Note:

- The above results have been reviewed by the Audit Committee of the Board of Directors in the meeting held on 22nd January'2021 and approved by the Board of Directors in the meeting held on the same day.
- Government of India through Taxation Laws (Amendment) Ordinance, 2019, has inserted Section 115BAA of the Income Tax Act, 1961, with effect from FY 2019-20 where by company has an irrevocable option of shifting to a lower tax rate along with consequent reduction in certain tax incentives including lapse of the accumulated MAT credit. The company continues to recognize the taxes on income as per the earlier provisions.
- (a). The company is also engaged in Tourism business of seasonal in nature. The off season period is generally from April to September.
- (b). The outbreak of COVID-19 globally and resultant lockdown in many countries, including India, has impacted the business of the company. Operations of the company completely disrupted from 22nd March 2020, however effect due to cancellation of bookings by tourists has started from start of March 2020 itself which is generally the closing month of the peak tourist season. Similarly, due to starting of spread of disease and lockdown, the demand for jewellery also declined in the month of March 2020. During the nine months ended from April-December 2020, the company continued to incur fixed costs including employee cost without operating revenue in both the Tourism and Jewellery segment (except small amount), hence the profitability has also affected to that extent, although since the company is a debt free it will not impact its sustainability in the near future. The Company has used the principles of prudence in applying judgments, estimates and assumptions to assess the potential impact of COVID-19 based on prevailing circumstances and expects no significant impact on the continuity of its operations on long term basis. However, due to the uncertainties associated with the pandemic more particularly due to spread of disease in foreign countries, the actual impact may not be in line with current estimates and the Company will continue to closely monitor any changes to the estimates on the basis of future economic conditions.
- In the Quarter and year ended 31.03.2020 "Exceptional item" represents amount written off due to non-recoverability of dues from the customer (Trade Receivable).
- The figure of the corresponding period end have been regrouped / recasted wherever considered necessary, to conform current period's classification.
