Notes to the Audited Consolidated Financial Results

1. The Audited Consolidated Financial Results for the quarter and year ended March 31, 2023 have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on May 16, 2023.
2. These Audited Consolidated Financial Results are compiled / extracted from the Audited Consolidated Financial Statements for the year ended March 31, 2023 Audited Interim Condensed Consolidated Financial Statements for the quarter and nine months ended December 31 2022 and Audited Consolidated Financial Statements for the year ended March 31, 2022, which are prepared in accordance with Indian Accounting Standards ('Ind AS') as prescribed under Section 133 of the Companies Act, 2013 read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other accounting principles generally accepted in India. The said Audited Consolidated Financial Results represent results of the Group, and it's share in the results of associates and joint ventures.

The Audited Consolidated Financial Results for the quarter ended March 31, 2023 and March 31, 2022 are the balancing figures between audited figures in respect of the full financial year and the audited published year to date figures of the third quarter of the respective financial year.

3. During the quarter ended March 31, 2023, upon approval of Hon'ble National Company Law Tribunal, Chandigarh Bench, vide its order received on January 25, 2023 in certified copy, the composite scheme of arrangement between Nettle Infrastructure Investments Limited ('Nettle'), Telesonic, their respective shareholders and the Company, under sections 230 to 232 along with other applicable provisions of the Companies Act, 2013 ('Scheme') for amalgamation of Nettle and Telesonic, wholly-owned subsidiaries, with the Company has become effective from February 1, 2023, with an appointed date of April 1, 2022 in accordance with the Scheme. The effect of the scheme has been given in the quarter ended December 31, 2022.

Consequently, the authorised share capital of Nettle and Telesonic has been added to the authorised share capital of the Company. Accordingly, as on the date of these Audited Consolidated Financial Results, the authorised equity share capital of the Company is Rs. 148,730.4 million divided into 29,746,080,000 equity shares of Rs. 5 each.

4. During the quarter ended March 31, 2023, the Company has, in accordance with the terms of the Offering Circular dated January 14, 2020 w.r.t. USD 1,000 million 150% Convertible Bonds due 2025 ('FCCBs'), allotted 10,714,083 equity shares of the face value of Rs. 5 each fully paid up at a conversion price of Rs. 521 per equity share, against the conversion request of FCCBs of USD 77.5 million. Subsequent to the quarter ended March 31, 2023, the Company has further allotted 844,407 equity shares of the face value of Rs. 5 each fully paid up at a conversion price of Rs. 521 per equity share, against the conversion request of FCCBs of USD 6.11 million.
5. Subsequent to the quarter ended March 31, 2023, the Company has entered into a binding term-sheet to combine operations of Bharti Airtel Lanka (Private) Limited, its wholly-owned subsidiary, with Dialog Axiata Plc ('Dialog'). The proposed transaction envisages the Company will be granted a stake in Dialog which is subject to signing of definitive agreements and necessary closing conditions including applicable regulatory and shareholder approvals.

6. On April 26, 2023, Indus Towers Limited, a Joint Venture Company ('JVC') of the Company, in its Audited Consolidated Financial Results for the quarter and year ended March 31, 2023 reported certain matters relating to one of its large customers ('customer'), which is summarised below:

The said customer accounts for substantial part of revenue from operations for the quarter and year ended March 31, 2023 and constitutes a significant part of trade receivables outstanding and unbilled revenue as at March 31, 2023. The said customer has indicated in its latest published unaudited results for the quarter and nine months ended December 31, 2022, that its ability to continue as a going concern is dependent on raising additional funds, negotiations with lenders & vendors and generation of cash flows from operations. The said customer had informed the JVC that a funding plan was under discussion with its lenders and had agreed to a payment plan with the JVC to pay part of the monthly billing till December 2022 and 100% of the amounts billed from January 2023 onwards. As regards the dues outstanding as on December 31, 2022, it had agreed to pay the dues between January 2023 and July 2023.

However, during the current quarter, the funding plan of the said customer did not materialise and the said customer has indicated challenges in making the committed payments pertaining to the outstanding amount due as at December 31, 2022. Although, the said customer has been paying an amount equivalent to monthly billing from January 2023.

The JVC, subject to the terms and conditions agreed between the parties, has a secondary pledge over promoter's remaining shares held in the JVC and a corporate guarantee provided by said customer's promoter which could be triggered in certain situations and events in the manner agreed between the parties. However, this is not adequate to cover the total outstanding with the said customer.

The potential loss of the said customer due to its ability to continue as a going concern or the failure to attract new customers could have an adverse effect on the business, results of operations and financial position of the JVC and amounts receivable (including unbilled revenue) and carrying amount of property, plant and equipment related to the said customer.

Notes:

- SEBI, vide its Circular No. SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2023/049 dated March 31, 2023, has extended contiguous block of two years (over which Large Corporates are required to meet the mandatory requirement of raising minimum 25% of their incremental borrowings in a Financial Year through issuance of debt securities) to a contiguous block of three years (from the present requirement of two years) reckoned from FY 2021-22 onwards;
- Unaudited figures of Incremental borrowing (i) excluding Non-convertible debentures (NCDs) of INR 3,000 Crores issued by Telesonic Networks Limited (Telesonic) on August 02, 2021 and transferred from Telesonic to the Company during FY 2022-23 in terms of composite scheme of arrangement under Section 230-232 of the Companies Act, 2013 between Nettle Infrastructure Investments Limited and Telesonic and their respective shareholders and the Company (Scheme) made effective from February 01, 2023. The Company became the issuer of these NCDs and discharged the liability in respect of the same pursuant to the Scheme; and (ii) excluding liability w.r.t. DoT dues and Finance Lease Obligation, as the same is not 'incremental borrowing' for the purpose of the SEBI Circulars; and
- Actual amount of borrowing of INR 2,250 Crores through debt securities in FY 2022-23, is arrived after the consideration of aforesaid Telesonic's NCDs transferred to the Company reduced by 25% (INR 750 Crores) utilized by Telesonic towards its mandatory borrowing requirements for FY 2021-22.

Kindly take the above on record.

INDEPENDENT AUDITOR'S REPORT ON AUDIT OF QUARTERLY AND ANNUAL CONSOLIDATED FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF BHARTI AIRTEL LIMITED

Opinion

We have audited the accompanying Statement of Audited Consolidated Financial Results for the quarter and year ended March 31, 2023 of **BHARTI AIRTEL LIMITED** ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), and its share of the net profit after tax and total comprehensive income of its joint ventures and associates for the quarter and year ended March 31, 2023, ("the Consolidated Financial Results" / "the Statement"), being submitted by the Parent pursuant to the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the audit report of other auditor on separate financial information of an associate referred to in Other Matters section below, the Statement:

- (i) includes the results of the entities as given in Annexure to this report;
- (ii) is presented in accordance with the requirements of the Listing Regulations; and
- (iii) gives a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standards ('Ind AS') as notified by the Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act'), read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other accounting principles generally accepted in India of the consolidated net profit and consolidated total comprehensive income and other financial information of the Group, its associates and joint ventures for the quarter and year ended March 31, 2023.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor's Responsibilities for audit of the Consolidated Financial Results section below. We are independent of the Group, its associates and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Results under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their report referred to in Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion.

