No impact was taken in the books for deferred tax assets/liabilities except for re measurement required in Ind AS -101 (First time adoption of Ind AS)

Management reply to Auditor's Qualification:

Regarding the observations made by Auditors for the Ind AS – 12 (Accounting for Taxes on Income), we comment that the Company is paying its tax liability calculated as per the provisions of MAT under Section 115JB of Income Tax Act, 1961. The deferred tax assets and liabilities arises on account of timing difference of some of the items which has been mentioned in the Income Tax Act and are notional items which do not have any bearing on the profitability of the Company. Therefore, its impact is taken in the books of accounts it will not have any bearing on any profitability of the Company. Further, there is no convincing evidence of virtual certainty of realization of deferred tax asset arising out of timing difference.
