- 6) The company is undergoing substantial financial stress and severe liquidity constraints since last six months coupled with changed industrial dynamics, increasing raw material costs without commensurate increase in selling prices, time and cost overrun in completion of its projects, reduction in subsidies and incentive benefits with delay in disbursements etc. which has resulted into reduction in capacity utilization of its plants and, therefore, steep fall in sales volume and incurring of losses. During the quarter under review, the company has defaulted in debt obligation of debentures aggregating to Rs. 335.83 crores (Rs. 424.70 Crores for the period April'19 to September'19) apart from other credit facilities. Further, Company's inability to meet its obligation in relation to the payment of certain letters of credit which led to devolvement and consequent over utilization of the cash credit facilities availed by the Company for more than 30 days, delay in payment of certain term loan instalments as well as interest thereof and over utilization of certain fund based facilities availed by the Company and in view of the same on 12th June, 2019 the company has suffered downgrades in its credit rating from "BWR A-Stable" to "BWR D-Stable". However, company has made provision for interest for the whole period upto September'19. The company's ability to raise funds has been impaired and the continuity of business operations is uncertain. These developments have raised a doubt on the ability of the company to continue as a going-concern.

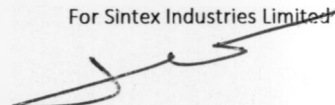

The company submitted a Comprehensive Resolution Plan to all the lenders involving the re-structuring of debt availed by the company. The proposal has been prepared in accordance with the requirement set out in the circular issued by the Reserve Bank of India No. RBI/2018-19/203.DBR.NO.BP.BC.45/21.04.048/2018-19 dated 7th June, 2019, which has not been accepted in all lenders meeting held on 5th July, 2019. However, an Inter-Creditor Agreement (ICA) for a potential restructuring of the company's liabilities has been signed on 6th July, 2019. The company is taking active steps in accordance with the requirements of lenders and is holding negotiations and discussions in this regard with the consortium of lenders to restructure its borrowings. The company is in the process of submitting a revised Resolution Plan and expects it being approved by all the lenders. The ability of the company to continue as going-concern is predicted upon infusion of funds by promoters/Investors entering the company, restructuring of its liabilities and, therefore, scale up its level of operations. In view of the actions that are currently under way, the management of the company is hopeful of a positive outcome and, therefore, these results have been prepared on the basis that the company is a going-concern.

- 7) On account of the high cost of operations and to create synergies of having operations at a single location, the management of the company is evaluating to shift manufacturing facilities of structured fabrics from its existing location at Kalol to its Yarn division at Vill. Lunsapur Tal. Jafraabad, Dist. Amreli. In view of this, the manufacturing operations of structured fabrics at Kalol is being gradually discontinued effective from 1st July, 2019. The land and factory building of its Kalol plant will be disposed of after obtaining requisite approvals including from lenders, the proceeds of which shall be utilized for repayment of borrowings. The net realizable value of these assets held for disposal as estimated by the management is in excess of its carrying value as per books of accounts of the company. The management of the company has assessed whether any provision needs to be recognised on account of the impairment of assets in respect of property, plant and equipment of its Textile Division, which shall be shifted to and shall become an integral part of its Yarn division at Vill. Lunsapur and, therefore, Considering all relevant factors, the management has determined that there is no impairment loss which needs to be provided for.
- 8) The company has recognised deferred tax liability net of deferred tax assets including MAT credit of Rs. 281.45 crores upto 30th September, 2019, however no deferred tax asset for the quarter has been recognized except in case of certainty. Ind AS-12, "Income Taxes" requires the company to determine probability of sufficient taxable income to utilize the deferred tax assets including MAT credit. - 9) Insurance claims aggregating to Rs. 35.87 crores comprising of claim of Rs. 23.09 crores of F.Y. 2016-17 and Rs. 12.78 crores of F.Y. 2018-19 are outstanding as on 30th September, 2019. We conducted our review of the statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. measurement principles laid down in the applicable Indian Accounting Standards ('Ind AS') specified under section 133 of the Companies Act, 2013 as amended read with relevant rules issued thereunder and other recognised accounting practice and policies has not disclosed the information required to be disclosed in terms of Regulation, read with the Circular, including the manner in which it is to be disclosed, or that it contains any material misstatement.