MLL

Emphasis of Matter

Material uncertainty at one of the largest customer of Indus Towers Limited, a Joint Venture and its consequential impact on Joint Venture Company's business operations

We draw attention to Note 6 of the Statement, which describes the impact on business operations, receivables, property, plant and equipment and financial position of the Joint Venture Company on account of the Joint Venture Company's one of the largest customer's financial condition and its ability to continue as a going concern.

The customer's assumption of going concern is essentially dependent on its ability to raise additional funds as required and successful negotiations with lenders and vendors for continued support and generation of cash flow from its operations that it needs to settle its liabilities as they fall due.

Our opinion is not modified in respect of this matter.

Management's and Those Charged with Governance Responsibilities for the Statement

This Statement, which is the responsibility of the Company's management and has been approved by the Board of Directors for issuance. The Statement has been compiled from the related Audited Consolidated Financial Statements as at and for the year ended March 31, 2023; Audited Interim Condensed Consolidated Financial Statements as at and for the quarter and nine months ended December 31, 2022 and Audited Consolidated Financial Results for the quarter and year ended March 31, 2022. This responsibility includes the preparation and presentation of the Consolidated Financial Results that give a true and fair view of the consolidated net profit and consolidated other comprehensive (loss)/income and other financial information of the Group including its associates and joint ventures in accordance with the recognition and measurement principles laid down in the Ind AS and other accounting principles generally accepted in India and in compliance with the Listing Regulations.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and joint ventures and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of this Consolidated Financial Results by the Directors of the Parent, as aforesaid.

In preparing the Consolidated Financial Results, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

Auditor's Responsibilities for the audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

ML

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Consolidated Financial Results. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under the Listing Regulations.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Results, including the disclosures, and whether the Consolidated Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.
- Perform procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations to the extent applicable.
- Obtain sufficient appropriate audit evidence regarding the Standalone Financial Results, entities within the Group and its associates and joint ventures to express an opinion on the Consolidated Financial Results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Consolidated Financial Results of which we are the independent auditors. For the other entity included in the Annual Consolidated Financial Results, which have been audited by the other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Results.

We communicate with those charged with governance of the Parent and such other entities included in the Consolidated Financial Results of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

NML

Deloitte Haskins & Sells LLP

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations, as amended, to the extent applicable.

Other Matters

- a) The Consolidated Financial Results also includes the Group's share of net profit after tax of Rs. 85 million and Rs. 164 million for the quarter and year ended March 31, 2023, respectively and total comprehensive income of Rs. 114 million and Rs. 183 million for the quarter and year ended March 31, 2023, respectively as considered in the Consolidated Financial Results, in respect of an associate whose financial information has not been audited by us. These financial information of this associate have been audited by other auditor and our opinion on the Consolidated Financial Results, in so far as it relates to the amounts and disclosures included in respect of this associate, is based solely on the report of the other auditor.

Our opinion on the Statement is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor.

- b) The Statement includes the results for the quarter ended March 31, 2023 being the balancing figure between audited figures in respect of the financial year ended March 31, 2023 and the audited year to date figures up to the nine months ended December 31, 2022.

Our opinion on the Statement is not modified in respect of the above matter.

INDEPENDENT AUDITOR'S REPORT ON AUDIT OF QUARTERLY AND ANNUAL STANDALONE FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF BHARTI AIRTEL LIMITED Opinion

We have audited the accompanying Statement of Audited Standalone Financial Results for the quarter and year ended March 31, 2023 of **BHARTI AIRTEL LIMITED** ("the Company"), ("the Standalone Financial Results" / "the Statement"), being submitted by the Company pursuant to the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- (i) is presented in accordance with the requirements of the Listing Regulations; and
- (ii) gives a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standards ('Ind AS') as notified by the Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act'), read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other accounting principles generally accepted in India of the net profit / (loss) and total comprehensive income / (loss) and other financial information of the Company for the quarter and year ended March 31, 2023.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor's Responsibilities for Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Results under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Management's and Those Charged with Governance Responsibilities for the Statement

This Statement, which is the responsibility of the Company's management and has been approved by the Board of Directors for issuance. The Statement has been compiled from the related Audited Standalone Financial Statements as at and for the year ended March 31, 2023; Audited Interim Condensed Standalone Financial Statements as at and for the quarter and nine months ended December 31, 2022 and Audited Standalone Financial Results for the quarter and year ended March 31, 2022 (to be read with note 3 of the Statement). This responsibility includes the preparation and presentation of the Standalone Financial Results for the quarter and year ended March 31, 2023 that give a true and fair view of the net profit / (loss) and other comprehensive income / (loss) and other financial information in accordance with the recognition and measurement principles laid down in the Ind AS and other accounting principles generally accepted in India and in compliance with the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and

nmw

completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Results that give a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Results, the Board of Directors are responsible for assessing the Company's ability, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Results as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Standalone Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal financial controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under the Listing Regulations.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Results, including the disclosures, and whether the Standalone Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the Standalone Financial Results of the Company to express an opinion on the Standalone Financial Results.

mm

Deloitte Haskins & Sells LLP

Materiality is the magnitude of misstatements in the Standalone Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The Statement includes the results for the quarter ended March 31, 2023 being the balancing figure between audited figures in respect of the financial year ended March 31, 2023 and the audited year to date figures up to the nine months ended December 31, 2022.

Our opinion on the Statement is not modified in respect of this matter.

Gurugram, India, May 16, 2023: Bharti Airtel Limited (“Bharti Airtel” or “the Company”) today announced its audited consolidated results for the fourth quarter ended March 31, 2023.

Q4’23 Performance:

The consolidated revenues for Q4’23 at Rs 36,009 crore grew 14.3% YoY. Consolidated mobile data traffic at 14,030 PBs in the quarter with a healthy YoY growth of 21.5%.

India revenues for Q4’23 at Rs 25,250 crore, increased by 12.2% YoY. Mobile revenues grew by 11.5% YoY on account of improved realisation as well as strong 4G customer additions during the year. ARPU for the quarter stood at Rs 193 as compared to Rs 178 in Q4’22 on the back of our continued focus on acquiring quality customers and delivering enhanced customer experience.

