

Eurocor Tech GmbH launches innovative new Sirolimus Coated Stent “Eurolimus™”

Bonn, Germany May 25th, 2021 – Eurocor Tech GmbH, an international leader in vascular devices, such as Drug Eluting Stents (DES) and Drug Coated Balloons (DCB) technology, announces award of CE mark and the start of commercial sale of Eurolimus™, a Sirolimus Eluting Coronary Stent System.

Vivek Ramnani, Managing Director of Eurocor Tech GmbH, commented: “We are very excited to add this product to our portfolio. Eurolimus will prove to be a highly efficient addition to the coronary interventionist’s tool set. We are proud to offer a product with excellent performance and security profile while achieving one of the longest shelf-life in the industry.”

Eurolimus™ has proven to have excellent efficacy and safety within two European clinical studies with two year follow up showing extremely low rates of stent thrombosis. The Drug release covers the entire restenotic cascade to ensure proper vessel healing.
