- The above unaudited financial results for the quarter and nine months ended 31st December, 2018 have been reviewed and recommended by the audit committee and approved by the Board of Directors at their meeting held on 8th February, 2019. The Statutory Auditors of the Company have carried out Limited Review of these results.
- Segment reporting as defined AS - 17 is not applicable since the entire operation of the Company relates to only one segment i.e. non banking financial activities.
- It is the policy of the company to value its Inventories being shares and securities at 'Lower of Cost or market value'. However, for the purpose of determining quarterly results of the company, the same are valued at 'Average Cost' as valuing the shares and securities at 'Lower of Cost or market value' will give a unrealistic picture of the state of affairs of the performance of the company for the quarter.
- Provision for Tax has been made on a estimated basis as valuation of inventories will be done at the close of financial year. Deferred Tax will also be accounted for at the year end.
- Previous year's/period's figures have been re-grouped / rearranged wherever necessary.