In order to simplify the new technology for customers and get them to experience the real difference of 5G, Airtel has created 5G experience zones across all its retail stores in the country. Through these specially curated zones, Airtel is demonstrating the power of 5G to consumers by bringing to life its blazing data speeds and the emerging use cases like immersive virtual reality entertainment, cloud gaming and more.

We strengthened our leadership position in Postpaid segment with a customer base of 35.6 Mn (including IoT). We continue to garner strong share of the 4G customers in the market and added 23.3 Mn 4G data customers to our network over last year, an increase of 11.6% YoY. ARPU continues to be the best in industry and average data usage per data customer at 20.3 GBs/month.

We rolled out additional ~12.5k towers in the quarter to further strengthen our network coverage and provide ubiquitous connectivity. Several initiatives have also been undertaken to improve Network quality – leveraging digital tools/probes to monitor and improve customer experience.

Homes business continues its strong momentum and delivers a revenue growth of 25.2% YoY, result of company’s strategy to harness the growing need for reliable and consistent broadband in India. We added 404 k customers during the quarter to reach to a total base of 6.0 Mn. We continue to accelerate our rollouts on the back of innovative asset light local cable operator’s partnership model, we are now live in 1199 cities through this model.

Airtel Business continues to strengthen its numero uno position with 14.5% YoY revenue growth by leveraging the converged portfolio of Airtel and harvesting the rapidly increasing demand for data and connectivity related solutions. Our strategy of going both wide to penetrate more accounts as well as deep has led to continuous outperformance and market share expansion. Our emerging digital products are also yielding results and enabling businesses to create a nimble, scalable, and omni-channel engagement for their customer.

Digital TV continues to consolidate its strong market position with 15.9 Mn customer base at the end of quarter. Company’s strategy of offering simplified pricing and differentiated converged experience to win high value customers has led to gain in market share amidst the macro challenges.

We have been scaling our digital capabilities to deliver best-in-class experience and offering differentiated digital services to our customers. We have robust customer base of ~200 Mn MAUs across our key digital assets – Thanks, Xstream and Wynk. In our continuous endeavour to deliver additional value proposition to our customers through innovation, Airtel Xstream is offering content from FanCode to its subscribers. Addition of FanCode, India’s premier digital sports destination, significantly augments the portfolio of our offerings.

There are ~1.2 million retailers transacting and making payments every day on Mitra App.

Bharti Airtel Limited – Media Release March 31, 2023

Consolidated EBITDA witnessed an increase of 17.6% YoY to Rs 18,807 crore in Q4'23. This led to an improvement in EBITDA margin from 50.8% in Q4'22 to 52.2% in Q4'23 on the back of continued focus on our War on Waste program to drive cost optimization. EBITDA margins across businesses remained healthy, with India EBITDA margins improving from 50.8% in Q4'22 to 53.1% in Q4'23.

Consolidated EBIT increased by 28.3% YoY to Rs 9,387 crore. The Consolidated Net Income before exceptional items for the quarter stands at Rs 2,592 crore. The Consolidated Net income after exceptional items grew by 49.7% YoY to Rs 3,006 crore.

The Net Debt-EBITDA ratio (annualized) and including the impact of leases as on March 31, 2023 is at 2.83 times. We continue to optimize the capital structure by judiciously allocating capital across our business to strengthen the balance sheet.

For FY23, the Board has recommended a final dividend of Rs. 4 per fully paid-up equity share of face value of Rs. 5 each and Rs. 1 per partly paid-up equity share of face value of Rs. 5 each (paid-up Rs. 1.25 per equity share)

In a statement, Gopal Vittal, MD, said:

“This has been another strong quarter as we end the fiscal year having further strengthened our portfolio. Our consolidated revenue grew sequentially by 0.6%, while EBITDA margin expanded to 52.2% despite there being two fewer days in the quarter. Our focus on acquiring quality customers has resulted in 7.4 million new 4G customers, as we exit the quarter with an industry leading ARPU of Rs. 193. A simple strategy and our relentless focus on execution has ensured that we close the year with market share gains across all businesses. We are also pleased to see the increased velocity of our digital deliveries across all parts of our business. This has been due to our sustained focus on digital platforms and talent.

We continue to ramp up our 5G roll out and expect to connect all major towns and key villages by the end of this year.”

SECTION 5

MANAGEMENT DISCUSSION AND ANALYSIS

5.1 India SA

1. Key Industry Developments

A. Digital Personal Data Protection Bill, 2022:

- Ministry of Electronics and Information Technology released a new draft of the proposed personal data protection legislation called the Digital Personal Data Protection Bill, 2022. The Bill is the fourth iteration of proposed data protection framework. Airtel submitted its response on various aspects of the bill such as Definition clarity, prospective applicability, data localization, adopting global best practises and phased implementation. The Bill has been approved by the Cabinet, and is expected to be tabled in Monsoon session of the Parliament.

B. TRAI Directions curbing Unsolicited Commercial Communications

- TRAI on 16.02.2023 issued Directions to Access Providers to stop misuse of Headers and Message Templates, and to curb unauthorized promotions using telecom resources under TCCCPR-2018.

2. Key Company Developments

A. Dividend

For FY23, the Board has recommended a final dividend of Rs. 4 per fully paid-up equity share of face value of Rs. 5 each and Rs. 1 per partly paid-up equity share of face value of Rs. 5 each (paid-up Rs. 1.25 per equity share).

B. 5G Roll out

- Airtel has created 5G experience zones across all its retail stores in the country. Through these specially curated zones, Airtel is demonstrating the power of 5G to consumers by bringing to life its blazing data speeds and the emerging use cases like immersive virtual reality entertainment, cloud gaming and more. As an industry leader, Airtel has taken the lead to simplify the new technology for customers and get them to experience the real difference of 5G. Customers can experience it at Airtel's 1000+ stores which will have specially trained executives who will not only demonstrate use cases but will also answer all 5G related questions along with Airtel's own offerings.
- Airtel 5G Plus service is now available to customers in over 3000 cities and towns in the country. Airtel 5G Plus service availability will continue to rapidly expand as the company is working towards offering nationwide coverage. Airtel is now offering its 5G services in every major city from the upper northern city of Jammu to the southern tip of Kanyakumari. Airtel 5G Plus has three compelling advantages for its customers: it has up to 30 times higher speeds than 4G, a technology that's accepted the world-over and a network that is kinder to the environment. Customers do not need to change SIMs as their existing Airtel 4G SIM is also 5G enabled and will work on all 5G smartphones.
- Airtel announced the launch of unlimited 5G data for its customers with the view to encouraging them to experience

the power of the Airtel 5G Plus network. The offer is open to all postpaid customers and prepaid customers with a data plan of Rs 239 and above. All customers will need to activate it is a 5G compatible device and being in a 5G network area. Customers can simply log on to the Airtel Thanks App to claim this offer

C. Digital Innovations & Customer Delight

Airtel is consistently working on strengthening its innovative core to anticipate and lead change in the global digital landscape.

