- The wholly owned subsidiary M/s SSA International Ltd has defaulted in repayment i. obligations towards banking institutions.. As per the explanation and information furnished to us, the management was not in position to estimate or calculate the interest payable on debts due to bankers as since past many years they have not received any account statement or other relevant documentation from the bankers. Moreover the company is of the opinion as per the Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, The policy of income recognition has to be objective and based on the record of recovery. Internationally income from nonperforming assets (NPA) is not recognized on accrual basis but is booked as income only when it is actually received. Therefore, the banks should not charge and take to income account interest on any NPA. On an account turning NPA, banks should reverse the interest already charged and not collected by debiting Profit and Loss account, and stop further application of interest. Correspondingly the company has not recognized the interest expenses. However the non-recognition of interest expenses is not in accordance with Ind AS on borrowing costs requirement. In absence of information we are not able to comment upon impact, if any. However, following the RBI Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, the company has not made provision for interest on debts due to bankers after adjudication by DRT.
- ii. The wholly owned subsidiary M/s SSA international Ltd had received notice of sale of assets situated at Samalkha, District, Panipat Haryana from IDBI Bank and further the company has informed that it has come to their knowledge through newspaper advertisement that the consortium member banks have executed auction of its assets at Samalkha plant. However, in absence of any information regarding the sale of assets i.e. detail of assets sold by bank, value at which the said sale transaction has been undertaken, bank wise utilization of amount received against said sale, the company has not taken into consideration the said transaction while preparing its financial statements as on 31.03.2022 and had the company recorded the said transaction the value of property plant and equipment along with depreciation charged would reduce and the amount owed to the financial institutes would also reduced with the amount received on account of said auction sale. Further there would arise profit or loss on sale of assets and taxation implication on said transaction which will ultimately results in increase or decrease in current year profit/ loss as well as accumulated losses. Further it has come to our knowledge that similarly the consortium bankers have executed sale of assets of

directors/ guarantors mortgaged with them during the year as well as earlier years and adjusted the amount received on said auction sale with amount owed by the company to the financial institutions, however the company has not recorded the effect of such transaction in its financial statements. we are unable to comment on the consequential impact of adjustment arising there from in the results, if any, is not ascertainable.

- iii. Originally the plant of the holding company was setup at NSEZ, Noida which was later on shifted outside NSEZ during the FY 2017-18 and in march 2019 the company further changed its business premises to Plot no 163, Udyog Vihar, Greater Noida, UP- 201308 and since then no manufacturing activity has been carried on. As per the information furnished to us the company has further entered into a rent agreement in the month of January 2021 to shift its business premises to D1/3, Industrial Area, Vill-Rajarampur, Sikandrabad, Bulandshahar UP-203205 however till date the company is unable to shift its assets and business operations to new premises. We have not been provided with the copy of rent agreement to verify the term & conditions mentioned there in the group is required to determine impairment in respect of fixed assets, However the group has not done impairment testing. In the absence of any working for impairment of the fixed assets as per Ind AS 36, the impact of impairment, if any on the financial statements is not ascertainable. The wholly owned subsidiary M/s Arlin Foods Ltd has not charged any depreciation on its property, plant and equipment. The depreciation has been recognized based on of useful life and residual value estimated by the management, the estimates have been relied upon by us.
- iv. Balance of debtors are outstanding from long period and are subject to confirmation and consequential effect if any on the financial statements remains uncertain. The trade receivables of the company could not be verified as the confirmation of balances have not been provided and made available to us. Material Uncertainty Related to Going Concern

The Group has made losses during the current year and the preceding year. As a result of the losses, the liquidity position of the group has been substantially affected, the net worth of group has fully eroded and group's current liabilities exceeded its current assets as at the balance sheet date, adversely affecting the operations of the group. Moreover, no business activity has been undertaken throughout the year, indicating the existence of uncertainty about the ability of the group to continue as a going concern.

These conditions indicate the existence of a material uncertainty that may cast significant doubt on the group's ability to continue as going concern and therefore the group may be unable to realize its assets and discharge its liabilities in the normal course of business. As a result of ongoing matters, we are unable to determine as to whether any adjustment that would have been necessary and required to be made in respect of trade receivable, trade payables, borrowings, current liabilities, loans and advances and contingent liabilities as at 31st March, 2022 and in respect of the corresponding possible impact of such items and associated elements on the statement for the year ended on that date, should the group be unable to continue as a going concern. The ultimate outcome of these matters is at present not ascertainable. Accordingly, we are unable to comment on the consequential impact. If any, on the accompanying consolidated financial statements. However, the financial statements of the group have been prepared on a going concern basis.

Auditor's Responsibilities for the Audit of the Financial Results

Our objectives are to obtain reasonable assurance about whether the statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the company's internal control Evaluate the
 appropriateness of accounting policies used and the reasonableness of accounting estimates
 and related disclosures made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.
- Conclude on the appropriateness of Respective Board of Director use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the statement, including the disclosures, and whether the statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the Financial Results of the group to express an opinion on the Financial Results.

