBI Life's business and its experience. In forming our opinion on the future expected experience we have not directly considered the potential impact including volatility on SBI Life's business, the investment markets or the industry of such events, including COVID-19.

4 May 2020

The Board of Directors SBI Life Insurance Company Limited Natraj, M.V. Road and Western Express Highway Junction Andheri (East), Mumbai - 400 069

Dear Sirs,

Willis Towers Watson Opinion on Embedded Value as at 31 March 2020

Willis Towers Watson Actuarial Advisory LLP ("Willis Towers Watson", "we", "us" or "our") has been engaged by SBI Life Insurance Company Limited ("SBI Life" or "the Company") to review and provide an independent actuarial opinion on the embedded value results prepared by SBI Life. The review covered the embedded value as at 31 March 2020 and the value of one year's new business written during the period 1 April 2019 to 31 March 2020 (together, "embedded value results").

Scope of work

Our scope of work covered:

- A review of the methodology and assumptions used to determine the embedded value results;
- A review of the results of SBI Life's calculation of the embedded value results;
- A review of the analysis of movement in embedded value from 31 March 2019 to 31 March 2020; and
- A review of select sensitivities as defined by the Company.

Opinion

Willis Towers Watson has concluded that the methodology and assumptions used to determine the embedded value results of SBI Life comply with the standards issued by the Institute of Actuaries of India within the Actuarial Practice Standard 10 ("Indian Embedded Value Principles"), and in particular that:

- the economic assumptions used are internally consistent and result in the projected cash-flows being valued in line with the prices of similar cash-flows that are traded on the capital markets;
- the operating assumptions have been set with appropriate regard to the past, current and expected future experience;
- the Required Capital has been determined and projected on the basis of SBI Life's internal capital target of 180% of the Required Solvency Margin and has been assessed from a shareholders' perspective;
- allowance has been made for the Cost of Residual Non-Hedgeable Risks; and
- for participating business, the assumed bonus rates, and allocation of profit between policyholders and shareholders, are consistent with the projection assumptions, established company practice and local market practice.

Willis Towers Watson has also performed a number of checks on the models, processes and results of the calculations performed by SBI Life. On the basis of this review, Willis Towers Watson has confirmed that no issues have been discovered that have a material impact on the disclosed embedded value as at 31 March 2020, the value of one year's new business written during the period 1 April 2019 to 31 March 2020, the analysis of movement in embedded value for FY2019-20 and the sensitivity analysis as at 31 December 2019.

In arriving at these conclusions, Willis Towers Watson has relied on data and information provided by SBI Life. This Opinion is made solely to SBI Life in accordance with the terms of Willis Towers Watson's engagement letter dated 19 September 2019. To the fullest extent permitted by applicable law, Willis Towers Watson does not accept or assume any responsibility, duty of care or liability to anyone other than SBI Life for or in connection with its review work, the opinions it has formed or for any statements set forth in this opinion.

Sudden unforeseen events such as the COVID-19 (the coronavirus outbreak named as COVID-19 by the World Health Organisation on 11 February 2020) pandemic can have significant impacts on the level of economic activity, investment markets and SBI Life's business and its experience. In forming our opinion on the future expected experience we have not directly considered the potential impact including volatility on SBI Life's business, the investment markets or the industry of such events, including COVID-19.