- Airtel has built an AI-based solution, in collaboration with NVIDIA, which will improve the overall customer experience for all in-bound calls to its contact center. Airtel has leveraged the NVIDIA NeMo conversational AI toolkit and NVIDIA Triton Inference Server, a multi-framework inference serving software, supported in the NVIDIA AI Enterprise software suite to develop a specialized speech application. NVIDIA's advanced software and Airtel's deep learning-based automatic speech recognition (ASR) models allow Airtel to accurately interpret language and make practical changes to its operations to serve agents and consumers better, delivering output at 30% of the typical computing cost. This technology also runs on a much lower carbon footprint making it better for the environment through lower Green House Gas (GHG) emissions.
- Airtel launches family plans for postpaid subscribers starting at a rental of Rs 599 a month with 2 postpaid SIM connections, 105GB data, Amazon Prime for 6 months, Disney Hotstar for 1 year and Xstream Mobile Pack. The postpaid plans go up to Rs 1499 a month, giving five connections and 320 GB data a month, while also including a Netflix plan to the other OTT offerings. The postpaid plans also change for Airtel Black users that can avail two postpaid SIM connections starting from ₹799 and Rs 998, with the former having DTH plan bundled in and the latter offering broadband bundled in. Family plans and Airtel Black enables users to pay consolidated bills for multiple mobile, broadband or DTH connections. The plans are available for prepaid customers willing to move to postpaid as well.
- Airtel partnered with India Post Payments Bank (IPPB) to launch WhatsApp Banking Services for IPPB customers, empowering customers PAN India to access banking services on their mobile phones in just a few clicks. Delivered on Airtel IQ - a cloud communications platform as a service that enables brands to engage with their customers across voice, SMS and WhatsApp channels, the messaging solution augments the Govt.'s Digital India mission by enabling IPPB customers to seamlessly connect with their bank on WhatsApp. IPPB customers can now effortlessly avail a host of banking services including –doorstep service request, locating nearest Post Office and much more. Airtel is the first telecom company in the world that serves as a Business Service Provider (BSP) for WhatsApp.
- Airtel announced its partnership with Secure Meters for deploying Narrow Band (NB-IoT) services that will power 1.3 million homes in Bihar through a smart meter solution. This deployment will be India's first NB-IoT solution on a narrow band with a fall-back option that will work on 2G and 4G and

ensure real time connectivity and uninterrupted transfer of critical data

D. Strategic Alliances & Partnerships

- Dialog Axiata Plc (“Dialog”), Axiata Group Berhad (“Axiata”) and Bharti Airtel Limited (“Airtel”) have entered into a binding term sheet to combine the operations of Bharti Airtel Lanka (Private) Limited (wholly owned subsidiary of Airtel) with Dialog. The proposed transaction envisages Airtel being granted a stake in Dialog, representing the fair value of Airtel Lanka. Airtel would accordingly be issued new shares in Dialog upon completion of the transaction.
- Airtel has partnered with Vultr, the world’s largest privately-held cloud computing company, to offer Vultr’s unrivaled Cloud Compute, Cloud GPU, and Cloud Infrastructure services to India’s digital ecosystem. Airtel will now offer Vultr’s extensive suite of cloud solutions to its enterprise customers, especially those in the digital space and help them gain unrivaled global reach and cost-performance advantage to build, test, and run demanding cloud workloads. The cloud solutions will be hosted in Airtel’s state-of-the-art data centers across Bangalore, Mumbai and Delhi-NCR, enabling businesses to scale their digital operations globally. Businesses of all sizes and across all industries can now leverage cutting-edge cloud technologies to accelerate digital innovation, optimize global cloud performance, and maximize return on global cloud spend. They can also enjoy simple and transparent pricing to avoid billing shocks.

E. Awards & Recognition

- Airtel has been conferred with the overall ESG Excellence Award at the Inaugural edition of the Dun & Bradstreet ESG Leadership Summit held in Mumbai. Airtel undertakes comprehensive initiatives on Environment, Social and Governance (ESG) and has set ambitious ESG targets for itself. The company has been actively reporting its performance on sustainability since the last five years and has adopted Integrated Reporting in accordance with the IIRC Framework. The win is a testament of Airtel’s commitment to the environment and society.

A. Key Company Developments

- Company’s board has recommended a final dividend of 3.27 cents per share for the financial year ended 31 March 2023, payable on 26 July 2023 to shareholders recorded in the register at the close of business on 23 June 2023.
- On 9th May 2023, Airtel Networks Limited (‘Airtel Nigeria’), has made a payment of NGN58.7bn (\$127.4m), payable to the Nigerian Communications Commission (NCC), to renew its 2x10MHz 2100 MHz spectrum license. Once renewed, the license will be valid for a period of 15 years following the expiry of the previous license (30 April 2022). This investment to renew the license reflects our continued confidence in the opportunity inherent across the Nigerian market, supporting the local communities and economies through furthering digital inclusion and connectivity.
- On 9 January 2023, we announced that Airtel Networks Limited (‘Airtel Nigeria’) had purchased 100 MHz of spectrum in the 3500 MHz band and 2x5 MHz of 2600 MHz from the

Nigerian Communications Commission (NCC) for a gross consideration of \$317m, paid in local currency. This additional spectrum will support our investments in network expansion for both mobile data and fixed wireless home broadband capability, including 5G rollout, providing significant capacity to accommodate our continued strong data growth in the country and exceptional customer experience

