Report on Review of Interim Financial Information

To
The Board of Directors
Dr. Reddy's Laboratories Limited

Introduction

We have reviewed the accompanying condensed consolidated interim balance sheet of Dr. Reddy's Laboratories Limited as of June 30, 2018 and the related condensed consolidated interim income statements, the statements of comprehensive income, changes in equity and cash flows for the three-month period then ended ("interim financial information").

Management is responsible for the preparation and presentation of this interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity."

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34, Interim Financial Reporting.

Other matters

The condensed consolidated interim financial statements of the Company as of June 30, 2017, and for the three-month period then ended, were reviewed by other auditors whose report dated July 27, 2017 stated that based on their review they were not aware of any material modifications that should be made to those statements for them to be in conformity with IAS 34, Interim Financial Reporting. The consolidated balance sheet of the Company as of March 31, 2018, the related consolidated statements of income, statements of comprehensive income, shareholders' equity and cash flows for the year then ended, and the related notes and schedules (not presented herein) were audited by other auditors whose report dated May 22, 2018 expressed an unqualified opinion on those statements prepared in accordance with International Financial Reporting Standards.

Notes:

- The unaudited results have been reviewed by the Audit Committee of the Board and approved by the Board of Directors of the Company at their meeting held on 26 July 2018. The above financial results have been prepared from the consolidated financial statements, which are prepared in accordance with International Financial Reporting Standards and its interpretations (IFRS), as issued by the International Accounting Standards Board (IASB).
- Post implementation of Goods and Services Tax ("GST") in India with effect from 1 July 2017, revenues are disclosed net of GST. Revenues for the period prior to 1 July 2017 included excise duty which is now subsumed in the GST. Accordingly, revenues for the quarter ended 30 June 2018 is not comparable with those of the previous periods presented.
- The Company received a warning letter, dated 5 November 2015 from the U.S. FDA, regarding deviations with current Good Manufacturing Practices at its API manufacturing facilities in Srikakulam, Andhra Pradesh and Miryalaguda, Telangana, as well as regarding violations at its oncology formulation manufacturing facility at Duvvada, Visakhapatnam, Andhra Pradesh. The Company submitted its response to the warning letter on 7 December 2015. The Company has provided an update to the U.S. FDA on the progress of remediation in January 2016, March 2016, May 2016 and August 2016. The U.S. FDA completed the reinspection of the aforementioned facilities in March and April 2017. The Company has responded to the observations identified by the U.S. FDA. The Company received Establishment Inspection report ("EIR") from the U.S. FDA for API manufacturing facility at Miryalaguda in June 2017 which indicates that the audit is closed. With regard to the Oncology manufacturing facility at Duvvada and API manufacturing facility at Srikakulam, the Company received EIRs from the U.S. FDA in November 2017 and February 2018, respectively, which indicates that the status remains unchanged. In June 2018, the Company has requested U.S. FDA to schedule an inspection of the oncology formulation manufacturing facility at Duvvada.
- IFRS 15, *Revenue from Contracts with Customers*, mandatory for reporting periods beginning on or after 1 April 2018, replaces existing revenue recognition requirements. Under the modified retrospective approach, there were no significant adjustments required to the retained earnings as at 1 April 2018. Also, the application of IFRS 15 did not have any significant impact on recognition and measurement of revenue and related items in the financial results of the Company.
- Effective 1 April 2018, the Company adopted IFRS 9, *Financial instruments*, using modified retrospective approach. IFRS 9 significantly differs from IAS 39, *Financial Instruments: Recognition and Measurement*, and includes a logical model for classification and measurement, a single, forward looking "expected loss" impairment model and a substantially-reformed approach to hedge accounting. As a result of the aforesaid changes, the overall impact of adoption of the new accounting standard on the retained earnings as on 1 April 2018 is Rs. 12 million.
- In the United States of America, *The Tax Cuts and Jobs Act of 2017* was approved and enacted into law on 22 December 2017. The law includes significant changes to the U.S. corporate income tax system, including a reduction in Federal corporate tax rate from 35% to 21%. Consequent to this enactment, the Company had re-measured its U.S. deferred tax assets and liabilities based on the new tax law and this resulted in a charge of Rs.374 million and Rs.1,304 million for the quarter and year ended 31 March 2018 respectively.
- The results for the quarter and year ended 31 March 2018, and the quarter ended 30 June 2017 were audited / reviewed respectively, by other auditors. An unqualified report was issued by them thereon.
- The results for the quarter ended 30 June 2018 were subjected to a "Limited Review". An unqualified report was issued thereon.

