NOTES:

- The above audited results for the quarter ended 30th June 2021 have been reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on 29th July 2021. These results have been prepared in accordance with the IND AS notified under the Companies (Indian Accounting Standards) Rules, 2015.
- 2 The financial year ended March 31, 2021 was unprecedented due to the spread of Coronavirus pandemic, impacting all the geographies of the busines operations and more particularly in the early months of the financial year when the severity was extreme. Significant decline in the economic activity of the whole nation and the disruption created across the businesses have affected the operations of the Company as well.

Subsequently, the nation-wide lockdown was lifted by the Government of India, although partial regional lockdowns continued in affected areas, have resulted in gradual resumption of manufacturing and business operations. The sequential recovery in most of the market operations has resulted in substantial recovery of business, however, came with volatility in prices of raw material.

However, we displayed strong ability to ramp-up production and meeting fixed cost challenges. We had implemented the past learnings from the business crises by liquidating the stock, managing fine balance between increasing cash liquidity and borrowings and releasing timely payments to creditors. The company choose to work on its strength then government offered relaxations in such trying times. The penned strategy worked well and at the end of the year company made profit from business.

Further, the company has been working on a safety first principle, making sure that all our employees / associates and business / channel partners are safe and taking all necessary precautions, as time-to-time advised by government authorities.

As per our current assessment, the Company expects to recover the carrying amount of all its assets including inventory, receivables and loans in the ordinary course of business based on information available on current economic conditions. The Company is continuously monitoring any material changes in future economic conditions for taking prompt corrective actions within its purview and would keep assessing the impact for taking appropriate cognizance in financial reporting in the forthcoming quarters.

The Company is engaged in the business of manufacturing and marketing of apparels & trading of lifestyle accessories/products. The Company is also generating power from Wind Turbine Generator. The power generated from the same is predominantly used for captive consumption. However, the operation of Wind Turbine Segment is within the threshold limit stipulated under IND AS 108 "Operating Segments" and hence it does not require disclosure as a separate reportable segment.

Annexure 1 to the Independent Auditors' Report to the members of Kewal Kiran Clothing Limited [referred to in para 5 titled 'Auditor's Responsibilities for the Audit of the Standalone Financial Results']

As part of our audit in accordance with SAs we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, to design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from
 error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are
 also responsible for expressing our opinion on whether the Company has adequate internal
 financial controls system in olace and the operatine effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting
 and, based on the audit evidence obtained, whether a material uncertainty exists related to
 events or conditions that may cast significant doubt on the Company's ability to continue as a
 going concern. If we conclude that a material uncertainty exists, we are required to draw
 attention in our auditor's report to the related disclosures in the financial statements or, if such
 disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit
 evidence obtained up to the date of our auditor's report. However, future events or conditions
 may cause the Company to case to confinue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned
 scope and timing of the audit and significant audit findings, including any significant deficiencies
 in internal control that we identify during our audit. We also provide those charged with
 governance with a statement that we have compiled with relevant ethical requirements
 regarding independence, and to communicate with them all relationships and other matters that
 may reasonably be thought to bear on our independence, and where applicable, related
 safeguards.
- From the matters communicated with those charged with governance, we determine those
 matters that were of most significance in the audit of the financial statements of the current
 period and are therefore the key audit matters. We describe these matters in our Auditor's
 Report unless law or regulation precludes public disclosure about the matter or when, in
 extremely rare circumstances, we determine that a matter should not be communicated in our
 report because the adverse consequences of doing so would reasonably be expected to outweigh