- Airtel Africa is committed to achieving net zero GHG emissions by 2050. Following publication of our Scope 1, 2 and 3 emissions in the Sustainability Report in October 2022, the Group has identified a detailed range of initiatives that will enable the reduction of Scope 1 and 2 emissions intensity by over 60% by 2032 and enable a net zero ambition by 2050. We are undertaking a detailed technical and feasibility study to accurately define the optimal deployment schedule for Scope 1 and 2 decarbonisation initiatives. In addition, we disclosed that Scope 3 emissions account for over 80% of our total GHG emissions. We will establish our Scope 3 decarbonisation strategy by working together with our partners and suppliers in the coming years to reduce emissions across our value chain. This follows a detailed consultation with our tier one partners who account for 78% of our Scope 3 emissions in Q4’23. We also undertook a detailed analysis of the of the results from an ESG self-assessment questionnaire (ESG SAQ) which was sent to our top 100 suppliers and vendors (by procurement spend) in September 2022 to gather information on their ESG standards, processes and policies. With the response rate of 79%, we are confident that we will establish a robust decarbonisation strategy for Scope 3 emissions.
- Following a directive issued by the Nigerian Communications Commission (NCC) on 7 December 2020 to all Nigerian telecom operators, all our customers were required to provide their valid National Identification Numbers (NINs) to update SIM registration records, with a final deadline of 31 March 2022. In April 2022, the voice services for 13.6 million customers were barred due to non-submission of NIN information. As of March 2023, 6.4 million customers (47%) have subsequently submitted their NINs and 3.5 million customers (26%) have been fully verified and unbarred. Revenue growth for the year ended 31 March 2023 was impacted by the effect of barring outgoing voice calls in Nigeria for those customers who had not submitted their NINs. We estimate that this resulted in the loss of approx. \$110m of revenues in the period, providing a drag on revenue growth of almost 2.4% at Group level (impact of 6% in Nigeria). We continue to work closely with the regulator and impacted customers to help them to comply with the registration requirements, making every effort to minimize disruption and ensure affected customers can continue to benefit from full service connectivity as soon as possible, in line with our aim to drive increased connectivity and digital inclusion across Nigeria.
- On 29 April 2022, we announced that the Central Bank of Nigeria (‘CBN’) had confirmed that SmartCash Payment Service Bank Limited (‘SmartCash’), had received final approval for a full Payment Service Bank (‘PSB’) license, affording the Group the opportunity to deliver a full suite of mobile money services in Nigeria. This news followed our announcement of 26 April 2022 that the CBN had also awarded our subsidiary, Airtel Mobile Commerce Nigeria Ltd, with a full super-agent license, allowing the business to create an agency network that can service the customers of licensed Nigerian banks, payment service banks and licensed mobile

money operators in Nigeria. During the period, we launched SmartCash, our Nigerian mobile money offering, initially in Lagos, before rolling out further across the country. One of our key commitments is to guarantee data privacy and security controls across the business to build trust and confidence in the brand. In that light, we have focused our investments on the IT infrastructure and business systems and processes to ensure we meet this commitment. This investment, combined with our continued focus on the expansion of the distribution network, will drive increased access to financial services for underserved communities in Nigeria.

5.5 Bharti's Three Line Graph

The Company tracks its performance on a three-line graph.

The parameters considered for the three-line graph are:

1. Total Revenues i.e. absolute turnover/sales
2. Opex Productivity – this is computed by dividing operating expenses by the total revenues for the respective period. Operating expenses is the sum of (i) employee costs (ii) network operations costs and (iii) selling, general and administrative costs. This ratio depicts the operational efficiencies in the Company
3. Capex Productivity – this is computed by dividing LTM revenue by gross cumulative capex (gross fixed assets and capital work in progress) till date i.e. the physical investments made in the assets creation of the Company. This ratio depicts the asset productivity of the Company.

SECTION 10

KEY ACCOUNTING POLICIES AS PER Ind-AS

- **Property, Plant and equipment**

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and impairment loss. All direct costs relating to the acquisition and installation of property and equipment are capitalized. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets.

Assets	Years
Buildings	20
Building on leased land	Lease term or 20 years whichever is less
Network equipment	3 - 25
Customer premises equipment	3 - 7
Computer equipment & Servers	3 - 5
Furniture & fixture and office equipment	1 – 5
Vehicles	3 – 5
Leasehold improvements	Lease term or 20 years lease term whichever is less

Freehold land is not depreciated. The useful lives, residual values and depreciation method of PPE are reviewed, and adjusted appropriately, at-least as at each reporting date so as to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

Costs of additions and substantial improvements to property and equipment are capitalized. The costs of maintenance and repairs of property and equipment are charged to operating expenses.

- **Goodwill**

Goodwill arising on the acquisition of an entity represents the excess of the cost of acquisition over the fair value of the identifiable net assets of the entity recognized at the date of acquisition. Goodwill is not subject to amortization but is tested for impairment annually and when circumstances indicate, the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than their carrying amount an impairment loss is recognized. Impairment losses relating to goodwill are not reversed in future periods. On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of the profit or loss recognized in the statement of profit and loss on disposal.

- **Other Intangible assets**

Intangible assets are recognized when the Group controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be measured reliably.

The intangible assets that are acquired in a business combination are recognized at its fair value there at. Other intangible assets are recognized at cost. Those assets having finite useful life are carried at cost less accumulated amortization and impairment losses, if any. Amortization is computed using the straight-line method over the expected useful life of intangible assets.

The Group has established the estimated useful lives of different categories of intangible assets as follows:

- a. **Licenses (including spectrum)**

Acquired licenses and spectrum are amortized commencing from the date when the related network is available for intended use in the relevant jurisdiction. The useful lives range upto twenty five years.

The revenue-share based fee on licenses / spectrum is charged to the statement of profit and loss in the period such cost is incurred.

- b. **Software:** Software are amortized over the period of license, generally not exceeding five years.

- c. **Other acquired intangible assets:** Other acquired intangible assets include the following:

Rights acquired for unlimited license access: Over the period of the agreement which ranges up to five years.

Customer base: Over the estimated life of such relationships.

Non-compete fee: Over the period of the agreement which ranges up to five years.

The useful lives and amortization method are reviewed, and adjusted appropriately, at least at each financial year end so as to ensure that the method and period of amortization are consistent with the expected pattern of economic benefits from these assets. The effect of any change in the estimated useful lives and / or amortization method is accounted prospectively, and accordingly the amortization is calculated over the remaining revised useful life.

Further, the cost of intangible assets under development includes the borrowing costs that are directly attributable to the acquisition or construction of qualifying assets and are presented separately in the Balance Sheet.

- **Investment in Joint Ventures and Associates**

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

Investment in joint ventures and associates are accounted for using equity method from the date on which Group obtains joint control over the joint venture / starts exercising significant influence over the associate.

Accounting policies of the respective joint venture and associate are aligned wherever necessary, so as to ensure consistency with the accounting policies that are adopted by the Group under Ind AS. The Group's investments in its joint ventures and associates are accounted for using the equity method. Accordingly, the investments are carried at cost less any impairment loss as adjusted for post-acquisition changes in the Group's share of the net assets of investees. Losses of a joint venture or an associate in excess of the Group's interest in that joint venture or associate are not recognized. However, additional losses are provided for, and a liability is recognized, only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture or associate.

The said investments are tested for impairment whenever circumstances indicate that their carrying values may exceed the recoverable amount (viz. higher of the fair value less costs to sell and the value-in-use). If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of investment and its carrying value.

