Notes:

Financial results have been presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, Ind-AS and Schedule III (Division II) to the Companies Act, 2013.

For better understanding of the financial performance, the Company has chosen to present "Profit from Operations" as an additional information in the Statement of Profit and Loss. "Profit from Operations" is arrived from 'Profit before Exceptional items and Tax' after reducing Other Income and adding back Finance Costs (including interest cost on employee benefit plans), Net provision for contingencies (others) and Corporate social responsibility expense.

Comparisons with reference to quarter ended 30.6.2017 unless otherwise specified:

- 1. In accordance with Ind AS 18 on "Revenue" and Schedule III to the Companies Act, 2013, Sales for the period 1 January to 30 June 2017 were reported gross of Excise Duty and net of Value Added Tax (VAT)/ Sales Tax. Excise duty was reported as a separate expense line item. Consequent to the introduction of Goods and Services Tax (GST) with effect from 1 July 2017, VAT/Sales Tax, Excise duty etc. have been subsumed into GST and accordingly the same is not recognised as part of sales as per the requirements of Ind AS 18. This has resulted in lower reported sales in the current quarter in comparison to the sales reported under the pre-GST structure of indirect taxes. With the change in structure of indirect taxes, expenses are also being reported net of taxes. Accordingly, financial results for the quarter and six months ended 30 June 2018 and in particular Sales, absolute expenses, elements of Working Capital (Inventories, Trade payable, other current assets/current liabilities etc.) and ratios in percentage of Sales are not comparable with the figures of corresponding periods. Profit from Operations in percentage of Sales and Net Profit in percentage of Sales are positively impacted as the percentages have been calculated on lower reported sales.
- 2. Reported Total Sales and Domestic Sales for the quarter increased by 8.5% and 8.0% respectively, on a base impacted by softer trading ahead of the rollout of Goods and Services Tax. The growth rates are adversely impacted due to lower reported sales by the change in structure of indirect taxes (refer note 1 above) and reduction in realisations to pass on the GST benefits. Sales Growth is supported by increase in volumes.
- 3. "Other Income" has increased due to higher average liquidities as well as higher yields.
- 4. "Cost of materials consumed" [B(i)+B(ii)+B(iii)] has been favourably impacted by lower commodity prices.
- 5. "Net Provision for Contingencies" is mainly for matters related to litigations /related disputes and other uncertainties requiring management judgement. Provisions for Contingencies/ Contingent Liabilities are recognised/ disclosed after a careful evaluation of the facts and legal aspects of the matters involved, in line with Ind AS 37 on "Provisions, Contingent Liabilities and Contingent Assets".
- 6. "Re-Measurement of Retiral Defined Benefit Plans" represents actuarial gains/losses on defined benefit plans.
- 7. The Board of Directors have declared second interim dividend for 2018 of ₹ 20.00 per equity share (Face value ₹10/per equity share) amounting to ₹ 1,928.3 million, which will be paid on and from 24 August 2018. This is in addition to the first interim dividend of ₹ 20.00 per equity share paid on 1 June 2018.
- 8. Based on the guiding principles given in Ind AS 108 on 'Operating Segments', the Company's business activity falls within a single operating segment, namely Food. Accordingly, the disclosure requirements of Ind AS 108 are not applicable.
- 9. Legal proceedings in the MAGGI Noodles issue are currently on before the Hon'ble Supreme Court. The issue has been adequately explained in the Annual Report 2015 and also in the press releases in 2015 available on the Company's website <u>www.nestle.in</u>.
- 10. Previous period's figures have been regrouped/ reclassified to conform with the current year's classification /grouping.

THE ABOVE RESULTS AND THIS RELEASE HAVE BEEN REVIEWED BY THE AUDIT COMMITTEE OF THE BOARD AND APPROVED BY THE BOARD OF DIRECTORS AT THEIR MEETING HELD ON 3 AUGUST 2018.

Board of Directors of Nestlé India Limited

We have reviewed the accompanying statement of unaudited financial results ("the Statement") of **Nestlé India Limited** ('the Company') for the quarter ended 30 June 2018 and the year-to-date results for the period from 1 January 2018 to 30 June 2018 attached herewith, being submitted by the company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

This statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial results based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, *Review* of Interim Financial Information Performed by the Independent Auditor of the Entity specified under section 143(10) of the Companies Act, 2013. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial results are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited standalone financial results prepared in accordance with applicable accounting standards i.e. Ind AS prescribed under Section 133 of the Companies Act, 2013 and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement.

The Board of Directors of Nestlé India met today at Nestlé House and approved the results for QE June 2018. Commenting on the results, **Mr. Suresh Narayanan**, **Chairman and Managing Director**, **Nestlé India said**, "The market momentum continued to be favorable and I am pleased that we have sustained our broad based volume growth across categories. There is an improvement in margins due to favorable cost of commodities and cost efficiency programs. However, we are now witnessing headwinds in commodity prices.

KITKAT, NESCAFÉ and MAGGI continue to grow strongly in the market. We have also recently introduced Breakfast Cereals with NESPLUS and Canned Beverages with NESCAFÉ RTD. This is in line with our focus on consumer led innovations, centered around nutrition, health and wellness.

We are committed to a healthier future and are continuing to enhance the nutrition profile of our products by adding ingredients like whole grains, vegetables and micronutrients and have been reducing public health sensitive nutrients. We have also taken a pledge and announced our roadmap for reduction of sodium, sugar and fat in relevant categories. We seek to make our portfolio tasty and yet more nutritious for our consumers."