Segmental Analysis

Global Generics (GG)

Revenues from **GG** segment at ₹30.6 billion. Year-on-year growth of 12%, primarily driven by contributions from Emerging Markets, India and launch of gSuboxone in the US. Sequential growth is 10%.

- Revenues from **North America** at ₹15.9 billion. Year-on-year growth is 6%. Sequential growth of 10%, driven by contribution from new products, primarily gSuboxone, and partly offset by competitive pressures on some of the key molecules.

As of 30th June 2018, cumulatively 112 generic filings are pending for approval with the USFDA (109 ANDAs and 3 NDAs under 505(b)(2) route). Of these 109 ANDAs, 61 are Para IVs out of which we believe 30 have 'First to File' status.

- Revenues from **Emerging Markets** at ₹6.6 billion. Year-on-year growth is 16%. Sequential growth is 21%.
 - Revenues from **Russia** at ₹3.8 billion. Year-on-year growth of 9%. Constant currency growth is 14%. Growth primarily driven by new launches and volume traction in some of the key molecules.
 - Revenues from **other CIS countries and Romania** market at ₹1.2 billion. Year-on-year growth of 37%, primarily driven by new launches across markets.
 - Revenues from **Rest of World (RoW)** territories at ₹1.7 billion. Year-on-year growth of 17%, primarily driven by new markets and volume traction in base business.
- Revenues from **India** at ₹6.1 billion. Year-on-year growth of 30%. Q1FY18 was impacted due to GST transition.
- Revenues from **Europe** at ₹2.0 billion. Year-on-year decline of 3%, primarily on account of higher price erosion in some of the key molecules.

Pharmaceutical Services and Active Ingredients (PSAI)

- Revenues from **PSAI** at ₹5.4 billion. Year-on-year growth of 16%. Sequential decline is 13%
- During the quarter, we filed two DMFs with the USFDA.

Proprietary Products (PP)

- Revenues from **PP** at ₹726 million. Year-on-year growth of 42%, majorly driven by volume traction coupled with better realizations in some of the key molecules. Sequential decline is 14%. Q4FY18 had a one-time out licensing income of ₹160 million, received from Encore Dermatology Inc.

Income Statement Highlights:

- Gross profit margin at 55.7%.
 - Improved by ~230 bps sequentially and ~410 bps over that of previous year
 - Improvement primarily aided by contribution from new launches including gSuboxone, leverage benefit, better product mix coupled with favorable foreign exchange. This was partially offset by higher price erosions due to channel consolidation and increased competitive intensity in some of our key molecules in the US.
 - Gross profit margin for GG and PSAI business segments are at 61.2% and 21.9% respectively.
- SG&A expenses at ₹12.1 billion, marginal increase of 3% on a year-on-year basis and remained flat sequentially.
- R&D expenses at ₹4.2 billion. As % to Revenues- Q1 FY19: 11.2% | Q4 FY 18: 12.3% | Q1 FY18: 15.3%. Decrease is primarily on account of quarterly variation in the milestone related payments and other spend activities. Focus continues on building complex generics, biosimilars and differentiated products pipeline.
- Net Finance income at ₹156 million compared to ₹221 million in Q1FY18.
- Profit after Tax at ₹4.6 billion. The effective tax rate is 8.9% for the quarter. This is lower primarily on account of profit mix and favourable resolutions of certain tax related litigations pertaining to earlier years. The effective tax rate in Q1FY18 was 23.5%
- Diluted earnings per share is at ₹27.45
- Capital expenditure is at ₹2.3 billion.

Dr. Reddy's Laboratories Limited**

We have reviewed the accompanying statement of unaudited consolidated Ind AS financial results of Dr. Reddy's Laboratories Limited Group comprising Dr. Reddy's Laboratories Limited (the 'Company') comprising its subsidiaries (together referred to as 'the Group'), and its joint ventures, for the quarter ended June 30, 2018 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the Regulation'), read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016 ('the Circular').

The preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the Circular is the responsibility of the Company's management and has been approved by the Board of Directors of the Company. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Notes:

- These results have been prepared in accordance with the Ind AS notified under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules 2015 as amended.
- Post implementation of Goods and Services Tax ("GST") with effect from 1 July 2017, revenue from operations is disclosed net of GST. The Company submitted its response to the warning letter on 7 December 2015. The Company has provided an update to the U.S. FDA on the progress of remediation in January 2016, March 2016, May 2016 and August 2016.