- **Leases**

The Group, at the inception of a contract, assesses the contract as, or containing, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether the contract involves the use of an identified asset, the Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and the Group has the right to direct the use of the asset.

Group as a lessee

The Group recognizes a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee in the Balance Sheet. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using incremental borrowing rate (as the rate implicit in the lease cannot be readily determined). Lease liabilities include the net present value of fixed payments (including any in-substance fixed payments), any variable lease payments that are based on consumer price index ('CPI'), the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

Subsequently, the lease liability is measured at amortized cost using the effective interest method. It is re-measured when there is a change in future lease payments including due to changes in CPI or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or when the lease contract is modified and the lease modification is not accounted for as a separate lease. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the related right-of-use asset has been reduced to zero.

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability, any lease payments made at or before the commencement date, any initial direct costs less any lease incentives received.

Subsequent to initial recognition, right-of-use asset are stated at cost less accumulated depreciation and any impairment losses and adjusted for certain re-measurements of the lease liability. Depreciation is computed using the straight-line method from the commencement date to the end of the useful life of the underlying asset or the end of the lease term, whichever is shorter. The estimated useful lives of right-of-use assets are determined on the same basis as those of the underlying property and equipment.

In the Balance Sheet, the right-of-use assets and lease liabilities are presented separately.

When a contract includes lease and non-lease components, the Group allocates the consideration in the contract on the basis of the relative stand-alone prices of each lease component and the aggregate stand-alone price of the non-lease components.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Group as a lessor

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Amounts due from lessees under a finance lease are recognized as receivables at an amount equal to the net investment in the leased assets. Finance lease income is allocated to the periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the finance lease.

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight line basis over the lease term.

When a contract includes lease and non-lease components, the Group applies Ind AS 115 'Revenue from Contracts with Customers' to allocate the consideration under the contract to each component.

The Group enters into 'Indefeasible right to use' ('IRU') arrangements wherein the right to use the assets is given over the substantial part of the asset life. However, as the title to the assets and the significant risks associated with the operation and maintenance of these assets remains with the Group, such arrangements are recognized as operating lease. The contracted price is recognized as revenue during the tenure of the agreement. Unearned IRU revenue received in advance is presented as deferred revenue within liabilities in the Balance Sheet.

Sale and lease back

In sale and leaseback transactions, the Group first considers whether the initial transfer of the underlying asset to the buyer-lessee is a sale by applying the requirements of IFRS 15. If the transfer qualifies as a sale and the transaction is on market terms, the Group derecognizes the asset, recognizes a right-of-use asset (and lease liabilities) and recognises a portion of the total gain or loss on the sale in the Statement of Comprehensive Income. The right-of-use asset is recognized at the proportion of the previous carrying amount of the asset that relates to the right of use retained by the seller-lessee. The amount recognised is calculated by splitting the total gain or loss into:

- an amount recognised in the consolidated statement of comprehensive income relating to the buyer-lessee's rights in the underlying asset, and
- an unrecognised amount relating to the rights retained by the seller-lessee which is deferred by way of reducing the right-of-use assets initially recognised

- **Derivative financial instruments**

Derivative financial instruments, including separated embedded derivatives, that are not designated as hedging instruments in a hedging relationship are classified as financial instruments at fair value through profit or loss - Held for trading. Such derivative financial instruments are initially recognized at fair value. They are subsequently re-measured at their fair value, with changes in fair value being recognized in the statement of profit and loss within other income /expense.

- **Hedging activities**

i. Fair value hedge

Some of the Group entities use certain type of derivative financial instruments (viz. interest rate / currency swaps) to manage / mitigate their exposure to the risk of change in fair value of the borrowings. The Group designates certain interest rate swaps to hedge the risk of changes in fair value of recognized borrowings attributable to the hedged interest rate risk. The effective portion and ineffective of changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in the statement of profit and loss within other income / other expense, together with any changes in the fair value of the hedged liability that are attributable to the hedged risk. If the hedge no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of the hedged item is amortized to the statement of profit or loss over the period to remaining maturity of the hedged item.

ii. Cash flow hedge

Some of the Group's entities use derivative financial instruments (e.g. foreign currency forwards, options, swaps) to manage their exposure to foreign exchange and price risk. Further, the Group designates certain derivative financial instruments (or its components) as hedging instruments for hedging the exchange rate fluctuation risk attributable either to a recognized item or a highly probable forecast transaction. The effective portion of changes in the fair value of derivative financial instruments (or its components), that are designated and qualify as Cash flow hedges, are recognized in the other comprehensive income and held as Cash flow hedge reserve – within other components of equity. Any gains / (losses) relating to the ineffective portion, are recognized immediately in the statement of profit and loss. The amounts

accumulated in Equity are re-classified to the statement of profit and loss in the periods when the hedged item affects profit / (loss).

When a hedging instrument expires or is sold, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gains / (losses) existing in equity at that time remains in equity and is recognized when the forecast transaction is ultimately recognized in the statement of profit and loss. However, at any point of time, when a forecast transaction is no longer expected to occur, the cumulative gains / (losses) that were reported in equity is immediately transferred to the statement of profit and loss.

iii. Net investment hedge

The Group hedges its certain net investment in certain foreign subsidiaries. which are accounted for similar to cash flow hedges. Accordingly, any foreign exchange differences on the hedging instrument (viz. borrowings) relating to the effective portion of the hedge is recognized in other comprehensive income as foreign currency translation reserve within other components of equity, so as to offset the change in the value of the net investment being hedged. The ineffective portion of the gain or loss on these hedges is immediately recognized in the statement of profit and loss. The amounts accumulated in equity are included in the statement of profit and loss when the foreign operation is disposed or partially disposed.

- **Revenue recognition**

Revenue is recognized upon transfer of control of promised products or services to customer at the consideration which the Group has received or expects to receive in exchange of those products or services, net of any taxes / duties, discounts and process waivers. In order to determine if it is acting as a principal or as an agent, the Group assesses whether it is primarily responsible for fulfilling the performance obligation and whether it controls the promised service before transfer to customers. Revenue is recognised when, or as, each distinct performance obligation is satisfied. The main categories of revenue and the basis of recognition are as follows:

(i) Service revenues

Service revenues mainly pertain to usage, subscription and activation onboarding for voice, data, messaging and value added services and Direct to Home (DTH). It also includes revenue from interconnection / roaming charges for usage of the Group's network by other operators for voice, data, messaging and signaling services. Service revenues also includes rental revenue for use of sites and energy revenue for the provision of energy for operation of sites.

