We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

- 5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Notes:

- 1. The above consolidated financial results of AGS Transact Technologies Limited ("the Company") and its subsidiaries (the Company, its subsidiaries and its associate together referred to as "the Group") for the quarter and nine months ended 31 December 2022 have been reviewed by the Audit Committee and thereafter were approved by the Board of Directors at its meeting held on 06 February 2023. The statutory auditors of the Company have issued an unmodified review report. The unaudited consolidated financial results are in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 and other recognised accounting practices and policies to the extent applicable and information required in terms of Regulation 33 of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) 2015, as amended ("Listing Regulations").
- 2. On 29 March 2022, the Company had issued 1,010,500 equity shares to AGSTTL Employees Welfare Trust under the approved ESOP schemes and the same are disclosed as treasury shares. The Company was required to obtain prior in-principle approval from Stock Exchanges, which was not complied with and the shares were allotted. The Company has made an application seeking condonation from SEBI in this regard and SEBI granted the condonation on November 22, 2022. Thereafter, pursuant to receipt of in-principle approvals from the Stock Exchanges, these 1,010,500 equity shares were listed and admitted for trading on the Stock Exchanges with effect from December 27, 2022.
- 3 The Group has earned profit after tax for the quarter ended 31 December 2022 of Rs. 124.38 million (profit after tax for quarter ended 30 September 2022 of Rs. 206.72 million) and also noted largely consistent revenue related to Payment solutions business during the quarter. Management has assessed its business forecasts and cash forecasts and do not expect a material impact in the long-term based on the increase in transaction levels currently anticipated and new services contracted with customers and in pipeline. The Group expects it will generate sufficient cashflows from operating activities including through additional short term borrowings which will enable it to meet its liabilities (including past due/regularisation of delays) and provide additional funding to its subsidiaries as required in the foreseeable future. The Group also expects to finance its acquisition of property, plant and equipment through debt financing as has been the case in past years. The Group is closely monitoring the developments and based on the aforesaid assessment, management believes the Group will continue to operate as a going concern i.e., continue its operations and will be able to discharge its liabilities and realise the carrying amount of its assets. As the situation is continuously evolving, the eventual impact may be different from the estimates made as of the date of approval of these financial results.
- 4. Based on the 'management approach' as defined in Ind AS 108 "Operating Segments" the Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocates the resources based on the analysis of various performance indicators by business segments. Notes:

- 1. The above standalone financial results of AGS Transact Technologies Limited ("the Company") for the quarter and nine months ended 31 December 2022 have been reviewed by the Audit Committee and thereafter were approved by the Board of Directors at its meeting held on 06 February 2023. The statutory auditors of the Company have issued an unmodified review report. The standalone financial results are in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 and other recognised accounting practices and policies to the extent applicable and information required in terms of Regulation 33 of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) 2015, as amended ("Listing Regulations").
- 2. On 29 March 2022, the Company had issued 1,010,500 equity shares to AGSTTL Employees Welfare Trust under the approved ESOP schemes and the same are disclosed as treasury shares. The Company was required to obtain prior in-principle approval from Stock Exchanges, which was not complied with and the shares were allotted. The Company had made an application seeking condonation from SEBI in this regard and SEBI granted the condonation on November 22, 2022. Thereafter, pursuant to receipt of in-principle approvals from the Stock Exchanges, these 1,010,500 equity shares were listed and admitted for trading on the Stock Exchanges with effect from December 27, 2022.
- 3. The Company had made investment in equity shares of its wholly owned subsidiary of Rs. 100 million by way of preferential allotment through conversion of loan into equity during the quarter ended 30 June 2022 and Rs. 100 million by way of rights issue during quarter ended 31 December 2022.

Management has assessed its business forecasts and cash forecasts and do not expect a material impact in the long-term based on the increase in transaction levels currently anticipated and new services contracted with customers and in pipeline. The Company expects it will generate sufficient cashflows from operating activities including through reduction in receivables outstanding days and through additional short term borrowings which will enable it to meet its liabilities (including past dues/regularisation of delays) and provide additional funding to its subsidiaries as required in the foreseeable future. The Company also expects to finance its acquisition of property, plant and equipment through debt financing as has been the case in past years. The Company is closely monitoring the developments and based on the aforesaid assessment, management believes the Company will continue to operate as a going concern i.e., continue its operations and will be able to discharge its liabilities and realise the carrying amount of its assets. As the situation is continuously evolving, the eventual impact may be different from the estimates made as of the date of approval of these financial results.
