**Mumbai, 28**<sup>th</sup> **October 2021:** Westlife Development Limited (BSE: 505533) ("WDL"), owner of Hardcastle Restaurants Pvt. Ltd. ("HRPL"), the master franchisee of McDonald's restaurants in West and South India, announced unaudited financial results for the quarter ended **September 30, 2021**. The results were taken on record by the Board of Directors at a meeting held today.

In the quarter under review, the Company's revenues surged by a robust 84% YoY to ₹ 3,854.2 million, with the Same Store Sales Growth also at a solid 84% YoY.

This growth has been driven by both – the Company's convenience channels that continued to accelerate and dine-in that built up strong and fast. Convenience channels that include delivery, take-out, drive-thru and on-the-go grew by a robust 77% over last year. This is in spite of a strong recovery in dine-in revenues, which almost doubled over same quarter last year.

This reinforces the fact that with its pivot to being an omni-channel brand, the Company has acquired new customers and created new use-cases. This is driving incremental revenues without any business cannibalization.

September 2021 - when most restrictions were eased - saw a 103% recovery vis-à-vis September 2019 which was pre covid. The Company saw complete recovery across all its markets despite continued restrictions on time and capacity in some key cities. Its delivery sales grew 50% over September 2019 – again a testimony to the strong convenience channel that the Company has built over the last 18 months.

The Company continued to hold strong on its margin performance, despite all inflationary pressures. Its Gross Margins surged by 87.5% YoY while Restaurant Operating Margins jumped by a robust 204%. As a result, its Operating EBITDA surged 11 times YoY to Rs 457.4 million.

Earlier this month, Westlife Development announced that it will be investing INR 800-1000 crores in the business over the next 3-5 years. It aims to double its footprint, reimage all restaurants to EOTF, further strengthen its technology prowess and drive cutting edge menu innovation.

Commenting on the financial results for the quarter ended September 30, 2021, Mr. Amit Jatia, Vice-Chairman of Westlife Development Limited, said, "With this strong performance, I believe, a newer and stronger normal has emerged for us. We will continue to make bold moves to reinforce our market leadership. In the coming months, we will pick up the pace on store expansion, adding close to 30-35 new stores in our core and emerging markets, thus increasing our penetration. While this will help grow our topline, an upward trending AUV, aided by burger leadership, chicken leadership and McCafé will help us both enhance both topline and profitability."

Menu innovation, omni-channel acceleration and network expansion remain the cornerstones of Westlife Development's growth strategy. The Company has been adding new, clutter-breaking products and is the only QSR to have relevant offerings across all day-parts – including breakfast, snacks, coffee, lunch, dinner and desserts. More recently, the Company has introduced McSpicy Fried Chicken in the South market that has received phenomenal response from the customers. This quarter, it also introduced two new immunity boosting beverages – Turmeric Latte and Masala Kadak Chai – to its McCafé portfolio. It also added new products to its exclusive McBreakfast menu. The Company's all day-part menu gives it a unique competitive advantage in terms of AUV, which has been a key strength for brand McDonald's globally as well.

The Company has also taken a future forward view on its digital investments and traversed a strong journey to being a food tech company. It has pivoted to being a truly omni-channel, convenient, digitally driven brand that is aiding revenue optimization.

During the quarter, Westlife added 5 new McDonald's restaurants taking the total count to 310. It also added 6 McCafés and 8 new Experience of the Future (EoTF) restaurants, aimed at elevating the customer experience. The company has put all the building blocks in place for the future and is confident of sustaining business momentum.

Notes :-

1 The second wave of COVID-19 pandemic was inforce from the start of FY 22 that has brought disruption in economies and businesses around the world, and the Group was no exception. Localised lockdowns and mobility restrictions imposed by States in all permitting dine-in in restaurants, in a phased manner. The Group's priorities have been to serve safe and hygienic food to its customers with focus on convenience and recovery of dine-in. The Group has considered the possible effects that to contain the sharp increase in daily COVID-19 infections in the second wave rendered the operating environment during the previous quarter challenging and impacted the strong recovery momentum witnessed in recent quarters. The situation continues to improve with the progressive easing of restrictions and increased mobility from mid-June'21. The Group has adopted adequate safety measures in re-opening of its restaurants, in compliance with the directives issued by the authorities for may result from the COVID-19 pandemic in the preparation of these interim consolidated financial results including the recoverability of carrying amounts of financial and non-financial assets. On the basis of the current assessment and estimates, the Group does not see risk of recoverability of its assets and accordingly no material adjustment is required in these interim consolidated financial results. Given the uncertainties associated with the nature, condition and duration of COVID -19 pandemic, the impact assessment on the Group's financial results will be continuously made and provided for as required

In view of the economic situation emanating from the outbreak of COVID 19 pandemic, the Group had undertaken an exercise of reviewing its restaurant network with the objective of optimization and had closed 19 restaurants during the year ended March

31,2021. Asset written off of Rs 1404.86 lacs for the year ended March 31,2021 includes provision of Rs. 1152.31 lacs made towards carrying value of property plant and equipment located at the closed restaurants.

The Group is in the Quick Service Restaurant (QSR) business and its inventory comprises of food items which are perishable in nature and have a short shelf life. The outbreak of COVID 19 pandemic in March 2020 lead to lock down across the country which in turn resulted in lower footfalls and reduced demand for the Group's products. Accordingly, during the year ended 31 March 2020, the Group had made a provision of Rs.1,663.12 lakhs towards write off of food inventory and related onerous commitments. The balance of such provision remaining unutilised amounting to Rs. 418.60 lakhs was written back during the year ended March 31, 2021.

Pursuant to the Board resolution dated August 13, 2021 passed by the Company and Shareholder's resolution dated September 13, 2021 passed at the Hardcastle Restaurants Private Limited (HRPL) Annual General Meeting, HRPL has filed for capital reduction scheme with the National Company Law Tribunal (NCLT) for necessary approvals in the current quarter. As per proposed scheme, carried forward losses of HRPL as on June 30, 2021 will be adjusted partially against the securities premium account and balance by reducing the paid-up share capital of HRPL. The said scheme is pending for approval and does not have impact on Unaudited Consolidated Financial Results presented herewith 4 2

The Company focusses on establishing and operating McDonald's restaurants across West and South India, through its wholly owned subsidiary Hardcastle Restaurants Private Limited (HRPL) and the management considers that these restaurants constitute a single business segment and hence disclosure of segment wise information is not required under Ind AS-108 - "Operating Segments". The Group has only one geographical segment as it caters to the needs of the domestic market only.
