## **Independent Auditors' Report on Consolidated Annual Financial Results of UPL Limited pursuant to the Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015**

To  
The Board of Directors of  
UPL Limited

We have audited the consolidated annual financial results of UPL Limited ('the Company') and its subsidiaries (collectively referred to as 'the Group'), its associates and its joint ventures entities as listed in Annexure - I for the year ended 31 March 2019 ('the Statement'), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'). Attention is drawn to the fact that the figures for the quarter ended 31 March 2019 and the corresponding quarter ended in the previous year as reported in these consolidated annual financial results are the balancing figures between consolidated audited figures in respect of the full financial year and the published year to date consolidated figures upto the end of the third quarter of the relevant financial year. Also the figures up to the end of the third quarter had only been reviewed and not subjected to audit.

These consolidated annual financial results have been prepared from consolidated annual financial statements and reviewed quarterly consolidated financial results upto the end of the third quarter, which are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated annual financial results based on our audit of such consolidated annual financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in the Companies (Indian Accounting Standards) Rules 2015, as per Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and in compliance with Regulation 33 of Listing Regulations.

We conducted our audit in accordance with the auditing standards generally accepted in India. The standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

**Independent Auditors' Report on Consolidated Annual Financial Results of UPL Limited pursuant to the Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Continued)**

We did not audit the financial statements of 99 subsidiaries included in the consolidated annual financial results, whose annual financial statements reflect total assets of Rs 135,582 crores as at 31 March 2019 as well as the total revenue of Rs. 26,138 crores for the year ended on that date. The consolidated annual financial results also include the Group's share of net profit (and other comprehensive income) of Rs 14 crores for the year ended 31 March 2019, in respect of 18 associates and 3 joint ventures, whose annual financial statements have not been audited by us. These annual financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the consolidated annual financial results, to the extent they have been derived from such annual financial statements is based solely on the reports of such other auditors.

Certain of these subsidiaries, associates and joint ventures, which are located outside India whose annual financial statements and other financial information have been prepared in accordance with the accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the annual financial statements and other financial information of such subsidiaries, associates and joint ventures located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries, associates and joint ventures located outside India is based on the reports of other auditors and the conversion adjustments prepared by the Management of the Company and audited by us.

Our opinion on the consolidated annual financial results is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

In our opinion and to the best of our information and according to the explanations given to us and based on consideration of reports of other auditors on separate financial statements of the subsidiaries, associates and joint ventures as aforesaid, these consolidated annual financial results:

- i. include the annual financial results of the entities listed in Annexure I;
- ii. have been presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- iii. give a true and fair view of the net consolidated profit and other comprehensive income and other financial information for the year ended 31 March 2019.

Notes :

The business of the Group is divided into two business segments. These segments are the basis for management control and hence form the basis for reporting. The business of each segment comprises of:

a) Agro activity – This is the main area of the Group's operations and includes the manufacture and marketing of conventional agrochemical products, seeds and other agricultural related products.

b) Non Agro activity – Non agro activities includes manufacture and marketing of industrial chemicals and other non agricultural related products.

Based on the "management approach" defined in Ind AS 108 – Operating Segments, the Chief Operating Decision Maker evaluates the Group's performance and allocate resources based on an analysis of various performance indicators by business segments. Accordingly information has been presented along these segments.

## **Independent Auditor's Report on the Standalone Financial Results of UPL Limited pursuant to Regulation 33 and Regulation 52 read with Regulation 63(2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015**

To Board of Directors of  
UPL Limited

We have audited the standalone annual financial results of UPL Limited ('the Company') for the year ended 31 March 2019, attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 and Regulation 52 read with Regulation 63(2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'). Attention is drawn to the fact that figures for the last quarter ended 31 March 2019 and the corresponding quarter ended in the previous year as reported in these standalone annual financial results are the balancing figures between audited figures in respect of the full financial year and the published year to date figures upto the end of the third quarter of the relevant financial year. Also the figures up to the end of the third quarter had only been reviewed and not subjected to audit.

These standalone annual financial results have been prepared on the basis of the annual standalone financial statements and reviewed quarterly standalone financial results which are the responsibility of the Company's Management. Our responsibility is to express an opinion on these standalone annual financial results based on our audit of the annual standalone financial statements which have been prepared in accordance with the recognition and measurement principles laid down in the Companies (Indian Accounting Standards) Rules, 2015 as per Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and in compliance with the Listing Regulations.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the standalone annual financial results are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as standalone financial results. An audit also includes assessing the accounting principles used and significant estimates made by Management. We believe that our audit provides a reasonable basis for our opinion.

In our opinion and to the best of our information and according to the explanations given to us these standalone financial results:

- (i) are presented in accordance with the requirements of Regulation 33 and Regulation 52 read with Regulation 63(2) of the Listing Regulations in this regard; and
- (ii) give a true and fair view of the net profit and other comprehensive income and other financial information for the year ended 31 March 2019.

**Independent Auditor's Report on the Standalone Financial Results of UPL Limited pursuant to Regulation 33 and Regulation 52 read with Regulation 63(2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Continued)**

We draw attention to Note 4 of the annual standalone financial results, relating to the accounting treatment of goodwill aggregating Rs. 3,697 crores arising on amalgamation of Advanta Limited with the Company accounted during the quarter ended 30 June 2016 and amortization of the said goodwill arising therefrom both of which are different from the treatment prescribed under Indian Accounting Standard (Ind AS) 103 – 'Business Combinations' for business combination of entities under common control. Had the accounting treatment prescribed under Ind AS 103 been followed, profit after tax reported for the quarter and year ended 31 March 2019 would have been higher by Rs. 92 crores and Rs. 370 crores, respectively. Our opinion is not qualified in respect of this matter.

**Notes :**

The business of the Company is divided into two business segments. These segments are the basis for management control and hence form the basis for reporting. The business of each segment comprises of:

a) Agro activity – This is the main area of the Company's operations and includes the manufacture and marketing of conventional agrochemical products, seeds and other agricultural related products.

b) Non-agro activity – Non agro activities includes manufacture and marketing of industrial chemicals and other non agricultural related products.

Based on the "management approach" defined in Ind AS 108 - Operating Segments, the Chief Operating Decision Maker evaluates the company's performance and allocate resources based on an analysis of various performance indicators by business segments. Accordingly information has been presented along these segments.
