Independent Auditor's Review Report on Unaudited Quarterly Financial Results of the Ujjivan Small Finance Bank Limited pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To, The Board of Directors Ujjivan Small Finance Bank Limited

- We have reviewed the accompanying Statement of Unaudited Financial Results of Ujjivan Small Finance Bank Limited (the "Bank") for the quarter ended June 30, 2021 (the "Statement") being submitted by the Bank pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended (the "Regulation").
- 2. This Statement, which is the responsibility of the Bank's Management and approved by the Board of Directors has been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard 25 'Interim Financial Reporting' ("AS 25") prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder, the relevant provisions of the Banking Regulation Act, 1949, the circulars, guidelines and directions issued by the Reserve Bank of India (the "RBI") from time to time ("RBI Guidelines") and other recognized accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
- We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial results are free of material misstatement. A review consists of making inquiries primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
- Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles laid down in AS 25, prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder, RBI Guidelines and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Regulation including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the RBI in respect of income recognition, asset classification, provisioning and other related matters.
- We draw attention to Note 8 to the unaudited financial results, which describes that extent to which the Covid-19 Pandemic will continue to impact the Bank's operations and its financial results will depend on ongoing and uncertain future developments.

Our conclusion is not modified in respect of this matter.

Note

- 1) The above financial results have been reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on August 06, 2021. The financial results for the quarter ended June 30, 2021, have been subjected to "Limited Review" by the statutory auditors of the Bank. The report thereon is unmodified.
- 2) The above financial results have been prepared in accordance with the Banking Regulation Act, 1949, generally accepted accounting principles in India, including Accounting Standards as prescribed under section 133 of the Companies Act, 2013 read with relevant rules thereunder, Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015, as amended, and the guidelines issued by the Reserve Bank of India ('RBI')
- 3) The Bank has applied its significant accounting policies in the preparation of these financial results that are consistent with those followed in the annual financial statements for the year ended March 31, 2021.
- 4) The figures for the quarter ended March 31, 2021 are the balancing figures between audited figures in respect of the financial year 2020-21 and the published year to date figures unto December 31, 2020.
- 5) As at June 30, 2021, 8,444,927 options have been lapsed, 7,786,973 options vested and are yet to be exercised and balance 24,809,782 options remains unvested out of the total options granted under the approved Employee Stock Option Plan (ESOP) 2019.
- 6) Other income includes income from commission, exchange and brokerage, processing fees, profit on sale of investments, PSLC fee income and recoveries from accounts previously written off.
- 7) The Capital Adequacy Ratio ("CAR") has been computed as per RBI Circular No. RBI/2016-17/81 DBR.NBD.No. 26/16.13.218/2016-17 dated October 06, 2016 on 'Operating Guidelines for Small Finance Banks'.
 - The Bank has followed BASEL II standardized approach for credit risk in accordance with the aforesaid guidelines. Further, the RBI vide its Circular No. DBR_NBD_No_4502/16_13_218/2017-18 dated November 08, 2017 has provided an exemption to all Small Finance Banks whereby no separate capital charge is prescribed for market risk and operational risk.
 - Further, the Bank has not considered contingent provisions created on account of COVID-19 stress for the purpose of computing CAR.
- 8) Consequent to the outbreak of COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. During the quarter ended June 30, 2021, India experienced a "second wave" of COVID-19, including a significant surge of COVID-19 cases following the discovery of mutant coronavirus variants in the country.

The Impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities, which may persist even after the restrictions related to the COVID-19 outbreak are lifted. The disruptions following the outbreak, have led to a decrease in loan originations and the efficiency in collection efforts. This may lead to a continued rise in the number of customer defaults and consequently an increase in provisions there against.

The extent to which the COVID-19 pandemic will continue to impact the Bank's operations and financial results will depend on ongoing as well as future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether mandated by the Government or elected by the Bank.

9) Details of resolution plan implemented under the Resolution Framework for COVID-19 related stress as per RBI circular dated August 06, 2020 (Resolution Framework 1.0) are given below:

Mr. Nitin Chugh, MD & CEO, Ujjivan Small Finance Bank said, "The onset of the second Covid wave and consequent restrictions and lockdowns lashed the industry, especially the microbanking sector which faced a severe stress. Our business and collection volumes were affected due to the restrictions on movement, resulting in a subdued overall performance in Q1 FY22. As a precautionary measure, floating provision of ₹250 crores has been created to absorb the impact of potential slippages in near future. We are hopeful that our customers will resurrect their livelihoods and continue to be resilient. We continued to diversify our asset book as a strategic approach; the non-MicroBanking portfolio grew to 32% and secured portfolio increased to 30%. In line with our growth strategy, retail branch banking performed strongly and now contributes to a substantial part of our total deposit book. As part of our commitment to provide a full range of banking services, non-binding MoU has been signed with a fin tech partner to enter into the credit card business. We continued to focus on our digital initiatives, driving digital collections (16% in Q1 FY22 against 11% in Q4 FY21) and encouraging contactless disbursement amidst the lockdown phase and our robust digital infrastructure and its optimal application sustained our business quite well in the crucial times.

Business momentum started building up since July both in terms of disbursement and collections. However, we are cautious about a potential impact on account of third Covid wave."