Usage charges are recognized based on actual usage. Subscription charges are recognized over the estimated customer relationship period or subscription pack validity period, whichever is lower. Customer onboarding revenue and associated cost is recognized upon successful onboarding of customer i.e. upfront. Revenues in excess of invoicing are classified as unbilled revenue while invoicing / collection in excess of revenue are classified as deferred revenue / advance from customer.

The billing / collection in excess of revenue recognized is presented as deferred revenue in the Balance Sheet whereas unbilled revenue is recognized under other current financial assets. Certain business services revenue include revenue from registration and installation, which are amortized over the period of agreement since the date of activation of service.

Revenues from long distance operations comprise of voice services and bandwidth services (including installation), which are

recognized on provision of services and over the period of respective arrangements.

As part of the mobile money services, the Group earns commission from merchants for facilitating recharges, bill payments and other merchant payments. It also earns commission on transfer of monies from one customer wallet to another. Such commissions are recognized as revenue at a point in time on fulfilment of those services by the Group.

(ii) Multiple element arrangements

The Group has entered into certain multiple-element revenue arrangements which involve the delivery or performance of multiple products, services or rights to use assets. At the inception of the arrangement, all the deliverables therein are evaluated to determine whether they represent distinct performance obligations and if so, they are accounted for separately.

Total consideration related to the multiple element arrangements is allocated to each performance obligation based on their standalone selling prices.

(iii) Equipment sales

Equipment sales mainly pertain to sale of telecommunication equipment and related accessories, for which revenue is recognized when the control of such equipment is transferred to the customer. However, in case of equipment sale forming part of multiple-element revenue arrangements which is not distinct performance obligation, revenue is recognized over the customer relationship period.

(iv) Interest Income

The interest income is recognized using the effective interest rate method.

(v) Dividend Income

Dividend income is recognized when the Group's right to receive the payment is established.

- **Cost to obtain or fulfill a contract with a customer**

The Group incurs certain cost or fulfill contract with the customer viz. intermediary commission, etc. where based on Group's estimate of historic average customer life derived from customer churn rate is longer than 12 months, such costs are deferred and are recognized over the average expected customer life.

- **Exceptional items**

Exceptional items refer to items of income or expense within the statement of profit and loss from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Group.

- **Foreign currency transactions**

(i) Functional and presentation currency

The financial statements are presented in Indian Rupees, which is the functional, and presentation currency of the Company.

The items included in financial statements of each of the Group's entities are measured using the currency of primary economic environment in which the entity operates (i.e. 'functional currency').

(ii) Transactions and balances

Transactions in foreign currencies are initially recorded in the relevant functional currency at the exchange rate prevailing at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the closing exchange rate prevailing as at the reporting date with the resulting foreign exchange differences, on subsequent re-statement / settlement, recognized in the statement of profit and loss. Non-monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the exchange rate prevalent, at the date of initial recognition (in case they are measured at historical cost) or at the date when the fair value is determined (in case they are measured at fair value) – the resulting foreign exchange difference, on subsequent re-statement / settlement, recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity

(iii) Foreign operations

The assets and liabilities of foreign operations (including the goodwill and fair value adjustments arising on the acquisition of foreign entities) are translated into Rupees at the exchange rates prevailing at the reporting date whereas their statements of profit and loss are translated into Rupees at monthly average exchange rates and the equity is recorded at the historical rate. The resulting exchange differences arising on the translation are recognized in other comprehensive income and held in foreign currency translation reserve. On disposal of a foreign operation (that is, disposal involving loss of control), the component of other comprehensive income relating to that particular foreign operation is reclassified to profit or loss.

- **Taxes**

Current tax is calculated on the basis of the tax rates, laws and regulations, which have been enacted or substantively enacted as at the reporting date in the respective countries where the Group entities operate and generate taxable income.

Deferred tax is recognized on temporary differences arising between the tax bases of assets and liabilities and their carrying values in the financial statements. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. However, deferred tax are not recognized if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Further, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill.

Deferred tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. Moreover, deferred tax is recognized on temporary differences arising on investments in subsidiaries, joint ventures and associates - unless the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The unrecognized deferred tax assets / carrying amount of deferred tax assets are reviewed at each reporting date for recoverability and adjusted appropriately.

- **Transactions with non-controlling interests**

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions – that is, as transactions with the owners in their capacity as owners. The differences between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity

- **Discontinued Operations**

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operation are presented separately in the statement of profit and loss for all the periods presented.

SECTION 11**GLOSSARY****Technical and Industry Terms****Company Related**

Asset Turnover	Asset Turnover is defined as total revenues, for the preceding (last) 12 months from the end of the relevant period, divided by average assets. Asset is defined as the sum of non-current assets and net current assets. Net current assets are computed by subtracting current liabilities from current assets. Average assets is calculated by considering average of Opening and closing assets for the relevant period.
Average Customers	Average customers are derived by computing the average of the monthly average customers for the relevant period.
Average Co-locations	Average co-locations are derived by computing the average of the Opening and Closing co-locations for the relevant period.
Average Sharing Factor	It is calculated as the average of the opening and closing number of co-locations divided by the average of the opening and closing number of towers for the relevant period.
Average Towers	Average towers are derived by computing the average of the Opening and Closing towers for the relevant period.
Book Value Per Equity Share	Total stockholder's equity as at the end of the relevant period divided by outstanding equity shares as at the end of the relevant period.
Capex	It includes investment in gross fixed assets and capital work in progress for the period.
Capital Employed	Capital Employed is defined as sum of equity attributable to parent & non-controlling interest and net debt.
Cumulative Investments	Cumulative Investments comprises of gross value of property, plant & equipment (including CWIP & capital advances) and intangibles including investment in associates.
Cash Profit From Operations before Derivative & Exchange Fluctuation	It is not an Ind-AS measure and is defined as profit from operating activities before depreciation, amortization and exceptional items adjusted for interest expense before adjusting for derivative & exchange (gain)/ loss.
Churn	Churn is calculated by dividing the total number of disconnections during the relevant period by the average customers; and dividing the result by the number of months in the relevant period.
Co-locations	Co-location is the total number of sharing operators at a tower, and where there is a single operator at a tower, 'co-location' refers to that single operator. Co-locations as referred to are revenue generating Co-locations.
Customer Base	Customers generating revenue through recharge, billing or any outgoing activity.
Customers Per Employee	Number of customers on networks of a business unit as at end of the relevant period divided by number of employees in the respective business unit as at end of the relevant period.
Data Customer Base	A customer who used at least 1 MB on GPRS / 3G / 4G network in the last 30 days.
Data Usage per Customer	It is calculated by dividing the total MBs consumed on the network during the relevant period by the average data customer base; and dividing the result by the number of months in the relevant period.
DTH / Digital TV Services	Direct to Home broadcast service
Earnings Per Basic Share	It is computed by dividing net income attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the period.
Earnings Per Diluted Share	The calculation of Net Profit/ (loss) per diluted share adjusts net profit or loss and the weighted average number of ordinary shares outstanding, to give effect to all dilutive potential ordinary shares that were outstanding during the year.

