Limited review report (unmodified) on unaudited quarterly consolidated financial results and consolidated year-to-date results (for companies other than banks, NBFCs and insurance companies) pursuant to Regulation 33 of the Listing Regulations

**To
Board of Directors of Sobha Limited**

We have reviewed the accompanying statement of unaudited consolidated financial results of Sobha Limited (the 'Company'), its subsidiaries (collectively referred to as 'the Group') and its joint venture for the quarter ended 31 December 2018 and the year-to-date results for the period from 1 April 2018 to 31 December 2018 attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

This statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on these consolidated financial results based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* specified under section 143(10) of the Companies Act, 2013. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the consolidated financial results are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

We did not review the financial information of 13 subsidiaries and step down subsidiaries included in the statement of unaudited consolidated financial results and consolidated year-to-date financial results, whose unaudited financial information reflect total revenue of Rs 184 million and Rs 990 million before giving effect to consolidation adjustments for the quarter ended 31 December 2018 and period from 1 April 2018 to 31 December 2018 respectively and total assets of Rs 6,776 million before giving effect to consolidation adjustments as at 31 December 2018 (quarter and year-to-date) respectively. The consolidated financial results also include the Group's share of net profit and other comprehensive income of Rs Nil for the quarter ended 31 December 2018 and period from 1 April 2018 to 31 December 2018 respectively in respect of joint venture. This unaudited financial information has been reviewed by other auditors whose reports have been furnished to us, and our conclusion on the unaudited consolidated financial results and the year-to-date results, to the extent they have been derived from such unaudited financial information is based solely on the report of such other auditors. Our conclusion is not modified in respect of such matter.

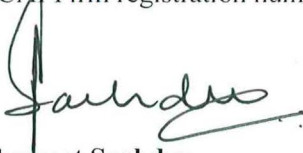

Limited review report (continued)

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited consolidated financial results prepared in accordance with applicable accounting standards i.e. Ind AS prescribed under Section 133 of the Companies Act, 2013 and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement.

The figures for the quarter and nine months ended 31 December 2018 was subject to 'Limited Review' by Statutory Auditors of the Group who have expressed an unqualified review opinion. The information presented above is prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. - (4) Ind AS 115 Revenue from contracts with customers has been notified by Ministry of Corporate Affairs (MCA) on 28 March 2018 and is effective from accounting period beginning on or after 1 April 2018, replaces existing revenue recognition standard. The application of Ind AS 115 has impacted the Group's accounting for recognition of revenue from real estate residential projects. There has been no significant impact on the contractual and manufacturing business of the Group.

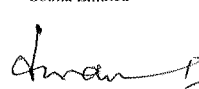

The Group has applied the modified retrospective approach to its real estate residential contracts that were not completed as of 1 April 2018 and has given impact of adoption of Ind AS 115 by debiting retained earnings as at the said date by ₹ 7,570 million (net of tax). Accordingly, the comparatives have not been restated and hence, the current period figures are not comparable to the previous period figures. Due to the application of Ind AS 115 in the current period:

- revenue from operations for the quarter and nine months ended 31 December 2018 is lower by ₹ 674 million and ₹ 4,945 million respectively,
- net profit after tax for the quarter ended 31 December 2018 is higher by ₹ 89 million and nine months ended 31 December 2018 is lower by ₹ 206 million respectively,
- basic and diluted EPS for the quarter and nine months ended 31 December 2018 is ₹ 7.36 and ₹ 19.38 instead of ₹ 6.42 and ₹ 21.55 per share.

- (5) The figures of the previous year/ period have been regrouped/ reclassified, wherever necessary.

In a tough macro and real estate industry environment, we are pleased to inform that revenue of Rs. 8.08 billion has been achieved during the third quarter, which is the highest ever quarterly revenue achieved by the company so far. We have also achieved the highest ever nine month's revenue of Rs.20.94 billion. Profit after Tax for nine months ended 31st December 2018 is the highest ever profit reported by the company.

Speaking on the occasion, Mr. J.C. Sharma, Vice Chairman and Managing Director, SOBHA Limited said, "SOBHA has entered 2019 with a positive performance backed by world-class products, multi-city operations and its distinctive backward integration model. This has enabled us to deliver 7.78 million square feet of developable area during the nine months of FY 18-19. Despite the challenging macro-environment, our sales volume and total sales value have grown by 18% and 16% respectively during the calendar year 2018 vis-à-vis calendar year 2017. The launch of our new project SOBHA Isle in Kochi has improved the sales in the Kerala market, which was impacted earlier due to the floods. Additionally, Bengaluru remains a strong market for us with 68% of the total sales volume in this quarter. With new project launches - SOBHA Dream Gardens and SOBHA Raj Vilas in Bengaluru, this market will continue to strengthen our overall sales numbers."

Commenting on the Interim Budget, Mr. Sharma said, "This is a progressive Budget that has the potential to usher the country into a new phase of development and growth. It is expected to boost the real estate sector and keep up the pace of development achieved in 2018. This Interim Budget is clearly focussed on both, the home buyers and the developers, and addresses some of the key pain points of the sector."

He added, " For affordable housing projects, the benefit under the provisions of Section 80IB-A (100% deduction on gains from these projects) has been extended for one more year, until 2020. This will provide further impetus to this segment. The tax relief on notional rent from unsold stock has been extended to two years. For buyers, no tax on notional rent on second self-occupied home, no TDS on rental income up to 2.4 lakh per year and capital gain exemption under Section 54 of Income Tax Act to be available on two house properties, (up to Rs 2 cr) once in a lifetime, will encourage home buyers to buy a second home for long-term investment. Also, the strong signal of rationalisation of GST in the

near future also augers well for the sector. With these measures bearing fruit in the medium to long term, we foresee a rise in the housing demand in in the country.”

Mr. Sharma elaborated, “Over the years, the Indian realty sector has played a pivotal role in the country’s economy. The Indian mortgage market is significantly under penetrated with mortgage to GDP only at 10%. The same is estimated to reach between 13% to 15% by 2023. Additionally, the urban population is also expected to grow at 40% by 2030. This indicates a massive opportunity for India developers, especially in the housing segment in the times to come. With domain expertise, strong financial capability, quality product and strong customer focus, SOBHA is well placed to cater to this demand and grow consistently in the coming years.”

Exceptional Execution

SOBHA’s superior execution capability is its core strength. The Company currently has ongoing real estate projects aggregating to 39.09 million square feet of developable area and 27.23 million square feet of saleable area, and ongoing contractual projects aggregating to 8.89 million square feet under various stages of construction. The Company has a real estate presence in 9 cities, viz. Bangalore, Gurgaon, Chennai, Pune, Coimbatore, Thrissur, Calicut, Cochin and Mysore.
