Robust sales volume outlook of 2.5-3.0 million square feet in FY19

Pune, 14th August, 2018: Kolte-Patil Developers Ltd. (BSE: 532924, NSE: KOLTEPATIL), a leading Pune-based real estate player announced its results for the first quarter ended 30th June, 2018.

Operational Highlights - Q1 FY19

- The Company recorded new sales bookings of 0.46 msf in Q1 FY19 as compared to 0.41 msf. in Q1 FY18
- The value of area sold stood at Rs. 259 crore in Q1 FY19 as compared to Rs. 257 crore in Q1 FY18
- Collections saw a strong uptick in Q1 FY19, higher by 22% YoY to Rs. 309 crore

Financial Highlights - Q1 FY19

- The Company has adopted IND AS 115 (Completion Contract Method CCM) during Q1 FY19, effective from 1st April 2018 and has opted for modified retrospective method
- Revenues at Rs. 390.6 crore
- EBITDA at Rs. 135.6 crore
- EBITDA margins at 34.7%
- PAT (pre-minority interest) at Rs. 76.3 crore
- PAT (post-minority interest) at Rs. 37.9 crore
- EPS at Rs. 5.00

Commenting on the performance for Q1 FY2019, Mr. Gopal Sarda, Group CEO, Kolte-Patil Developers Limited said, "This has been a transitory quarter in terms of shifting to the new accounting standard based on completion of contracts. As a result, although the revenue and profit numbers are not directly comparable with previous periods, our focus has remained on sales, cash flows and collections – and we have delivered strong performance on these parameters during Q1. Deliveries have also been healthy at 0.72 msf.

Collections continue to be robust at Rs 309 crore this quarter and Rs. 1,165 crore over the last four quarters on a trailing basis, up 22% and 18% respectively year-on-year, and expect further

Deu

acceleration in the coming quarters. Mumbai and Bengaluru accounted for 16% of overall collections. As a result, net debt has remained stable, despite the buy-out of our partner's 49% stake in the Downtown project for an initial payment of Rs. 24.5 crore. This project, being a significant contributor to sales and cash flows, has the visibility to finance the balance payment of Rs. 33.0 crore towards partner buyout required to be made over the next two quarters. Subsequently, our cash flows will stand further enhanced based on our 100% ownership in Downtown.

Page 3 of 3

Sales during Q1 came in at 0.46 million square feet, which was achieved in the backdrop of limited inventory available in existing projects/phases and the absence of any new launches for some time. Sales during the quarter were driven by Stargaze, Ivy Estate, Life Republic and Downtown projects in Pune. In addition, Bengaluru projects continued to deliver strong traction, contributing almost 20% of sales volumes and diversifying the base. Apart from Bengaluru; we expect Mumbai projects to pick up in the second half of FY19 with new launches supported by resolution of dumping ground issues and implementation of DP2034.

We are greatly encouraged by the sharp spurt in sales delivered during July of 0.25 msf. We had a teaser campaign at R9 sector at Life Republic, our flagship township project, where we sold 130 units. We expect to deliver further momentum at this location with the full-fledged launch of R9 sector later this month, and subsequent sectors during the course of the year. We have a slew of launches aggregating to ~4 msf in FY19.

We are on a strong footing as after two years, we have a pipeline of new launches in the offing, and based on current visibility, we are confident of seeing acceleration in our quarterly sales run-rate to 0.7 msf, and achieving between 2.5 to 3 msf in FY19. Our 360 degree business model comprehensively covers the entire spectrum of demand focused on residential real estate across price points in key micro-markets within Pune, Mumbai and Bengaluru. This gives us confidence that FY19 will be a year of another record performance across key operational parameters and provide us the momentum to achieve further milestones in the medium to long term."

Impact of Application of IND AS-115

 MCA (Ministry of Corporate Affairs, Government of India) notified IND-AS 115 (Revenue from Contracts with Customers) on 28th March 2018, applicable for the sector beginning on or after 1st April 2018

- In the erstwhile accounting standards coupled with the guidance note of ICAI (Institute of Chartered Accounts of India), revenue used to be recognized based on Percentage of completion method (POCM)
- As per AS-115, Revenue shall be recognised when the entity transfers the control of goods or services to the customer. In other words, entity shall "satisfy its performance obligation" to the customer to recognise the revenue.
 "Satisfying the performance obligation" in the context of real estate industry means, completion of all obligations by a developer and intimating the customers our readiness for handing over the unit
- The Group has applied the modified retrospective approach to contracts that were not completed as of April 1, 2018. The transitional adjustment of Rs. 217 crore [net of deferred tax] has been adjusted against opening balance of retained earnings in accordance with the requirements of IND AS 115 based on performance obligation satisfied at a point in time.
- ≈ There is no impact on agreements with our customers and the consequent cash flows which continue to be robust

CEO's Message

Commenting on the performance for Q1 FY2019, Mr. Gopal Sarda, Group CEO, Kolte-Patil Developers Limited said: "This has been a transitory quarter in terms of shifting to the new accounting standard based on completion of contracts. As a result, although the revenue and profit numbers are not directly comparable with previous periods, our focus has remained on sales, cash flows and collections - and we have delivered strong performance on these parameters during Q1. Deliveries have also been healthy at 0.72 msf.

Collections continue to be robust at Rs 309 crore this quarter and Rs. 1,165 crore over the last four quarters on a trailing basis, up 22% and 18% respectively year-on-year, and expect further acceleration in the coming quarters. Mumbai and Bengaluru accounted for 16% of overall collections. As a result, net debt has remained stable, despite the buy-out of our partner's 49% stake in the Downtown project for an initial payment of Rs. 24.5 crore. This project, being a significant contributor to sales and cash flows, has the visibility to finance the balance payment of Rs. 33.0 crore towards partner buyout required to be made over the next two quarters. Subsequently, our cash flows will stand further enhanced based on our 100% ownership in Downtown.

Sales during Q1 came in at 0.46 million square feet, which was achieved in the backdrop of limited inventory available in existing projects/phases and the absence of any new launches for some time. Sales during the quarter were driven by Stargaze, Ivy Estate, Life Republic and Downtown projects in Pune. In addition, Bengaluru projects continued to deliver strong traction, contributing almost 20% of sales volumes and diversifying the base. Apart from Bengaluru, we expect Mumbai projects to pick up in the second half of FY19 with new launches supported by resolution of dumping ground issues and implementation of DP2034.

We are greatly encouraged by the sharp spurt in sales delivered during July of 0.25 msf. We had a teaser campaign at R9 sector at Life Republic, our flagship township project, where we sold 130 units. We expect to deliver further momentum at this location with the full-fledged launch of R9 sector later this month, and subsequent sectors during the course of the year. We have a slew of launches aggregating to ~4 msf in FY19.

We are on a strong footing as after two years, we have a pipeline of new launches in the offing, and based on current visibility, we are confident of seeing acceleration in our quarterly sales run-rate to 0.7 msf, and achieving between 2.5 to 3 msf in FY19. This gives us confidence that FY19 will be a year of another record performance across key operational parameters and provide us the momentum to achieve further milestones in the medium to long term."