Auditors Comment

Quantification is not possible at present based on the information and explanation provided by the management.

ii) Audit Qualification The wholly owned subsidiary M/s SSA International Ltd has defaulted in repayment obligations towards banking institutions.. As per the explanation and information furnished to us, the management was not in position to estimate or calculate the interest payable on debts due to bankers as since past many years they have not received any account statement or other relevant documentation from the bankers. Moreover the company is of the opinion as per the Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, The policy of income recognition has to be objective and based on the record of recovery. Internationally income from nonperforming assets (NPA) is not recognized on accrual basis but is booked as income only when it is actually received. Therefore, the banks should not charge and take to income account interest on any NPA. On an account turning NPA, banks should reverse the interest already charged and not collected by debiting Profit and Loss account, and stop further application of interest. Correspondingly the company has not recognized the interest expenses. However the non-recognition of interest expenses is not in accordance with Ind AS on borrowing costs requirement. In absence of information we are not able to comment upon impact, if any. However, following the RBI Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances, the company has not made provision for interest on debts due to bankers after adjudication by DRT.

Management View: The Accounts of the company were classified as NPA during FY 16-17 and since than we were not able to obtain our bank loan account statements from various consortium member banks and as result of which we were not able to estimate the amount exactly owed by us to bank and interest charged by banks on the said borrowings and amount collected by bank by executing auction sale of assets of the company or its promoter/guarantor

Auditor Comment:

Quantification is not possible at present based on the information and explanation provided by the management.

Audit Qualification The wholly owned subsidiary M/s SSA international Ltd had received notice iii) of sale of assets situated at Samalkha, District, Panipat Haryana from IDBI Bank and further the company has informed that it has come to their knowledge through newspaper advertisement that the consortium member banks have executed auction of its assets at Samalkha plant. However, in absence of any information regarding the sale of assets i.e. detail of assets sold by bank, value at which the said sale transaction has been undertaken, bank wise utilization of amount received against said sale, the company has not taken into consideration the said transaction while preparing its financial statements as on 31.03.2022 and had the company recorded the said transaction the value of property plant and equipment along with depreciation charged would reduce and the amount owed to the financial institutes would also reduced with the amount received on account of said auction sale. Further there would arise profit or loss on sale of assets and taxation implication on said transaction which will ultimately results in increase or decrease in current year profit/ loss as well as accumulated losses. Further it has come to our knowledge that similarly the consortium bankers has executed sale of assets of directors/ guarantors mortgaged with them during the year as well as earlier years and adjusted the amount received on said auction sale with amount owed by the company to the financial institutions, however the company has not recorded the effect of such transaction in its financial statements. we are unable to comment on the consequential impact of adjustment arising there from in the results, if any, is not ascertainable.

Management View

The management of company has taken an opinion from independent legal counsel and has filed counter claims against the banks under the provisions of Recovery of Debt and Bankruptcy act 1993 and the Board of Director of the company are in process to appoint independent professionals to review the aforesaid matter in order to assess the impact of aforesaid matter if any on the financial statements

Auditor Comment:

Since the matter is under litigation and in absence of detailed information provided by the management we are unable to determine whether any adjustment is required along with the consequential impact. If any, on the accompanying Standalone Financial Results of the Company.

iv) Audit Qualification Originally the plant of the holding company was setup at NSEZ, Noida which was later on shifted outside NSEZ during the FY 2017-18 and in march 2019 the company further changed its business premises to Plot no 163, Udyog Vihar, Greater Noida, UP- 201308 and since then no manufacturing activity has been carried on. As per the information furnished to us the company has further entered into a rent agreement in the month of January 2021 to shift its business premises to D1/3, Industrial Area, Vill-Rajarampur, Sikandrabad, Bulandshahar UP-203205 however till date the company is unable to shift its assets and business operations to new premises. We have not been provided with the copy of rent agreement to verify the term & conditions mentioned there in The group is required to determine impairment in respect of fixed assets, However the group has not done impairment testing. In the absence of any working for impairment of the fixed assets as per Ind AS 36, the impact of impairment,

if any on the financial statements is not ascertainable. The wholly owned subsidiary M/s Arlin Foods Ltd has not charged any depreciation on its property, plant and equipment. The depreciation has been recognized based on of useful life and residual value estimated by the management, the estimates have been relied upon by us.

Management View

As per management opinion the impairment testing of PPE requires hiring of independent professional firm to ascertain the condition of PPE, however due to delayed availability of information and financial resources the impairment testing process could not be undertaken.

Auditors Comment

Quantification is not possible at present based on the information and explanation provided by the management.

v) Audit Qualification: The group has not followed the treatment for recognition and remeasurement of employee benefit costs as detailed in the Ind As 19

Management View

The company has not undertaken any business activity during the year and moreover majority of the employees of the company left the company and their dues are settled full and final over the period of time. Considering this fact, the company has not followed the treatment for recognition and remeasurement of employee benefit costs as detailed in the Ind AS 19.