### 5. Emphasis of Matter Paragraph:

All the current developments raise doubt on the ability of the company to continue as going concern and, therefore, it may be unable to realize its asset and discharge its liabilities in the normal course of business. The ability of the company to continue as going concern is depend upon the factors described in the said Note, which are not within the company's control. The management has prepared the statement following going concern basis of accounting based on their assessment of the successful outcome of above referred actions and accordingly, no adjustments have been made to the carrying value of assets and liabilities, which may affect the results shown in the statement.
- ii. We draw attention to Note 7 to the statement with respect to impairment of assets. As describe in the said note, the management has determined that there is no impairment of assets. This estimate and judgment of the management being inherently subjective and technical as well as considering the facts of the case, we have relied upon the management representation.

- 6) The holding company is undergoing substantial financial stress and severe liquidity constraints since last six months coupled with changed industrial dynamics, increasing raw material costs without commensurate increase in selling prices, time and cost overrun in completion of its projects, reduction in subsidies and incentive benefits with delay in disbursements etc. which has resulted into reduction in capacity utilization of its plants and, therefore, steep fall in sales volume and incurring of losses. During the quarter under review the company has defaulted in debt obligation of debentures aggregating to Rs. 335.83 crores (Rs. 424.70 Crores for the period April'19 to September'19) apart from other credit facilities. Further, Holding company's inability to meet its obligation in relation to the payment of certain letters of credit which led to devolvement and consequent over utilization of the cash credit facilities availed by the holding company for more than 30 days, delay in payment of certain term loan instalments as well as interest thereof and over utilization of certain fund based facilities availed by the Holding company and in view of the same on 12th June, 2019 the holding company has suffered downgrades in its credit rating from "BWR A-Stable" to "BWR D-Stable". However, company has made provision for interest for the whole period upto September'19. The holding company's ability to raise funds has been impaired and the continuity of business operations is uncertain. These developments have raised a doubt on the ability of the company to continue as a going-concern.

The holding company submitted a Comprehensive Resolution Plan to all the lenders involving the re-structuring of debt availed by the holding company. The proposal has been prepared in accordance with the requirement set out in the circular issued by the Reserve Bank of India No. RBI/2018-19/203.DBR.NO.BP.BC.45/21.04.048/2018-19 dated 7th June, 2019, which has not been accepted in all lenders meeting held on 5th July, 2019. However, an Inter-Creditor Agreement (ICA) for a potential restructuring of the holding company's liabilities has been signed on 6th July, 2019. The holding company is taking active steps in accordance with the requirements of lenders and is holding negotiations and discussions in this regard with the consortium of lenders to restructure its borrowings. The holding company is in the process of submitting a revised Resolution Plan and expects it being approved by all the lenders. The ability of the holding company to continue as going-concern is predicted upon infusion of funds by promoters/Investors entering the holding company, restructuring of its liabilities and, therefore, scale up its level of operations. In view of the actions that are currently under way, the management of the company is hopeful of a positive outcome and, therefore, these results have been prepared on the basis that the holding company is a going-concern.

- 7) On account of the high cost of operations and to create synergies of having operations at a single location, the management of the holding company is evaluating to shift manufacturing facilities of structured fabrics from its existing location at Kalol to its Yarn division at Vill. Lunsapur Tal. Jafraabad, Dist. Amreli. In view of this, the manufacturing operations of structured fabrics at Kalol is being gradually discontinued effective from 1st July, 2019. The land and factory building of its Kalol plant will be disposed of after obtaining requisite approvals including from lenders, the proceeds of which shall be utilized for repayment of borrowings. The net realizable value of these assets held for disposal as estimated by the management is in excess of its carrying value as per books of accounts of the holding company. The management of the company has assessed whether any provision needs to be recognised on account of the impairment of assets in respect of property, plant and equipment of its Textile Division, which shall be shifted to and shall become an integral part of its Yarn division at Vill. Lunsapur and, therefore, Considering all relevant factors, the management has determined that there is no impairment loss which needs to be provided for.
- 8) The holding company has recognised deferred tax liability net of deferred tax assets including MAT credit of Rs. 281.45 crores upto 30th September, 2019, however no deferred tax asset for the quarter has been recognized except in case of certainty. Ind AS-12, 'Income Taxes' requires the company to determine probability of sufficient taxable income to utilize the deferred tax assets including MAT credit. Considering the factors described in Note 6 above, the holding company is of the view that no adjustment is required to the carrying value of deferred tax assets including MAT credit.
- 9) Insurance claims aggregating to Rs. 35.87 crores comprising of claim of Rs. 23.09 crores of F.Y. 2016-17 and Rs.12.78 crores of F.Y. 2018-19 are outstanding as on 30th September, 2019. This amount of subsidy benefit recognized is reduced from the borrowing costs in the respective years.
