Limited Review Report on unaudited consolidated financial results of Strides Pharma Science Limited for the quarter ended 30 September 2023 and year to date results for the period from 01 April 2023 to 30 September 2023 pursuant to Regulation 33 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To the Board of Directors of Strides Pharma Science Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Strides Pharma Science Limited (hereinafter referred to as "the Parent"), and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") and its share of the net loss after tax and total comprehensive loss of its associates and joint venture for the quarter ended 30 September 2023 and year to date results for the period from 01 April 2023 to 30 September 2023 ("the Statement"), being submitted by the Parent pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").
2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "*Interim Financial Reporting*" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities mentioned in Annexure I of this limited review report.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We refer to Note 10 of the consolidated financial results which more fully explains the decision of the Holding Company's Board of Directors to recover the excess remuneration paid to Holding Company's erstwhile Managing Director and Chief Executive Officer in the year ended 31 March 2022. Accordingly, the Group continues to have a recoverable of Rs. 141.90 million as at 30 September 2023 in accordance with the requirements of Section 197(9) of the Companies Act, 2013.

Our conclusion is not modified in respect of this matter.

STATEMENT OF CONSOLIDATED UNAUDITED RESULTS**FOR THE QUARTER AND HALF YEAR ENDED SEPTEMBER 30, 2023****Notes:**

- 1** These financial results have been prepared in accordance with Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- 2** The above consolidated results were approved by the Audit Committee and approved by the Board of Directors at their meeting held on October 30, 2023. The statutory auditors have reviewed the results for the quarter and half year ended September 30, 2023 and have issued an unmodified opinion.
- 3** The Group has incurred loss of Rs. 1,588.15 million for the half year ended September 30, 2023, for which management obtained temporary relaxations from the respective lenders. One of its associates had also not met its covenants for March 2023 and their Management had initiated discussions with its lenders seeking certain temporary relaxations for compliance with financial covenants related to its borrowings, which have not yet been received. Further, the Company has also provided guarantees aggregating to Rs. 11,852 million in relation to the borrowings of its associate company ("the Associate"), out of which Rs. 6,585 million is outstanding as of September 30, 2023.

Continuing from previous fiscal year, the Group has continued to record positive EBITDA from operations which has improved its liquidity position. The Group has cash and cash equivalents of Rs. 989 million as at September 30, 2023 and also undrawn borrowing facilities available from certain lenders. Further, the Group had outstanding equity warrants to Promoter Group issued in previous periods, of Rs. 51.3 million, which subsequent to the quarter, has already been received and allotted.

Accordingly, based on the facts that the Group has generated positive cash flows in the previous year and expects to continue to generate positive operating cash flows in future periods, returned to positive EBITDA generation starting previous year, its ability to raise new financing facilities, additional equity infusion in the current year, management believes that the Group will be able to continue to generate sufficient cash in the foreseeable future to meet its obligations as they fall due.

- 4** During the quarter and half year ended September 30, 2023 Stelis Biopharma Limited ('the Associate') has continued to incur a loss of Rs. 1,137 million and Rs.2,208 million respectively and has a net negative working capital position amounting to Rs. 2,682 million, which includes the current maturities of non-current borrowings of Rs. 4,798 million as of September 30, 2023. The significant loss for the current quarter and half year ended September 30, 2023 has been on account of continuing operating losses, finance costs and others.

During the previous year, the Associate had inventories relating to Sputnik V, which remained unsold due to geopolitical situation between Russia and Ukraine and sanctions on Russia and Russian Direct Investment Fund (RDIF) and accordingly had recorded a provision for these inventories towards obsolescence.

The Associate has requested for temporary relaxations for compliance with the financial covenants from the lenders for fiscal 2022 and 2023 as these have not been met. However, during the year ended March 31, 2023 the shareholders / investors have infused Rs. 7,102 million by subscribing towards call against the partly paid-up shares, rights issues and as intercorporate debt. The Associate has also raised Rs. 3,205 million during the half year ended September 30, 2023 in the form of debt to continue to meet its operational expense and debt repayments obligations.

The Associate is expected to grow the business of Contract Development and Manufacturing Operations (CDMO) further during the year. During the previous financial year, Associate's facility in Bengaluru successfully completed inspection by several regulators including EMA and USFDA and one of its customer has also recently received approval from USFDA for a product filed from the site.

During the current period, the Associate entered into a Business Transfer Agreement (BT A) with Syngene International Limited for sale of Unit-3 (multimodal facility) on a lump sum basis for a consideration of Rs. 7,020 million. The consummation of the transaction is pending certain conditions precedent which are expected to be closed no later than December 31, 2023. This sale is expected to provide cash flows to the Associate to enable it to repay some of its debts.