Net profit or loss attributable to ordinary shareholders is adjusted for the after-tax effect of the following: (1) dividends on potential ordinary shares (for example, dilutive convertible preferred shares); (2) interest recognized on potential ordinary shares (for example, dilutive convertible debt); and (3) any other changes in income or expense resulting from the conversion of dilutive potential ordinary shares (e.g., an entity's contribution to its non-discretionary employee profit-sharing plan may be revised based on changes in net profit due to the effects of items discussed above).

EBITDA	Earnings/ (loss) before interest, taxation, depreciation and amortization. It is not an Ind-AS measure and is defined as profit from operating activities before depreciation, amortization and exceptional items adjusted for CSR costs, finance income (part of other income) and license fees on finance income.
EBITDA Margin	It is computed by dividing EBITDA for the relevant period by total revenues for the relevant period.
EBIT	EBITDA adjusted for depreciation and amortization.
Enterprise Valuation (EV)	Calculated as sum of Market Capitalization, Net Debt and finance lease obligations as at the end of the relevant period.
EV / EBITDA (times)	For full year ended March 31 2021, 2022 and 2023, It is computed by dividing Enterprise Valuation as at the end of the relevant period (EV) by EBITDA for the relevant period (LTM). For quarterly computation, Computed by dividing Enterprise Valuation as at the end of the relevant period (EV) by annualized EBITDA for the relevant period.
Finance Lease Obligation (FLO)	Finance Lease Obligation represents present value of future obligation for assets taken on finance lease.
Gross Revenue per Employee per month	It is computed by dividing the Gross Revenue (net of inter-segment eliminations) by the closing number of employees in a given business unit and number of months in the relevant period.
Interest Coverage Ratio	EBITDA for the relevant period divided by interest on borrowing for the relevant period.
India	Pursuant to reporting changes on account of deconsolidation of Bharti Infratel Limited, the definition of India geography has changed. India represents operational performance excluding Tower Infrastructure Services (erstwhile Bharti Infratel Limited, now Indus Tower Limited) for all periods presented.
Market Capitalization	Number of issued and outstanding shares as at end of the period multiplied by closing market price (BSE) as at end of the period.
Mobile Broadband Base stations	It includes all the 3G and 4G Base stations deployed across all technologies i.e. 900/1800/2100/2300 Mhz bands.
4G Data Customer	A customer who used at least 1 MB on 4G network in the last 30 days.
Minutes on the network	Duration in minutes for which a customer uses the network. It is typically expressed over a period of one month. It includes incoming, outgoing and in-roaming minutes.
Network Towers	Comprises of Base Transmission System (BTS) which holds the radio trans receivers (TRXs) that define a cell and coordinates the radio links protocols with the mobile device. It includes all the Ground based, Roof top and In Building Solutions as at the end of the period.
Net Debt	It is not an Ind-AS measure and is defined as the long-term debt, net of current portion plus short-term borrowings, current portion of long-term debt and lease liabilities minus cash and cash equivalents. The debt origination cost and Bond fair value hedge are not included in the borrowings
Net Debt to EBITDA (Annualized)	For the full year ended March 31 2021, 2022 and 2023, it is Computed by dividing net debt at the end of the relevant period by EBITDA for the relevant period (LTM).For Quarterly computation, It is computed by dividing net debt as at the end of the relevant period by EBITDA for the relevant period (annualized).
Net Debt to Funded Equity Ratio	It is computed by dividing net debt as at the end of the relevant period by Equity attributable to equity holders of parent as at the end of the relevant period.

Net Revenues	It is not an Ind-AS measure and is defined as total revenues adjusted for access charges, cost of goods sold and license fees for the relevant period.
Operating Free Cash flow	It is computed by subtracting capex from EBITDA.
Personnel Cost per Employee per month	It is computed by dividing the Personnel Cost by the closing number of employees in a given business unit and number of months in the relevant period.
Price-Earnings Ratio – P/E Ratio	It is computed by dividing the closing market price (BSE) as at end of the relevant period by the earnings per basic share for the relevant period (LTM).
Profit / (Loss) after current tax expense	It is not an Ind-AS measure and is defined as Profit / (Loss) before taxation adjusted for current tax expense.
Return On Capital Employed (ROCE)	For the full year ended March 31 2021, 2022 and 2023, ROCE is computed by dividing the EBIT for the period by the average (of opening & Closing) Capital employed. For the quarterly computation, it is computed by dividing the EBIT (annualized for the relevant period) by average capital employed. Average capital employed is calculated by considering average of opening and closing capital employed for the relevant period).
Return On Equity (Post Tax)	For the full year ended March 31 2021, 2022 and 2023, it is computed by dividing net profit for the period by the average (of opening and closing) Equity attributable to equity holders of parent. For the quarterly computations, it is computed by dividing net profit for the preceding (last) 12 months from the end of the relevant period by the average equity attributable to equity holders of parent (Average parent equity is calculated by considering average of opening and closing parent equity for the relevant period).
Return On Equity (Pre Tax)	For the full year ended March 31 2021, 2022 and 2023, it is computed by dividing profit before tax & MI (after exceptional items) for the period by the average (of opening and closing) total Equity. For the quarterly computations, it is computed by dividing profit before tax & MI (after exceptional items) for the preceding (last) 12 months from the end of the relevant period by the average total equity (Average total equity is calculated by considering average of opening and closing total equity for the relevant period).
Revenue per Site per month	Revenue per Site per month is computed by: dividing the total mobile revenues, excluding sale of goods (if any) during the relevant period by the average sites; and dividing the result by the number of months in the relevant period.
Submarine Cable Count	Submarine cable system refers to number of owned cables (including consortium)
Total Employees	Total on-roll employees as at the end of respective period.
Total Equity	Includes equity attributable to shareholders (both parent and non-controlling interest).
Total MBs on Network	Includes total MBs consumed on the network (uploaded & downloaded) on our network during the relevant period.
Towers	Infrastructure located at a site which is permitted by applicable law to be shared, including, but not limited to, the tower, shelter, diesel generator sets and other alternate energy sources, battery banks, air conditioners and electrical works. Towers as referred to are revenue generating Towers.
Total Operating Expenses	It is defined as sum of employee costs, network operations costs and selling, general and administrative cost for the relevant period.
Voice Minutes of Usage per Customer per month	It is calculated by dividing the voice minutes of usage on our network during the relevant period by the average customers; and dividing the result by the number of months in the relevant period.
