The company has considered the possible effects that may result from COVID-19 in the preparation of these financial results including the recoverability of carrying amounts of financial and non financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of COVID-19, the company has, at the date of approval of these financial results, used internal and external sources of information which are relevant and expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the company's financial results may differ from that estimated as at the date of approval of these financial results. However the impact assessment of COVID-19 is a continuing process, given the uncertainties associated with its nature and duration. The company will continue to monitor any material changes to future economic conditions and the consequent impact on its business, if any and make any necessary adjustments in the relevant financial period.