As more fully described in Note 12, during the current quarter, the Company and Stelis has also announced a demerger from Strides and consolidation of CDMO business within Stelis by issuing shares to the shareholders of the Group and consequently listing Stelis in India.

The Associate has received letter of support from one of its shareholders who have committed to extend the necessary financial support. The Associate is also exploring various fund raising options including refinancing of debts and currently has received certain term sheets from investors / lenders which are being negotiated.

Given the mitigating factors discussed above, the Associate has concluded that it will be able to generate/raise adequate resources to continue operating for the foreseeable future and that the going concern basis for the preparation of its financial statements remains appropriate. The Company has also reviewed the developments of the quarter and continues to believe that no impairment trigger exists as of the period end for its investment in the Associate.

6 Strides Pharma Global Pte. Limited, Singapore, entered into a binding agreement with Rxilient Biohub Pte Ltd (Rxilient Biohub) for the sole of its manufacturing facility including licenses, equipment, vendor contracts and leases for a total cash consideration of USD 15 million. As part of the transaction, Rxilient Biohub will also take over the long term lease obligation of the manufacturing site from Strides Pharma Global Pte. Limited.

Accordingly, the difference between the carrying value of the assets and the consideration has been accounted for as an impairment loss under exceptional items amounting to Rs. 1,497.62 million with a corresponding tax credit of Rs. 203.37 million, resulting in net loss of 1,294.25 million during the quarter and half year ended September 30, 2023. Consequently, an amount of Rs 2,613.44 million has been classified as 'Asset held for sale' and Rs. 1,559.61 million representing the lease obligations has been classified as held for sale in line with IND AS 105 - Non Current Assets held for Sale.

7 On March 31, 2020, US Food and Drug Administration (USFDA or the Agency) issued letters to all manufacturers of Ranitidine across dosage forms requesting withdrawal of all prescription(Rx) and over-the-counter (OTC) ranitidine drugs from the market immediately. This step was based on their ongoing investigation of the N-Nitrosodimethylamine (NDMA) impurity in ranitidine medications. As a result, effective April 1, 2020, the Group has ceased further distribution of the product and is currently in the process of withdrawing the product from the market.

During the current quarter and half year ended September 30, 2023, with respect to the above mentioned recall, the Group is carrying sufficient provision for sales return and has recorded an amount of Rs. 42.10 million and Rs. 7.48 million respectively, towards other expenses related to its product withdrawal. Furthermore, the expenses recorded also includes legal fees incurred by the Group in respect of its ongoing litigations with respect to these recalled products. These amounts, in line with earlier periods, have been recorded as an expense within Exceptional items in the statement of profit and loss during the period.

8 Universal Corporation, Kenya (UCL) would have a favorable opportunity to participate and win certain local tenders if the company is a local Kenyan company, i.e. Kenyan shareholders own atleast 51% ownership in the company. In order to maximize the opportunities for UCL, the shareholders have jointly agreed to take the necessary steps that enables the company to be eligible and win such businesses enabling its future growth. During the previous year, to enable Universal Corporation, Kenya (UCL) to compete in local tender businesses in Africa which promotes local companies, the Group decided to reduce its equity shareholding below majority in UCL. Consequently, the Group also ceded away the control over the board of UCL in favour of the other existing shareholders. However, it continues to have board representation to exercise significant influence. Pursuant to above amendments, the Group concluded that it no longer exercises control over UCL and hence will account for its investment as an equity method associate. As per Ind AS 110 - Consolidated Financial Statements, the resulting gain of Rs. 156 million, on loss of control has been disclosed under exceptional items.

Subsequently, to enable UCL product portfolio and improve the manufacturing capacity utilization, the Institutional Tender Business portfolio of the Group consisting of non-exclusive IP's, inventory and receivables were transferred to UCL during the period ended September 30, 2023 for an agreed consideration of USD 15.08 million which will be received by September, 2026. This transfer of business resulted in a loss of Rs. 114 million which has been accounted under exceptional items.

Limited Review Report on unaudited standalone financial results of Strides Pharma Science Limited for the quarter ended 30 September 2023 and year to date results for the period from 01 April 2023 to 30 September 2023 pursuant to Regulation 33 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To the Board of Directors of Strides Pharma Science Limited

1. We have reviewed the accompanying Statement of unaudited standalone financial results of Strides Pharma Science Limited (hereinafter referred to as "the Company") for the quarter ended 30 September 2023 and year to date results for the period from 01 April 2023 to 30 September 2023 ("the Statement").
2. This Statement, which is the responsibility of the Company's management and approved by its Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "*Interim Financial Reporting*" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations"). Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. We refer to Note 9 of the standalone financial results which more fully explains the decision of the Board of Directors to recover the excess remuneration paid to Company's erstwhile Managing Director and Chief Executive Officer in the year ended 31 March 2022. Accordingly, the Company continues to have a recoverable of Rs. 141.90 million as at 30 September 2023 in accordance with the requirements of Section 197(9) of the Companies Act, 2013.

**STATEMENT OF STANDALONE UNAUDITED RESULTS
FOR THE QUARTER AND HALF YEAR ENDED SEPTEMBER 30, 2023**

Notes:

- 1 These financial results have been prepared in accordance with Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- 2 The above results were reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on October 30, 2023. The statutory auditor has reviewed the results for the quarter and half year ended September 30, 2023 and have issued an unmodified opinion.
- 3 The Company has profit of Rs.92.85 million for the half year ended September 30, 2023. The Company and its subsidiaries had not complied with certain financial covenants related to their respective borrowings for the fiscal year ended March 31, 2023 for which management obtained temporary relaxations from the respective lenders. One of its associates had also not met its covenants for March 2023 and their Management had initiated discussions with its lenders seeking certain temporary relaxations for compliance with financial covenants related to its borrowings, which have not yet been received. Further, the Company has also provided guarantees aggregating to Rs. 11,832 million in relation to the borrowings of its associate company ("the Associate"), out of which Rs. 6,585 million is outstanding as of September 30, 2023.
- 4 Continuing from previous fiscal year, the Company has continued to record positive EBITDA from operations which has improved its liquidity position. The Company has cash and cash equivalents of Rs. 104 million as at September 30, 2023 and also undrawn borrowing facilities available from certain lenders. Further, the Company had outstanding equity warrants to Promoter Group issued in previous periods, of Rs. 513 million, which subsequent to the quarter, has already been received and allotted .
Accordingly, based on the facts that the Company has generated positive cash flows in the previous year and expects to continue to generate positive operating cash flows in future periods, returned to positive EBITDA generation starting previous year, its ability to raise new financing facilities, additional equity infusion in the current year, management believes that the Company will be able to continue to generate sufficient cash in the foreseeable future to meet its obligations as they fall due.
- During the quarter and half year ended September 30, 2023, Stels Biopharma Limited ('the Associate') has continued to incur a loss of Rs. 1,137 million and Rs.2,208 million respectively and has a net negative working capital position amounting to Rs. 2,682 million, which includes the current maturities of non-current borrowings of Rs. 4,798 million as of September 30, 2023. The significant loss for the current quarter and half year ended September 30, 2023 has been on account of continuing operating losses, finance costs and others.
- During the previous year, the Associate had inventories relating to Sputnik V, which remained unsold due to geopolitical situation between Russia and Ukraine and sanctions on Russia and Russian Direct Investment Fund (RDIF) and accordingly had recorded a provision for these inventories towards obsolescence. The Associate has requested for temporary relaxations for compliance with the financial covenants from the lenders for fiscal 2022 and 2023 as these have not been met. However, during the year ended March 31, 2023, the shareholders / investors have infused Rs. 7,102 million by subscribing towards call against the partly paid-up shares, rights issues and as intercorporate debt. The Associate has also raised Rs. 3,205 million during the period ended September 30, 2023 as debt to continue to meet its operational expense and debt repayments obligations.
- The Associate is expected to grow the business of Contract Development and Manufacturing Operations (CDMO) further during the year. During the previous financial year, Associate's facility in Bengaluru successfully completed inspection by several regulators including EMA and USFDA and one of its customer has also recently received approval from USFDA for a product filed from the site.
- During the current period, the Associate entered into a Business Transfer Agreement (BTA) with Syngene International Limited for sale of Unit-3 (multimodal facility) on a stump sale basis for a consideration of Rs. 7,020 million. The consummation of the transaction is pending certain conditions precedent which are expected to be closed no later than December 31, 2023. This sale is expected to provide cash flows to the Associate to enable it to repay some of its debts.
- As more fully described in Note 7, during the current quarter, the Company and Stels has also announced a demerger from Strides and consolidation of CDMO business within Stels by issuing shares to the shareholders of the Company and consequently listing Stels in India.
- The Associate has received letter of support from one of its shareholders who have committed to extend the necessary financial support. The Associate is also exploring various fund raising options including refinancing of debts and currently has received certain term sheets from investors / lenders which are being negotiated.
- Given the mitigating factors discussed above, the Associate has concluded that it will be able to generate/raise adequate resources to continue operating for the foreseeable future and that the going concern basis for the preparation of its financial statements remains appropriate. The Company has also reviewed the developments of the quarter and continues to believe that no impairment trigger exists as of the period end for its investment in the Associate.
